**HELPING TO CORRECT THE LIES WHICH PERPETUATE HOMELESSNESS**

## Rigged Election Probable, Political Gangsters, Criminal Behavior by San Diego City

Politics: From Election Scam Clearinghouse, on Facebook: Twice convicted of Election Fraud, including San Diego 2016, Michael Vu will oversee the June 5 Election in San Diego. We expect it to be rigged, and wonder what can be done to make it perhaps the first honest election in San Diego history. See stories and Editorials.

### Guest Information on the Election

From Ray Lutz on Facebook (Election Scam Clearinghouse): "Just so I don't get hit on by attorneys from the County, let me clarify this. In Cuyahoga County OH (Cleveland area) two of Vu's subordinates were convicted of pre-counting the ballots before a recount process. The ballots, when they did the recount, were all in order. The first roughly half of the ballots were for John Kerry, the rest for GW Bush. No intermixing, completely separated into two groups. Now, a mathematician might tell you that it is mathematically possible that all the ballots could magically just wind up completely separated into two groups on their own, but in reality, it just never will happen. Forget it. So they had to admit that they pre-stacked the ballots. Guilty. But then later, the ruling was somehow reversed by the appeal courts. Really? So Vu now says that it really was not a conviction. I tend to think something is up with the courts if they can turn that over. And Vu, their superior, was left unscathed by the courts. That is just wrong. Then it is right that he was asked to leave (later) and he got a job here within two months, a bigger county and higher salary, with no one else considered. He is appointed here by the Chief Administrative Officer (CAO) of the county, Helen Robbins-Mayer.

Then, here in San Diego, it is more accurate to say that Vu was convicted of election AUDIT fraud, because he left out 37% of the ballots from the audit process. That is still under appeal, because they just don't want to have to do the work, and then last year, they secretly modified a bill about signatures on VBM (Vote By Mail) ballots (AB-840) to include changes in the election law, (section 15360) to allow sleazy short-cutting of the audit. It would be like the tax man saying he will come and audit your books but will not look at anything after August 18th. If you are a fraudster, then you will just put all your tax fraud after August 18th and you are home free. • But perhaps worse, Vu later admitted under oath, that he hired 40 people to work for a week to rifle through 723 batches of ballots to hand-construct the ballots that would be manually tallied in the early VBM ballots (those processed prior to election night). And then, the numbers did not match the computer report. I sometimes wonder if he re-hired those

subordinates from Ohio and they are now working in San Diego. BTW, the Early VBM ballots are the only set where Clinton won by a landslide. If she did not win by as much of a landslide, then Bernie Sanders would have taken San Diego, the second largest county in CA, and that may have altered his calculus for the convention (which occurred extremely early in that election season so no one could challenge the will of the DNC)."

NOTE: This is an independent opinion, and not necessarily the views of this publication. Another outside view is here, also on Facebook:

[Heather Morton](#) "I'm still sickened by my San Diego primary voting experience, where the polling place was giving EVERYONE Provisional Ballots and refusing to look registered voters up on rolls. "It's all the same" - said "Tom" the poll worker AND his supervisor who I had him call out. I eventually voted properly, but it took hours of leaving and calling fraud hotlines, the press, making a sign, intercepting voters outside, eventually I forced them to look me up. (I wasn't even on his roll book, eventually found me on a roll in a pile of junk on a separate table). All the while "Tom" handed out pink ballot after pink ballot to every person, without asking to look them up. Corrupted."

EDITOR'S NOTE: Provisional Ballots are usually NOT counted. Often they are a different color, such as pink.

From Election Scam Clearinghouse on Facebook, DuPage County (Southwest Chicago area) could not scan ballots because the paper used was allegedly too thick. This resulted in many fewer votes for Progressives, not matching the exit polls. There are hundreds more election problems out there, and Florida was just convicted of destroying thousands of votes for Hillary Clinton in the 2016 Presidential Election, which means that (taking Florida and several other states proven fraudulent) she won both the vote totals and the Electoral College, and should be in the White House right now. Except, of course, that just as many votes for Bernie Sanders were destroyed in the Primary Election, so he should have been the Nominee. (see Election Scam Clearinghouse)

### Editorial on Political Gangsterism

A critical election looms, and our notorious San Diego electoral process assures that the Good Old Boys of the Los Angeles Mafia will keep control. I do not see the possibility to change that, so I also do not see the hope to change our broken political, media, real estate, and police enforcement system. Sad.

Calling the shots on how to make things better has been tough, with Water Man David Ross dead, Jeeni Criscenzo nursing a broken ankle, and myself (John Kitchin) recovering from a major fire at the offices of this newspaper. Only a week earlier our archives were moved to a different facility. The next threat on the homeless issue is "prosecution" for the "crime" of "mental illness", and either incarceration or abuse using psychiatric drugs. It smacks of the old Soviet Union making poverty a crime, even though it was

everywhere. Maybe I am biased and a patriot, but I thought the US was better than all that.

Our current District Attorney, Summer Stephan, is prosecuting children as adults, which can result in their being sent to adult prisons although they are just children. She is also teaming up with abusive religious groups such as the San Diego Rescue Mission and the Big Box "Christian" churches (such as The Rock Church) that cause so many Indirect Suicides and so much abuse. **Stephan also stood up her opponent, Genevieve Jones-Wright, cancelling a debate at the last moment**, per CityBeat Editor Seth Combs, May 16, 2018, "Genevieve Jones-Wright for District Attorney". <http://sdcitybeat.com/news-and-opinion/from-the-editor/genevi%C3%A9ve-jones-wright-for-district-attorney/> What galls me the most is the use of the Probation System to deprive people of their Civil Rights to do things like protest how degenerated our political and legal system is in San Diego County. I was a victim of just such abuses in Milwaukee County, Wisconsin, so I am particularly sensitive to the abuse of the Criminal Justice System to play political games. My solution would be that to become a candidate for DA, you must never have been a member of any political party, lifetime. John R. ("Spin Cycle") Lamb, in San Diego CityBeat, had a great editorial on this sort of thing in their May 9 edition, "Summer of discontent", on how Freedom Fighter and anti-Nazi-Fascism activist George Soros is vilified by political planner Jason Roe, so that the Los Angeles Mob (my words, not his) can keep control of San Diego. In general, anything Soros backs is probably a good investment, although he's a little bit Conservative for my tastes. <http://sdcitybeat.com/news-and-opinion/spin-cycle/summer-of-discontent/>

### We need a Gang Unit that prosecutes crimes committed by the street gang that runs the District Attorney's Office.

Now, County Mental Health has conducted a Town Hall Meeting (May 10) to discuss how innocent taxpayers can be hypnotized into believing that our system of propaganda about mental health cases and solutions has some value. Nope. Nobody bothered to admit that a poor economy for the least-affluent half of the citizenry, coupled with Racism, Sexism, Ageism, Police Brutality, Abusive and Anti-LGBT Religion, and Generalized Repression are the source of all that "mental illness" stuff. Gee, that would be too simple.

Pay attention to the 250,000+ lawsuits that Civic San Diego (Downtown Partnership – Clean & Safe – Redevelopment Successor Agency) is in the process of losing. Pay attention to how supposedly-Democrat City Attorney Mara Elliott is making lack of housing a criminal issue, just like the Republican Mayor's perspective. Read what the Federal Courts ruled about San Diego being "100% At-Fault" for its homeless problem and all those things resulting from same, such as shitty sidewalks, homeless camping in parks, noise, litter, and even prostitution and drugs.

When you add those two together, **Criminal Issue plus City 100% At-Fault**, you get the City being

responsible for the prostitution, drug abuse, gangs, sidewalk poop, homeless camps, litter, and all else, the “crimes” of the homeless debacle. So, of course, the City needs to be prosecuted criminally, but who will do that? Instead we get the blame placed upon the homeless ourselves, with lots of help from the news media. We get wasteful boastful and flashy spending on useless things, as if spending billions and billions of dollars on things we don’t need somehow solves the problem. How much money spent has nothing to do with the results, only how much the politicians and their good buddies get to pocket, directly or indirectly.

So, a new Sheriff? No change, because the opponent of our present Sheriff is a high-ranking Deputy himself. A new District Attorney? That could cause a minor and welcomed shake-up. Be sure to vote anyway on June 5. The future of San Diego depends on this election. We’re 5 times more corrupt than Tijuana, but the news media are really great at covering that up. Oh, MTS has responded to accusations of Racism by hiring more Black bus drivers. Sorry, but making a Black person a bus driver instead of a surgeon or accountant is part of what Racism is all about.

**Politicians we back:** Lieutenant Governor of California **Gavin Newsom** for Governor. State Senator **Ed Hernandez** for Lt. Governor. Since our present Secretary of State Alex Padilla is partly responsible for our elections nightmare, we back **Reuben Major** for SOS. For Attorney General, we back **Dave Jones** over incumbent Xavier Becerra. On the US Elections side, we cannot back incumbent Senator Diane Feinstein, as she and her husband are implicated in the Sept. 11, 2001, World Trade Center bombing in New York. See more at the end of Gnosis Page, [NZ9F.com/Gnosis](http://NZ9F.com/Gnosis). **Feinstein was NOT endorsed by her own political party.** How about Pat Harris for Senate? And, regarding the House of Representatives, Ammar Campa-Najjar over incumbent Duncan Hunter Jr., and Doug Applegate to replace Darryl Issa. Judges? Anyone except Gary Kreep. County Assessor, Matt Strabone. District Attorney (most important race) Genevieve Jones-Wright. Sheriff, Dave Myers.

**And, on the Referendums, NO ON EVERYTHING.**

**In the San Diego City Council races,** we’d like to see Lori Zapf defeated, but none of her opponents make any sense, either. Voodoo Government awaits, with Zapf the worst of 4 bad choices. Puke now.

**Dark Horse Candidate Danny Smiechowski,** running for City Council, did not even get permission from the Godfather, so we admire his guts, because stuff like that can get you killed. After all, this is San Diego, with politics five times more corrupt than Tijuana, even involving the News Media and the Italian Mafia in the corruption, heavily.

## Homeless Services Center a Waste of Your Money

**An answer to the U-T Guest Editorial by Jim Vargas, CEO of Father Joe’s Villages**

Called “Here’s How San Diego’s Homeless Services Center Will Succeed”, San Diego Union-Tribune, May 5, 2018, Vargas uses 9,000 as our number of homeless, while 17,500 is probably more accurate, the number who asked for help “because of being homeless” in 2017, giving their name, photo, phone number, driver’s license number, and Social Security number to avoid duplicates. He says “Others, often facing undiagnosed mental illness or struggling with addiction won’t or don’t know how to get help.”

**Well, nearly everybody has tried “help” again and again, some over a hundred times, and found nothing out there to help them.** It becomes a big revolving door, where agencies prod, question, interview, and then admit that no help exists for the particular situation of the homeless people continuously being “Outreached”. Back out onto the sidewalk they go. **At what point do you give up and say you will no longer talk to dozens of agencies that have nothing whatsoever to offer you?** Help for most of the homeless in San Diego exists only in theory, not in reality. There is also a huge problem with the “Wraparound Services” model taking up a massive amount of money, although most of those services are not needed by the people seeking housing.

Getting back to the Homeless Services Center, it is to be located in a bad spot, where there is already much duplication of services, and the planned new Homeless Services Center ignores the fact that only a small percentage of San Diego’s homeless are in the Father Joe’s Villages area. Also, another problem is that hiring Housing Navigators to help the homeless find housing **first requires housing that exists and is available to the homeless as rentals.** On any given day, there are more Housing Navigators than there are rental units, unless you include temporary shelters and camps, which are not housing.

Even the rubber tents, a clearly visible but largely useless tool, can house less than 1% of San Diego’s homeless. They make it look like a lot is being done, but it really isn’t. All that is being done is that a huge amount of taxpayer money is being spent on worthless and ridiculous “solutions” that have failed repeatedly in the past, and have no chance whatsoever of improving homeless numbers. It’s sad and corrupt. It makes money for the same organizations that have failed for years and years.

Before any more money is wasted, let us first fix the huge loopholes in our present system that cause up to 90% of the tax money to be wasted. At the heart of the issue is that neither the government nor the public has any clear nor real idea what the homeless situation is all about. Rigged studies, fake data, rigged polls, propaganda, fake news, and neither consultation nor corroboration with the realities, instead ignoring them. The homeless situation is a way of making money for some politician’s brother-in-law without actually doing anything useful with the money.

There are individual reasons why each plan proposed can only fail, and those proposing the plans are intelligent enough to realize their plan will fail. **Homelessness is caused by technology eliminating jobs.** Each automated cashier machine eliminates one or more jobs (two shifts), as well as ATM machines eliminating bank teller jobs, automated books check-in and check-out machines in libraries eliminating library jobs, and even automated mail sorting machines eliminating post office jobs. Shopping malls on the brink of bankruptcy due to on-line digital shopping instead, such as downtown’s Horton Plaza, eliminate jobs in retail clothing sales. Jobs are no longer the answer, however, because **now real estate greed and corruption have pushed rent prices up higher than Minimum-Wage jobs pay.**

And, instead of embracing the developers of low-income housing, San Diego has instead thrown them out of town. The Federal Court System found San Diego to be entirely and 100% At-Fault for all of its homeless problems, and gave every homeless San Diegan the Right to sleep on the sidewalk, when the City’s “illegal lodging” ordinance was challenged.

Homelessness is a direct result of our politicians failing repeatedly to resolve the issue, instead spending more and more money in increasingly wasteful ways. The Homeless Services Center is just the latest example of government tax money being wasted.

## Action Shots Called:

**Protests** regarding **Mental Health Abuses** in San Diego County, and also rampant **Racism and Repression** both within **MTS** and the **District Attorney’s Office.**

**Investigative Journalists** covering the integrity (or lack thereof) in the **June 5 election,** including Exit Polls and Registrar Compliance.

**A fund** to print and hand out this publication to those on the sidewalks, which would include Think Dignity’s “Know Your Rights”.

**Lawyers Only:**

A **legal synopsis** of the quarter-million lawsuits pending against the City Redevelopment Successor Agency (Civic San Diego – Downtown Partnership – Clean and Safe).

Updates on both the Class Action Lawsuit and the Constitutional Challenge regarding **sleeping in cars.**

## Education Department:

The homeless are the hardest-working people I know of, and need to work really hard just to survive. It is okay to “Opt Out” of this curse we call life, and 40 thousand people worldwide do that every day. They were not lucky enough to be born an abortion, but at least they had the courage and determination to see things straight. Suicide is an extremely courageous act, but also a selfish one, as it deprives your friends and family of you. Preventing a suicide is just as selfish, however. ♦

Years ago, we homeless wanted to put plastic bags out on street signs so that homeless could put their poop in them, rather than having it on the sidewalks. The City said that would be okay, provided we had pictures of dogs on the plastic bags and signs saying “Clean Up After Your Pet”. We also put out toilet paper, and that got the City irritated. The sidewalks are pissy and poopy because the City removed 34 toilets since the year 2000, and they are trashy because approximately two-thirds of the garbage receptacles were also removed. And, the downtown

homeless people stink because the City removed access to all downtown showers. ♦

Now, getting a job solves nothing, because rent prices are higher than Minimum-Wage jobs pay. So, watch out because “The Scoops Are Coming!” (From SoyLent Green.) Still on the topic of cannibalism, the high level of Spirituality (human blood and semen secretly added to the food given the poor and homeless) gradually causes them to become alcoholics and drug addicts, plus causes things that look like mental diseases, such as pseudo-Bipolar Disease and pseudo-Schizophrenia. Both are caused by an overdose of human DNA, and we call a moderate case being “Spermed-Out”, with a severe case being called “Spaced-Out”. DNA is a drug used to hypnotize people into believing in religion, Jesus Christ, Moses, Mohammed, heaven, hell, Satan, and all that whacked-out nonsense used to take advantage of other people and control them. ♦

**Scapegoatism:** A partisan District Attorney partners with Repressive politicians, lying Expert Witnesses, fake university studies, fabricated evidence, police brutality and perjury, excessive bail amounts, rigged juries, abusive Spirituality, and bought-off Journalism to create an atmosphere which routinely encourages and participates in the unjust conviction and punishment of innocent individuals, in order to say that a “perpetrator” has been found and punished. Nobody cares that the correct person was never found nor even sought. Scapegoatism, an abuse of the Criminal Justice System. I wouldn’t know anything about it, except that it happened to me. John Kitchin, Publisher.

## Meetings

**The Basic Dignity Coalition** met May 3, 2018, at the Monicker Warehouse in East Village, downtown San Diego. Twelve were present, which is average for this time of year. • The April meeting material was recapped, including a successful membership mixer, and the two lawsuits which could legalize sleeping in cars. One is a Constitutional Challenge, and the other a Class Action Lawsuit. • Those on the waiting list for a storage place in East Village will be the first to be served at the new storage place in Sherman Heights, if the City wins and residents lose on that issue, and the new storage facility opens. • How often homeless must check in is being fought and contested. • Discussions were had on how to use the MTS and Lyft transportation money and services, and it was determined that same would be used only for those currently patrons of the East Village storage facility, sometimes called the TSC, for Transitional Storage Center. It is open 7-11 AM and 4:30 to 7:30 PM, Mon. thru Fri., plus 8-12 Sat. at 252 Sixteenth St. • Announcements: The Humane Society will be taking over for County Animal Control. Summer survival needs distribution will take place Sunday, June 24, at 8 AM in the Petco Stadium parking lot. There will be a June 9<sup>th</sup> cleanup of East Village. Next meeting June 7, two days after the really important election. ♦♦♦♦♦

## Other News:

**The Annual PITC (Point-In-Time Count)** of the homeless, as required by HUD, has been completed and tabulated, with the following results: In Jan. 2018, the totals were **about the same as last year,** with about 4,000 homeless in shelters and 5,000 on the sidewalks. Last year there were also 2,600 homeless in the jail system, expected to go back to the sidewalk after jail, but we have not gotten results on that so far this year. Stay tuned. 60% of San Diego County homeless are in the City of San Diego, and 10-15% in each of three other county locations (North Coastal, North Inland, East County) plus 7% in the South Bay. **Causes for homelessness:** Loss of Job, followed by Money Issues, followed by Other, Cost of Housing, and finally, Disability. 35% of those Unemployed have been Unemployed 5 years or more, with 29% of those currently Unemployed having been Unemployed for less than 5 years. **About three-quarters of our homeless are from San Diego,** most of the other one-quarter having left San Diego, becoming homeless in another city, but then returning to San Diego as the county of their friends and relatives, or the county where they were born. **Fewer than 5% of our homeless are from somewhere else,** with no ties to San Diego. Read the latest PITC at <https://www.rtfhsd.org/wp-content/uploads/2017/06/2018-WPoint-in-Time-Count-Annual-Report.pdf>

Seattle has begun **taxing companies that cause homelessness,** such as Amazon, as well as stores that use automated cashiers.

## News Media News:

The San Diego Union-Tribune in an editorial May 17, 2018 (Page B-10) criticizes the County’s Hepatitis A response evaluation, but does not mention that it was a cover-up to save tourism by making the epidemic all

about homelessness instead. The U-T is correct, however, in the media role of keeping many things of this nature secret. Additional cover-ups are also planned, such as a state investigation.

**Morgan Hurley, Editor of the Downtown News of SDCNN (San Diego Community News Network)** is now listed as *Editor Emeritus*, which means retired. Hurley was one of the best local Editors, and will be missed. The new Editor is Albert H. Fulcher, [albert@SDCNN.com](mailto:albert@SDCNN.com).

See also Page One of this edition, Editorial on Political Gangsterism, which quotes two CityBeat articles of note.

## What is Art?

Art is anything created by humans to entertain. Science is anything created by nature and used to enlighten. Grand Canyon? Science until you take a picture, and then your photo is art. Brewing beer? A science that produces art, since food and beverages are an art form. Social Science is an interesting one, because it is created by humans to enlighten themselves about themselves. It is partially an art.

## Feedback: (1) The Fire:

It was **caused by a drug cartel** wanting to own or control all real estate in a two-city-block area. Most people owning real estate in the area were shot in the head the past few years, but in other cases buildings were burned, and the burning of buildings via arson continues, as well as the murders. It took an hour

and a half for the fire dept. to show up from two blocks away, and all of our fire extinguishers were missing. The particular building is a port (opening) on the extensive Tijuana Underground Tunnel System, used to transport drugs for at least 50 years. There are said to be ports on the US side of the border, even now today.

## (2) Aliens and Unauthorized Theology:

Positive comments, with one very astute observation: How is it that intelligent beings, with no poverty, no war, no prisons, no theft, no Racism, no Sexism, etc., do nothing about the problems on Earth? There are 3 possible explanations, and I am not going to cover that right now.

## Snide Comments:

We represent the world's fastest-growing ethnic group, the homeless, the only group that gets NO protection from discrimination in employment, housing, education, nor hate-crimes. We are those who suffer because the wealthy own everything. No one WANTS to be homeless nor CHOOSES to be homeless. It happens when everything you do to prevent it fails to work. Making anything illegal that cannot be prevented makes no sense. Instead, make it illegal for circumstances to force people to become homeless against their will. Once homeless, people will need to use booze or dope, just to stay sane, and many lose that fight, too, becoming mentally ill and often killing themselves. This ends the problems that society forced upon them. Self-Servatives (Con-Servatives, Con Artists that Serve themselves) cause funerals, but they don't mind, because they don't believe in God.

These are the same people who invented God, so they could control you and make money off you. They fill your head with propaganda from the day you are born. The Bar (Democrats and Republicans of the British and Italian Mafias and the Jewish Cabals) licenses attorneys and runs the court system, religious system, and news media. Welcome to Reality! They make money by expanding the population, with major holdings in both real estate and food production. They hate population reduction, and have forced women to have babies, even though herbs for both birth control and pregnancy termination have been available for thousands of years. That is also why they hate same-sex marriage, as it does not automatically produce biological children, and why they hate suicide and birth control, both of which reduce population. They also hate war, unless they can make money on it. "They" is the Middle Templar Bar of London.

The Bar of London is a franchise of the Swiss Nazi Knights Templar, which is descended from the Pharaohs of Ancient Egypt. They operate the World Bank, Freemasons, and Illuminati, as well as the Italian Mafia. Sometimes called the Pharistocracy, or Pharaoh Aristocracy, this group is responsible for there having been kings and queens, as well as the use of hypnosis to control the public via religion. They control the world's food supply, adding drugs to same in order to control and enslave the public. Many of them are not even from this planet.

Knights templar, see The pharaoh show, the swiss nazi templars, url: octogon.falconscafe.com

A "Guild" is a secret conspiracy group that places their blood and semen in the food that everybody eats. In Hoc Signo Vinces, "In this sign you will conquer". Domini Nos Dirige, "Lord (a British Lord, not God) guide us", motto of the City of London, founded 43 AD, and Pagan until 1300 AD. The super-secret Jesuit Knights of Malta are a group that founded the Illuminati of the Rothschild-Rockefeller Family, and part of the New World Order. See the back of a dollar bill. Take some of this with a grain of salt. Below, some of the more modern agencies of these same above groups.
