

# Gnosis Page: The Truth!

The conventional news media, and the Corporate Godfathers who pimp them, are clearly the biggest threat to the American People, but the people behave like uneducated and hypnotized sheep. They don't know, and don't want to know, either. They get angry when people like myself speak the truth, denouncing us as lunatics, and our message as a lie. We human apes have "dreams" and its adjunct, "beliefs" about how we want things to be. All Professionals know there is no God, heaven, hell, devil, Jesus, and all that, but need to play along with the hypnotized sheep who have been brainwashed to believe and obey. All Professionals belong to the Mafia, a group of thousands of organizations that place their blood and semen into the food of everyone, in order to maintain hypnosis and control, plus make lots of money off the poor suckers that they hypnotized. This has gone on for at least 10 thousand years, and continues today. [Page A-1](#)

### Article in the San Diego Homeless News:

For thousands of years "commoners" were controlled by a form of hypnosis called Gnosis, secretly adding the blood and semen of the wealthy to the food of everyone. This continues to this day, except that slowly more and more people know how it works. It is a method of control to keep the public hypnotized, obedient, and compliant.

Eating the DNA of another person causes your "love" to flow to them, too, unknown to you, making them feel great. It also causes you to hypnotically believe them, even when they are telling you a lie. You become vulnerable to whatever they suggest you do, too. In all, a good method of control used for tens of thousands of years.

Unfortunately, the Gnosis process also results in genetic-related diseases, such as ADD (Attention Deficit Disorder) and even Autism. Eating DNA results in reduced sex drive, difficulty concentrating, lower self-esteem, memory problems, attention span problems, difficulties with interpersonal relationships, fewer dreams and of lesser quality, motivational difficulties, increased gullibility, unfounded trust, difficulties telling lies from truth, addiction to religion or the bible, and often causes other problems such as mental illness, drug abuse, alcoholism, or suicide.

There is no way to avoid this, because all bottled, canned, boxed, or packaged food contains it. You can minimize damage to your brain by avoiding Holy Communion, which contains a lot of DNA. Churches also use community meals for

the poor as a way to distribute blood and semen in foods. Some church meals are intentionally not listed on Meals Page, [NZ9F.com/B](http://NZ9F.com/B) for exactly that reason.

## **Introduction:**

This article is about a biological process (medical term "Spirituality") that is used in the religion business. Basic to mating, love, finding a spouse, learning, and hypnosis, Gnosis (Tantrism) is the fundamental unit of control of society. Since the knowledge of it is secret, and secret knowledge can only stay secret via the use of secret underground organizations, Gnosis is protected by these religious organizations, commonly referred to as the "Mafias". Every religion has one or more of these, which permit enforcement of policies regarding secrecy, punishing those who offend.

Unfortunately, the Mafias need to have an underground intelligence network and that can be used for bad things, too, such as selling dope, having people murdered, laundering money, and much more. What if such an organization were to set people up, sending them to prison for crimes they did not commit? Obviously, the Mafias have an unlimited potential to generate revenue. They bankrupted the F.S.L.I.C. (Federal Savings and Loan Insurance Corporation) for example. Currently the religious Mafias own or control over 90% of all money.

## **The Word Gnosis:**

Ancient Greek for "The Secret Knowledge of God" and Modern Greek for "Knowledge", the word Gnosis has many definitions. It refers to a philosophy of Ancient Greece, and the Gnostic Sects, cults, religions, and groups formed from that philosophy. It also refers to the Gnostic Christians, a group that started around 1,000 BC in Judea, and featured a Buddhist sect within Judaism. This group wrote the Nag Hammadi Library and later gave birth to Jesus of Nazareth. Gnosis is also used, however,

to indicate any secret knowledge, such as in witchcraft, tantra, tantrism, UFO alien secrets, hypnosis, the occult, and similar. The use of the word here is the medical process known as Spirituality which religions use to hypnotize, teach, and even brainwash. It involves True Vampirism, feeding your own blood or semen to others. This secret, plus the knowledge that UFO aliens are real and the "angels" of the bible is referred to as "The Religious Secrets". Someone who knows these secrets is a Gnostic, and the secrets themselves are Gnosis.

Gnosis is the ONLY place that love comes from, and includes those processes by which human love is made, transferred, used to hypnotize or "compel", used to seduce, and more. The same process transfers knowledge from one generation to another, your DNA containing a lot of the knowledge of your ancestors, and swallowing that makes it go into the brain of any grandchild you have, before that child is even born. It is an interesting process, but one that all mammals have.

None of this has anything to do with God, religion, spirituality (religious term), bible, demons, spirits, or anything like that. Pure biology, scientific. Most people are not stupid, per se, but merely hypnotized by a process called gnosis, short for hyper-gnosis (hypnosis). Having to deal with simple, stupid, uneducated country folk for tens of thousands of years, the rulers and their religious ministers decided that the best way to control people was hypnosis. That did not always work, so there were also prisons for those who failed to comply.

Keeping people obedient, and thus out of prison, was important for the Ruling Class, so they ordered their religious ministers to invent the concepts of Heaven, Hell, Satan, and Jesus. Basic "good versus evil" fairy tale. Ministers complied, and although no minister believes in these concepts, because they know the truth, they created millions of letters, writings, books, articles, sermons, and even songs and videos to preach the concept.

Every minister knows that reincarnation is the truth, and heaven **Page A-2** and hell are a lie. This is called a "Religious Secret"

and all ministers belong to secret organizations which deal with those secrets. Because these secret religious organizations are in a position of power, and unknown to ordinary people, we sometimes refer to them as the "Mafias".

The original M.A.F.I.A., Mason American Federal Intelligence Agency, established by President Washington in 1776, used the symbol of a pyramid with an all-seeing eye above it. This symbol is found on the dollar bill. The Mason secret number is 13, the true number of months (full moons) in a year, and is the source of the superstition behind the number 13 being unlucky. If you know that it is lucky, not unlucky, you may be gnostic, or a Mason.

To this day, the Protestant Mason M.A.F.I.A. runs the government, along with the Catholic, Jewish, and even Moslem Mafias. This is because we claim to be a nation of religious freedom. Each Mafia has its own turf, which I will cover later. I give excellent descriptions of the reality.

Basic to controlling people, so you can have them work for you, make money for you, give you their love without knowing it, and obey you, there are the professions. Law, medicine, broadcasting, other media, police, military, professors, and the clergy all play a role in control, and I refer to these professionals as the "Controlling Class". They are not necessarily wealthy, like the Ruling Class, but have all of the political power of the Mafias they work for.

The Ruling Class pays for its power in money, while the Controlling Class pays with its work. It is, in essence, sweat equity. Many in the Controlling Class receive no money at all, but immense political power, and a huge amount of love, or "grace". Grace, which is love, is controlled by the religious ministers of the Controlling Class, and is basic to the control process.

Control begins with religion. Hypnosis is used to teach children right from wrong in school. It is also used to preach in church. It

is used to deliver the news on TV, hold a rally for a politician, even establish a mood at a wedding, funeral, or in a courtroom. Hypnosis, or hyper-gnosis, is the primary key to control of other people.

We have all seen hypnosis demonstrations on television. The subject does what the hypnotist wants them to do. What you did not see is that before the broadcast the hypnotist gave the subject a snack or beverage containing his blood or semen, secretly. That is how hyp-gnosis (hypnosis) works, Gnosis for short. Very basic to the control of average people.

Having a lot of your DNA in others, and then catching their attention, such as in a liturgy, courtroom, or performance, causes their love to flow to you. Whatever you pay attention to is where your love goes, thru your eyes. For a minister, this can actually get them "high" by having a huge amount of the love of the people. At short distances, love is transmitted by the chest, and long distances by the eyes. Many ministers are addicted to this love high, same as if it were a narcotic.

Food symbol for "Way too Kosher" - - Ernie likes to get "High on Jesus"...

**Kosher Meat** has secretly-secreted genital sauce (menstrual blood). All dairy products contain semen from a rabbi, too. Food that is **Al-Halal** for Islam (Moslems) is the same way. All religions use similar processes. **All packaged, bottled, canned, processed, and fresh foods contain blood & semen. This is true in all nations of the world, for thousands of years.**

**Gnosis**, symbolized by the Eye in the Sky, atop the pyramid on the dollar bill. It indicates the use of witchcraft, or the occult, in the formation and control of the United States. If you understand the system you can play it, **otherwise IT plays YOU. Here is the way the mafia corruption works:**

Gnosis (or "**Jesus**") is the buzz-word for placing human blood, semen, menstrual blood, or other human DNA into the food of other people. This allows you to control them, hypnotize them, teach them, brainwash them, socialize them, preach to them, be believed by them even though you are lying, and way more. It also forces their love, biologically, to flow to you, whether they like it or not, and you can accumulate love in order to give it to people in return for their favors. It allows your Genetic Memory (instinct or talent) to surface and help you to achieve your goals using these talents. **Gnostics do not believe in God**, but take jobs as ministers to help you believe, and to help brainwash you into obedience.

Being a Gnostic (True Vampire) you do "compel" people via hypnosis, and via love, keeping most people stupid and obedient.

As has been previously stated, the people consuming the blood and semen do not fare well. Unfortunately, the religious and societal Gnosis process also results in their getting genetic-related diseases, such as ADD (Attention Deficit Disorder) and even Autism. Eating DNA results in reduced sex drive, difficulty concentrating, lower self-esteem, memory problems, attention span problems, difficulties with interpersonal relationships, fewer dreams and of lesser quality, motivational difficulties, increased gullibility, unfounded trust, difficulties telling lies from truth, addiction to religion or the bible, and often causes other problems such as mental illness, drug abuse, alcoholism, or suicide. Hypnotized people are everywhere, and so are the vampires.

Real **Vampires** do not suck out your blood. They feed you their blood secretly in your food, and suck out your love! You get to have great sex, seduce people via having a huge amount of love, comfort the bereaved, forgive sins, and even treat pain. All doctors are Gnostics. **Page A-4**

A vampire's minions or groupies are called charismatics. They lust for the hugs and love given off to them, allowing them to share in the happiness, euphoria, dominion, control, hypnosis, and sometimes even give off that love to others, having charismatics of their own. Many charismatics do not even know why they are attracted to and enslaved by the gnostics (vampires). Of all people, these, the charismatics, are the most manipulated, compelled, and controlled.

The word Gnosis (silent G) means knowledge in Greek, and refers to

1. The knowledge of God.
2. The secret knowlege of God.
3. Electronic secret knowlege involving the love radio wave.
4. Other processes, including those related only to other-planet life forms.

This is one reason that we do not speak about the UFO aliens, preferring to call those who do lunatics. At one time in history, anyone who spoke or wrote about any of this was punished by being called crazy and placed into a mental institution forever, where they were given drugs to actually make them crazy.

To be a gnostic, and to be in the mafia, and to be a vampire is all the same thing. Gnostics know that 80% to 90% of all the people in our jails and prisons never committed any crime, having been intentionally targeted by the mob to be unjustly convicted. They have to deny knowing that plus call you crazy if you talk about it. Those working as lawyers need to lie a lot about that. Those in the news media have to lie about a lot of things. Society and wealthy people make money on people being kept stupid, and newspapers and television help to do exactly that. Keep the attention of people channeled into things that do not matter, like sports, entertainment, games, and talk shows that are sermons in disguise.

**Stop thinking and start reading the bible, dammit!**

Gnostics know that secret organizations control all of society and cooperate to publish lies in the newspapers, on TV, on the web, and elsewhere. **Anything that has been "proven" to be "the truth" is a lie put there by them, including all evidence entered into a courtroom!** All packaged, bottled, and canned food contains their blood and semen to help control people. A gnostic knows that the medical profession routinely kills people who get in the way, using hospitals. They also use the legal profession to have people convicted of things that they did not do and that everyone except the jury knows they are innocent of. These techniques help to keep society "under control".

A gnostic knows that **all employment and housing are controlled by the Godfather**, who decides who gets hired or gets the apartment. And they know that any money earned including winning the lottery gets taken away by the Mob, unless authorized by the Godfather. The legal system and lawsuits are often used.

A gnostic knows that politicians, lawyers, editors, and other professionals are professional liars. They are skilled at doing what the Mob wants them to do, and **the government itself is based upon that corruption**. Those who expose corruption get onto the **Do Not Employ** list, or even worse the **Do Not House** list of the Mason Mob. They will never, ever, get a job or a place to live again! They will also be targeted to go to prison without having committed a crime, as a scapegoat, or they will be targeted to develop health complications such as losing an arm or acquiring an incurable disease in a hospital. NONE of this is chance.

Before the era of President Nixon, much of this was done by the FBI, CIA, and several more-secret government organizations, and **J. Edgar Hoover was the first real government mafia boss**. Under Nixon, the courts ruled that the US cannot conduct covert operations against its own citizens, so Nixon established the Watergate Plumbers, who killed JFK, RFK, MLK, and finally got caught at Watergate. **The Pardon Arrangement to avoid a Page A-5 trial for Nixon was so that none of this would**

**come out.** The Masons, also called the Freemasons, continue this legacy today. So, are you Gnostic?

The gnostic number is 13, the real number of months (full moons) per year, and it refers to knowing about menstruation and what happens when menstrual blood is consumed. All of the Vampire fiction stories seek to cause confusion about all this, the truth being that a vampire **feeds** their blood to others, not drinking the blood of other people. Most vampires run churches. A few run restaurants or food processing plants.

Many gnostics become very sensitive to bright light, leading to vampire stories about the Undead not tolerating light well. Most wear sunglasses, but not everybody is bothered by the light.

**Holy Communion is dried semen on a cracker**, or menstrual blood added to wine, water, or grape juice, period. No pun intended. People learn how it works in a seminary, root word semen. Religious prostitution, paying for sex with a nun or holy woman (any woman who has a lot of her menstrual blood in the food supply) goes back to the beginnings of religion. So does abortion, removal of any unwanted babies.

Most gnostics are aware that almost all **elections**, be that for union president or US president, **are a fraud** controlled by them. Votes usually do not even get counted, the Ancient Greeks coming up with the idea of voting ("Democracy") to give commoners the idea that they had some degree of control over government. Nobody ever has. It is also a secret that **religious ministers do not believe in God. They are the vampire leaders.**

Welcome to the UnDead. Mess up and your body will be run down the dog food canning line, just like Jimmy Hoffa. Cooperate, and we can erase any DUI convictions from your driving record, erase your criminal record, give you university degrees you didn't earn, and get you a great job that does not require you to do any work at all. **Page A-6**

Reincarnation is the truth, but unless you remember your previous lives (talent) you are doomed to be nothing in this lifetime. Hence, only vampires (gnostics) can be successful, as **remembering previous lives requires a lot of your DNA to be swallowed by a lot of others for a long time.** It gets spooky, because you say to a friend, "Remember that night at the castle in Scotland, where you were the Dutchess and I was your gardener, having an affair with you?" Not all that rare as you may imagine. Mostly just the most important memories are saved between generations.

Swallow too much DNA and you get Attention Deficit Disorder. Too much over several generations is Autism. You cannot pay attention because that requires love, and the vampires sucked all your love out of you.

The exact gnosis process works like this: **98% of your DNA is memories stored from previous generations.** The other 2% is the blueprint to build your body. Called talent in humans and instinct in animals, this is Genetic Memory. It avoids having to re-learn millions of tasks.

Your brain is full of memory when born, the Genetic Memory acquired from your parents, plus the DNA consumed by your grandparents. So that knowledge can skip generations, what you consume of the DNA of others in food gets to be present in the sex cells (only) of your children, but not in their brains as memory. When your children have children, however, what you consumed is present in the memories of your grandchildren. In males and females alike, the consumed DNA of this process is stored in the apparatus that produces the sex cells or gametes.

So, two different actions occur there, one first-generation and the other second-generation. First generation, the DNA you consumed, programs the sex cell apparatus of your children, being present only in their X and Y sex chromosomes. This codes for formation of their testicles or ovaries only. The other action, second generation, is that the DNA consumed by your parents, which formed the codes for your testicles or ovaries

before you were born, will go into the brain tissue as memory in your children when born.

To recap, your parents were fed DNA in their food, that caused the one pair of your sex cells for producing the sex cells of your children to contain memories. When your children were born, they had sex cells that contained a factory for that genetic memory, but only there, not in their brains. The next generation, that material is present in the memory of the baby when born. Your grandchildren are what you eat.

Good reason to outlaw abortion? Maybe, but certainly a good reason to cut back on world population, first, and THEN outlaw abortion when our planet is down to a sustainable number of humans. We are currently at over 100 times the maximum population that can live on this planet. This is according to all of the other 149 intelligent life civilizations, unanimously.

It has made us the laughing stock of the universe, the species of overpopulating "cockroaches" who act like they are insects. We have insecticide for human insects, and it is called nerve gas. The Ruling Class wants instead a virus that kills only those that it authorizes, but no other civilization will allow this. Too Nazi. So the standoff continues, and the Earth gets more and more populated, which is its ONLY problem.

We do not really have a shortage of food, just too many people for the amount of food that we can reasonably grow. No shortage of land, either, just too many people for the land that is available to be used. Too many people for the amount of housing that we have and can reasonably build, too. And, too many people for the amount of pollution that the planet can easily erase. **All of our problems are just one problem, overpopulation.** Every gnostic knows this, but most make money on the problem via real estate, inflation, food processing, etc. More people means more demand for land, housing, food, and much more. **Page A-7**

**We Ancient Pagans believe that children need to know the truth about love and sex from a very young age.** Otherwise, they end up hypnotized adults, like most people are, several marbles short of a full deck. The fact that most people are stupid does not mean that you or your children should be.

**In conclusion,** I am sorry to educate you that **Santa Claus is not real.** The Easter Bunny is fake, too, along with ghouls, goblins, Satan, heaven and hell, the Tooth Fairy, and **Jesus. I know, we all need something to believe in, so it is okay to believe in him, even though it has all been a fake story all along.** Even the part about the reindeer and elves.

For a better explanation, see [www.NZ9F.com/ABA](http://www.NZ9F.com/ABA). (Next Chapter.)**

**The Mafia ranks its members as Knights (Godfathers), Soldiers such as Judges and Lawyers, Ministers such as those who wholesale food, Charismatics, who are the**

hypnotized assistants, and Sheep, the Public. A good analysis exists in the above ABA web link.

**Never mind all the hype and web-bullshit about what a "Mafia" is.** In 1776, George Washington ordered the formation of a top-secret organization to deal with secrets, the **Mason American Federal Intelligence Agency**. We were about to go to war with England, and needed to shore up our loose state-based Mason American Intelligence Agencies, loyal to states and Great Britain (the Scottish Rite, or Scotland Yard), and make them a single federal unit. The M.A.F.I.A. enabled us to form an army out of the state militias. The Southwest was not a part of the United States, yet, and territorial areas eventually became operated by Mormon Intelligence, called the Men Of Black (MOB). Along about World War One, the Italian Cosa Nostra started calling itself by both of those words, **at least in the American press account**. The confusion, to this day, helps keep things secret.

Source: The Gnostic Brotherhood, listed below. (Motto: "Telling you the truth, when no one else will do so.") Nowadays, the words Mafia and Mob are used interchangeably and refer to any secret organization involved in corruption, especially the Cosa Nostra, but all of the other groups as well. Only a handful of the largest are listed: (Not listed: the Lions, Eagles, Oddfellows, Kiwanis, Elks, Rotary, and more.) **Page A-8**

**The Jewish Mafia, B'nai B'rith, is** closely tied to Israeli Intelligence (Kismet) and the old Soviet Mafia, is also called the Better Business Bureau, and has a ruling council called the Cabal or the Rabbinical Council. BBB regulates charities and small businesses, making sure that good things are said about mob businesses, and collecting dirt and bad information about competitors. Money is channeled into those charities that the Jewish Ruling Council wants it to go to, as well as businesses. Any business can pay a "tithe" to be a member, and often money is extorted from members and non-members alike.

I like to point out that **666** and **bbb** may be the same thing, because **unless you have the Mark of Satan, you will not be permitted to do business**, according to the Book of Revelations. Do I really believe that? No, I think John the Devine, who wrote it, was a little bit high at the time. **This group helped destroy the Twin Towers of the World Trade Center in New York, Sept. 11, 2001, in such a way as to blame it on Arabs.** (see below.)

Control of the news media and broadcasters by the bbb (666) is legendary. Israeli-Soviet Intelligence has been a valuable tool for many years. The Jewish Mafia, or Kosher Nostra, is closely tied to the Russian Mafia, and has nuclear weapons from the Soviet Union. The Russian Mob Division operates machine repair businesses in the US, especially heating & air conditioning.

The Jewish Mafia operates the casinos of Las Vegas, in conjunction with the Mormon Mob. They own most banks, plus MasterCard and Visa. They own all of the broadcast television networks except Protestant Mason Mob NBC and Mormon

Mafia ABC-Disney, and almost all of Hollywood. They own most radio and television stations. The Jewish Mafia uses Gnosis (love or the lack of it) to interfere with witness testimony in courtrooms (groups like Court Watch) and even to interfere with a Defendant's ability to think and/or advise their attorney properly at trial. They operate many small businesses, effectively laundering money, and hold Mob appointments in many of the professions, notably medicine and law.

They take over entire universities, attempting to have all of the professors Jewish (or controlled by them) which allows them to accept only Jewish graduate students. There is a definite attempt by the Better Business Bureau Mafia to have only Jews get an education at a university past a bachelor's degree. Jewish Mob gives certain students the answers to exams, in advance, and lobbies professors into good grades for mafia students.

They justify inherited wealth as if it were earned, and make money from usury and mortgage swindles, such as lending money to people who do not have ability to pay the loan back. This results in repossession. Their greed, collectively, led to the Hoover Depression of the 1930s and the George W. Bush Depression of the 2000s, as well as leading to the advancement of Adolph Hitler in Germany, an attempt to stop their complete takeover of that nation. World War Two and evil horrors resulted. Currently the Jewish Mafia holds so much money out of circulation in their bank accounts that the economy is failing.

One Jewish Mob group, the Anti-Defamation League, attempts to limit or prohibit any criticism of the Jews, confusing those who do with the evil Nazis of Adolph Hitler! Synagogues hire their own members as "defacers" to secretly spray swastikas and graffiti on their own temples, and then blame the Nazis in the news media. Many synagogues hire paid killers who are told that they are killing Nazis, whereas they are really merely killing business competitors. Of all of the Mafias, the Jews have perfected the art of telling lies yet being believed, so they are the most "professional". **Page A-9**

Two examples of propaganda spread by the group are the treatment of Adolph Hitler, who was bad but not as bad as his reputation (see [NZ9F.com/Hitler](http://NZ9F.com/Hitler)), and the medical propaganda that circumcision, a form of castration which removes the male foreskin of the penis, has some medical benefit. This only deprives that male of ever having complete sexual satisfaction, thus presumably interesting him in other things, such as hard work. Non-Jews were as a result also castrated in this way, because of this propaganda. The male foreskin is the equivalent of the female clitoris, and imagine cutting that off when a baby is only one week old.

The Jewish Mob often writes fake news stories in the media in order to help the Mormon Mob or the Protestant Mason Mob convict someone of something they didn't do. This is especially useful in eliminating business competitors or political rivals. To maintain hypnosis, they inseminate meat, dairy products, and other foods. The Jews are in charge of making sure all food produced contains human blood and semen.

The torch is the symbol of the Jewish Mafia, and you must pay up or have your business (or home) torched. Extortion money is referred to as "dues", but is actually a form of tithe, similar to the extortion money received by the Mormon Church (Latter Day Saints). The Jews do not really burn your business these days, but they do have you convicted of crimes you did not commit, and send you to prison, which eliminates you from business competition. The Statue of Liberty is symbolic, indicating that you must pay The Torch in order to maintain Your Liberty. See the account of my struggle with the Jewish Mafia at [NZ9F.com/Me](http://NZ9F.com/Me).

**The Protestant Mafia**, the Freemasons or Masons, run by their ruling council called the Knights Templar, are considered a terrorist organization in Mexico. This is largely because Mexico has been run for many years by the 12 Jewish ruling families of the Jewish Mob, and the Masons are competition. They also control broadcasters, but are most noted for their control of local police departments. Their specialty is to regulate blood and semen in the food supply and churches, determining who gets to participate in being a Vampire, and they help find scapegoats to become unjustly convicted of crimes. The only thing worse than having your daughter raped and murdered is never finding the perpetrator. The Masons fill our jails with innocent people, so that victims have somebody to blame. They routinely fabricate evidence to convict people. In the illustration, note that the Mason Dollar has the words "Annuit Coeptis Novus Ordis Secolorum", which means "The god Osiris, of the horned snakes, approves of our New World Order (Reich)". The Masons used not only blood and semen, but also the venom of this serpent, the rohypnal snake, a viper, in the food of those building the pyramids. The venom contains Rohypnal ("Roofies", "Rufanol"), a powerful hypnotic used in sedation dentistry and date rape.

The Masons also keep the data-base for the **Do Not Employ** and the **Do Not House** lists. They also punish those who disobey same. It is said that if you are an employer or landlord **Page A-10** and disobey, they rape your children. The

Protestant Mason Mob controls the meat industry, primarily pork and beef, (which causes cancer, premature aging, high blood pressure, heart disease, obesity, auto-immune disorders, and some forms of mental illness) and the automotive industry (which causes traffic problems, chemical pollution, air pollution, lack of exercise, and dependancy on foreign oil). This group operates Facebook, Microsoft, and NBC broadcasting.

Having been a victim of this group myself for years, I gave them their own page, **NZ9F.com/Masons**. Read about some awful stuff done to me, many times, and how. (Package B)

**The Catholic Mafia**, the Knights of Columbus, and its ruling body the ILuminati (Opus Dei), is the Italian Mafia on the reality side, not the Hollywood stories of The Godfather or The Sopranos. They regulate the hospitals, medical and law schools, some regulation of broadcasting, huge emphasis on real estate development, and businesses which benefit from increased overpopulation, such as food wholesalers. Even if you are Jewish, **these are the gangsters who decide who gets into a law school or medical school**, plus decide what job you get, if any, once you get out. It is the job of the Knights of Columbus to execute people in hospitals, without getting caught. The easiest way is to give you an overdose of insulin, which gives you a massive heart attack, plus is dissipated and gone before any autopsy can be done. President Eisenhower died that way, along with countless others. The Catholic Mob runs the Dairy Mafia, involved in illegal weapons, grenades, and money laundering, since dairy farms are largely tax-exempt. Dairy products are poisonous to humans, containing fat, lactose, carcinogens, mucogens, and causing arthritis. Dairy farmers benefit from increased demand from increased overpopulation, pushed by the Catholic Church. Catholic Mafia is also involved in dope

smuggling and religious prostitution. I was a victim of this Mafia twice, once via grade school and another time as an adult. My grade school victimization is written about on the Masons Page, [NZ9F.com/Masons](http://NZ9F.com/Masons), and my religious victimization as an adult is on Gesu Page, [NZ9F.com/Gesu](http://NZ9F.com/Gesu).

**The Ancient Pagan Mafia, the Gnostic Brotherhood, does not operate in the open**, and websites saying that it does are incorrect. This is the most secret of the Mafias, and regularly has meetings with alien species. This article is written by one of us. We specialize in controlling military personnel, establishing alternative religions for those bored with traditional stuff, mediating disputes between the other mafias, keeping reality and real-time **history without propaganda and lies** (such as this article), and preventing discrimination against people for being old, poor, handicapped, gay or lesbian, similar. Far more secret than any other organization, **we forbid web communications.** (There are exceptions for Public Relations people, called bishops, who know nothing about what is going on.) This group has traditionally sent messages between the frames of television signals, and using shortwave radio. For years, and continuing from the Salem (Massachusetts) Witch Trials to this day, we are often killed by Judeo-Christian lunatic zealots. We like the "GB" confusion with Great Britain or even Green Bay.

The GB uses its spiritual strength (love) to operate Alcoholics Anonymous and Narcotics Anonymous, and was also the power behind the opening of the Native American Gambling Casinos, to compete with the Las Vegas Mormon and Jewish Mobs. Apologies to the Native American community that it took so long to get you anything at all for my ancestors taking your land. My family had Celtic tribal land in England that was lost to invading

Anglo and Saxon warriors, and we never got anything, being a White tribe. We know how it feels, and we also sympathize with Palestine for that same reason. Labor unions all belong to the Gnostic Brotherhood.

GB does not kill people, but may make their life difficult. Military and Prison chaplains are usually part of the Gnostic Brotherhood, as well as shamans, medicine men, witch doctors, witches, occult practitioners, fortune tellers, and gypsies. Add in the Pagans, and this Bishop, too.

The most dangerous of the Mobs, because everyone is undercover, posing as something else, due to thousands of years of religious persecution where Pagans were actually killed just for being Pagan. Most of us have jobs as nuclear engineers, power plant operators, generals in militaries, satellite engineers, and I am a radio and television engineer. GB has more control over nuclear weapons than all the other Mafias combined. We do not own them, just sit at the launch consoles, even in Russia.

Historically, our most important historian was Plenne The Elder, an Ancient Greek of the Gnostic Brotherhood of Pagans, who wrote the reality of what was going on when Greece fell. With articles like this, I am the Plenne of the 21st century. John Kitchin, NZ9F.

As far as I can see, this is the only Mafia that does not do anything illegal, as far as I know. Look at my list of stuff, and see if you can find unethical or immoral behavior. We do permit multiple husbands and wives, permit orgies, dance naked with both adults and children present, and sometimes get drunk as a group. Polygamy is illegal, but none of the couples is "legally married" in courthouse terms, just a functional relationship, so that is legal, too. Along the lines of unethical, Alcoholics Anonymous and Narcotics Anonymous substitutes Spirituality (Gnosis) for dope or booze, and may addict some people to love.

The

**Mormon Mafia, Danites** (who claim to be the lost 13th tribe of Israel, "*Dan*"), **the Planet Kolob Men Of Black, or MOB**, fixes juries, investigates UFO alien sightings for Navy Intelligence, arranges bribes to government officials, extorts money from all of the other mafias to promote political candidates, manipulates the stock market, issues itself fraudulent bank loans, operates a system of whorehouses on college campuses, has an undercover secret police agency, and inseminates the entire salt supply with semen. They help the Jewish Mob (Better Business Bureau) to gather intelligence information on small businesses. This group operates the casinos of Las Vegas, along with the Jewish Mafia. The Mormons control all food distribution to grocery stores. Many operatives run the broadcasting business and operate police departments. They seek to control big business, and operate Starbucks, most grocery chains, Coca-Cola, American Express-Discover, Enterprise Car Rental, most buffets, US Bank, Blockbuster Video, Yahoo, Google, YouTube, and ABC-Disney. If you work for them, they extort a percentage of all the money you earn, plus tell you which products and services you may buy. Offshoots of the Mormon Mob include Jehovah's Witnesses, which promotes real estate scams via suckering in bible believers, similar to what the Mormons also do. One division of LDS (Latter Day Saints) sends out missionaries to conduct intelligence sweeps in a community, looking for elderly people to bilk out of their inheritances. They also run much of the fund-raising and parish bulletin publication for the Roman Catholic Church. They created the confusion between Men Of Black (MOB) and Men In Black, a movie.

The

**Aryan Brotherhood**, which includes the Neo-Nazis (National Socialist White People's Party), The John Birch Society, The Ku Klux Klan, and many motorcycle gangs, as well as a number of heroin-sales street gangs, also has a mafia, with some similarities to the original Nazis. No longer chasing Jews, this group usually still hates Blacks, Mexicans, foreigners, gays and lesbians, poor people, and others. Usually called White Supremacists, some organizations of this group are not that at all, but merely the equivalent of a women's, Latino, or Black organization, empowering their members. AB fights such causes as having to be Black or Latino to get a job, and other discrimination issues against White people because of being White alone.

**The Mexican Mafia, or "M"**, which includes street gangs on both sides of the border, prison gangs on both sides of the border, and political parties on both sides, started in the 1950s as a way of obtaining a better life for ordinary Mexicans. The 12 Jewish Ruling Families of Mexico, as an adjunct of their political party the PRI (United States Republican Party) started many companies in the U.S. that were labor-intensive, hoping to find jobs for Mexicans to emigrate. The largest, Pepsi-Cola, was to compete with Coca-Cola and had the divisions of Frito-Lay snacks, Wonder Bread, Kentucky Fried Chicken, Pizza Hut, Dolly Madison and Hostess snack cakes, Red Lobster, Taco Bell, On The Border Mexican Grille, Captain's Steak Joynt, Applebee's Restaurants, Olive Garden

Restaurants, Long John Silver Seafood Restaurants, A & W Root Beer Drive-ins, and many more. (Big Boy and Shoney's are part of the Jewish Mafia, not Mexican.)

The legacy continues today with Denny's Restaurants, Subway, and 7-11 (in shared cooperation with the Jewish Mafia). In Mexico, the Mafia owns all the banks, ranches, shopping malls, hotels, golf courses, tourism districts, newspaper, broadcasters, and taxicab companies, over 99.999% of everything. A bigger problem than the 89% that the Mafias own in the United States. The Mexican Mafia fixes elections, arranges murders of police, sells dope to children on school playgrounds, and way more. It is a Mexican compilation of all our Mafias combined. The Protestant Mafia, or Masons, are considered a terrorist organization in Mexico because they compete with the Jewish Mob that owns Mexico, and its ties to the M. Ties of both to organized crime, drug trafficking, bribery, extortion, murder, rape and child prostitution are everyday news stories.

In the United States, M controls the restaurant business in urban areas, which is how our gangster vampires get their fix. Fast food is Mexican-Kosher. They also control our prisons, probation, parole, and prison guard unions. They have gang watches of territorial street gangs that rule neighborhoods, and a strong presence in the US military. Addiction to "mud" (Mexican brown heroin) is required for all non-military members, and they are paid in it. Since heroin addicts will kill their own children for a bag of heroin, the gang addiction works. Failing to get any, a heroin addict will commit suicide. Heroin addiction is permanent. See [NZ9F.com/Drugs](http://NZ9F.com/Drugs).

Management of M companies is usually member-addicts only, and those who make extra corporate profits can look forward to more mud. Bad sales can result in getting your fix late, because there were shipment problems. Don't you love your career in restaurant management?

In certain ways, this is the most dangerous of the Mafias, because the people can be very desperate, plus there is a poor

structure of organization and control. US efforts at destabilization of the Mexican Mob has resulted in disorganization, where now any local despot gang has authority to kill anyone. Not so among the other mafias. My org does not kill people at all, as there is no suffering in that for the person. If they happen to be having a tough life, killing them does them a favor! Death punishes their friends and family, and some of their friends, missing them, may be friends of yours, too, so killing them hurts your own people. The US causing disorganization in this mob group causes chaos instead of control. Bad politics. They are here, like it or not, and you can control them to use them for your own good, or fight a losing battle to control them.

I call for the Masons and CIA to help bring this Mob under organized control, via assisting Sedena, the Mexican CIA. The M Mob has ties to the Jewish Mafia (Better Business Bureau) because of who owns Mexico, plus it has ties to the Protestant Mafia (Knights Templar and Masons) thru dope sales by their political party, the PRI, or United States Republican Political Party. The PAN (US Democratic Party) is also involved, but lesser so, and fights between Democrats and Republicans produces the drug wars.

Currently, M is trying to eliminate credit cards from Mexico by getting magnetically-charged iron particles into credit card readers. Cash is easier to steal. Credit cards are being erased when you use them.

The Mexican Mafia is a member of OPEC, the petroleum cartel, and owns Pemex, the Mexican oil conglomerate. They also own Bachoco, the chicken and egg cartel, which has tripled egg prices the past few years by killing or bankrupting US egg farmers to eliminate price competition. They have also doubled the price of chicken, either by taking over farms and inflating prices, or by tearing them down to partner with Jehovah's Witnesses and the Latter Day Saints, both in the Mormon Mob, using the land in real estate scams. M also controls the leather business, which is why shoes cost quadruple the US price in Mexico. **Page A-13**

M owns poppy fields in Mexico, as well as fishing boats in La Paz used to import dope. The Mexican fishing fleet, local police, and even the Mexican Army are operated by M.

Shown are the symbols for the Russian and Chinese Mafias. .

## Your Mafia Connections

Since all Gnosis is by religion, and so are the Mafias, and no religion allows new converts participation at the top level of either, ask around among your friends and extended family what connections they can let you in on. Your teachers, too, may be **Page A-14** able to get you a placement. Going to a religious

school, of course, helps. Anyone can put you in touch if they are in the Controlling Class, such as police, broadcasters, etc.

College fraternities and sororities help getting a social placement in the Mob for members. Try to get mafia assignments that are both moral and legal, if you can. Maybe you can help find who is stealing money from one of their businesses. Tell the whole truth to your handlers, without embellishment or exaggeration. Report the news, don't be it. Keep your opinions out of your intel report.

Find out which Controlling Class job you want, and **negotiate that BEFORE getting an education in same! Very important! Once you have the education or training it is too late to negotiate placement. Never do this backwards. It is your duty to obtain permission from the Godfather to get placement at a particular job, before obtaining any training towards that job.** (Unless you want your legs broken, but only in a gangster movie.)

## **How does this cause Homelessness or Lack of Employment?**

Gnosis and Homelessness: Gnosis has been used to hypnotize and brainwash people into believing that it is alright to have some people who are poor, even too poor to afford housing. Public opinion, chat, the media, universities, and the pulpit are promoters of the thought that homeless somehow are responsible for their situation, or even that they want to be homeless.

Usually, some semblance of mental illness, drug abuse, alcoholism, or laziness is used as an excuse to blame society's victims for the problem that society has caused. Sometimes the economy is blamed, too, but there are homeless people even in a good economy. Hard working homeless people with no mental illness, no drug abuse, no alcoholism, and a good education.

**If you are homeless or do not have a job it is because the Mob Boss wants it that way, and NO other reason!**

**In the Internet Business**, the Microsoft Windows concept of "cookies" is gnostic, as computer cookies are memory information left behind in the user's (computer) memory. The word cookie is "*galleta*" in Spanish, which means either cookie or cracker, including the crackers of Holy Communion. Browser cookies DO interfere with loading, accumulate to cause crashes and slowness, and can be used to sabotage computers. Cookies are a part of the "1984 Big Brother" mentality of computer science, where the mafias know everything, and snoop into your sex life via a web-cam that is secretly hidden in your bedroom cable box. Prevents all of that unlawful oral sex, of course. Get caught, and you will lose your job for "unrelated" reasons.

Heil Hitler? The Third Reich New World Order (Novus Ordus Seclorum) has now enslaved everyone, and those attempting to break their corporate chains will be secretly executed in a hospital. Today, the mafias get copies of all e-mails, plus learn who knows what about everyone, by what web pages they visited. By clicking on this web page, you automatically sent a warning that you are gnostic, and so you may never get a job dealing with food the rest of your life.

**From the San Diego Homeless News, Street Edition, January 2014:**

Eating human DNA (**usually blood or semen secretly added to food by nonprofit organizations and/or churches**) results in mental illness, reduced sex drive, difficulty focusing and concentrating, sexual difficulties and dysfunction, lower self-esteem, memory problems, attention span problems, difficulties with interpersonal relationships, laziness, trouble sleeping, increased discomfort from smaller pains and/or itches, fewer dreams and of lesser quality, motivational difficulties, emotional distress, increased gullibility, unfounded trust, difficulties telling lies from truth, addiction to religion or the bible, and often

causes other problems such as drug abuse, alcoholism, criminal behavior, or suicide. **It also makes people easy to control, hypnotize, socialize, and brainwash. That is why the Nonprofit Organizations all use it, without exception, in the free food given to the poor and homeless** (based upon current research). Unfortunately, it causes those problems listed. All food you buy contains DNA (human blood and/or semen) added to it already, but it is a very small amount. Some of the local organizations add way too much, causing way many problems as a result. **How do we expect people to "get better" and "get a life" when we are sabotaging their lives thru their food?**

Companion article to the one above, **How do we know Israel was involved in Sept. 11?**

Surveillance video from the Twin Towers exists going back over 15 years. It was not destroyed in the blasts, because it is stored at a video surveillance company nearby. It arrives by cable. Videos show the faces of thousands of people coming and going, many of them every day. About 150 prominent Jewish businesspeople were there every weekday for 15 years, shown on the videos, entering and leaving at specific times each day.

On September 11, 2001, not one of these 150 Jewish businesspeople entered the building. Does this prove Israel knew? It does prove that somebody knew, be that US Intelligence, or the Cabal (Better Business Bureau, the Jewish Mafia.)

There is also video of the second plane striking. We have no video of the first hit, but camera crews covering the first plane hitting were already there and we have good footage of the second aircraft strike. Looking at the film, it is obvious that the blast is caused by explosives, and not just an aircraft. Jet fuel cannot cause that kind of a blast.

So, were a lot of explosives on board the plane, or did it hit explosives in the building? **Page A-15**

**From Media Page, www.NZ9F.com/M. This was published early October, 2011.**

**Israeli Involvement in September 11** is a topic of one or two protesters at Occupy San Diego. There are also counter-protesters who say it is lunatic stupidity. Well, it is entirely obvious that Israeli Intelligence knew all about it, and the protesters will give you that proof, (excerpts above) so did Israel tell the US about Sept. 11 in advance, or not? Either scenario looks bad. Either Israel is a co-conspirator, or US Intelligence was involved in intentionally sacrificing those people in order to interest Americans in the George W. Bush War on Terror, the war that erased all of our internet and telephone (and banking) communications freedoms.

Pearl Harbor was known about in advance, since we had cracked the Japanese radio codes. It was used as a sacrifice to get our people interested in fighting World War Two. We

**Page A-16**

**End of Gnosis Section. Package A also has ABA and Organize, which follow.**

Americans do not wish to fight a war unless attacked, unprovoked. Was Sept. 11 the same thing? **The reason certain people involved are held at Guantanamo Bay, Cuba, is to prevent them from talking to the Underground Press about Kismet (Israeli Intelligence) agents involved in Sept. 11.** I cannot say for sure if Israel had Arabic double-agents, secretly working for Israel, planning and executing Sept. 11. I can say, however, having gone to a Jewish university, that I did know of many cases where synagogues hired people to deface or burn their own temples, in order to then blame the Nazis in the news media. I also knew several paid killers who worked for temples.

It has just been discovered (Oct. 2013) that BBC News, the British Broadcasting Company, aired the news about the Sept. 11 mess 18 minutes before it actually happened.

# ABA, American Bar Association

The **Bar Association** is not a league of tavern owners, but a secret club of Barristers, the British word for a Senior Attorney, the kind that handle appeals. One of its divisions, the American Bar Association, was formed to further the interests of the Bar or Mafia, also known as the Swiss Nazi Knights Templar of the World Central Banking System. More about the Mafia is found at [NZ9F.com/Gnosis](http://NZ9F.com/Gnosis), and **if you do not understand that, then there is no way for you to understand this.** You must read and understand that page, first.

The **Knights Templar** (the Godfathers) run all law schools, medical schools, and universities, own all banks, all major publishing companies and newspapers, and all broadcasters. They control all militaries. Their big money makers are Real Estate and Banking, along with Food Production and Energy. Entertainment and News is a fourth money maker. The Knights Templar administers the Controlling Class of Society, also known as Professionals. All Professionals must follow orders from the Mafia. Some of the ranks they assign are:

**KNIGHT / GODFATHER:** Highest-ranking Military, Press, Banking, Universities, Real Estate, Police, Clergy, and Energy (gasoline, natural gas, electricity).

**SOLDIERS (Squires, Esquires) OF THE BAR:** These are Attorneys and Judges, Top Ministers, Top Government and Police, Chief Editors, Top Professors, and similar, who have sworn allegiance to the Bar.

**THE PRESBERY / CLERGY / Gnostics:** These are members of the **Controlling Class**, also known as Professionals, sworn to socialize (brainwash and mind control) society, keep everyone interested in God and holy texts (and even professional sports) instead of reality or politics. Bartenders, Wholesale Food Administrators, Institutional Chefs,

and a whole lot of others belong to this class, the Clergy, because they add the blood and semen (and other hypnotic substances) to keep society controlled. **Once again, if you failed to read Gnosis Page, [NZ9F.com/Gnosis](http://NZ9F.com/Gnosis), then, of course, you do not understand any of this.** This is part of how the Controlling Class administers love, hypnosis, and control.

**CHARISMATICS / LAY MINISTERS:** Not ordained, and mostly not even aware of any of this, these folks do not even know that there is no God, heaven, hell, Satan, or any Life Hereafter, but they have been SO hypnotized and brainwashed that they want to "help Jesus" and help the ministers. They do not know that all religion is pure lies. They work for the love (grace) that the Presbery and Gnostics give them, because it makes them feel so good. These people are NOT Gnostic, which means that they do NOT know about the blood and semen added to food to hypnotize, brainwash, control and establish the "flow" of "love".

**SHEEP / GENERAL PUBLIC / "NORMAL" PEOPLE:** These are those controlled and hypnotized. The military needs a lot of intensely-brainwashed sheep because they have soldiers with weapons, and must have them trained to obey. There is 3 times the usual amount of control drugs, including Rohypnal, in all military food. This causes soldiers to have massive psychiatric problems for life (except officers, which are in the Lay Ministers Class or higher, above) making most military un-employable once they are done serving in the military, if the experience was traumatic enough. Soldiers eventually learn that everything they were taught about God and Country was a huge lie, and then they kill themselves. Death is really not supposed to be a normal part of military service! **Dynasties like the United States could not operate without people stupid enough to be soldiers.**

**Lawyers and the Bar Association:** Understand that there are no lawyers for a court to appoint for you, nor for you to hire to represent you, and they are a conflict of interest, because they **Page A-17** are Officers of the Court, sworn to represent the

Swiss Nazi Knights Templar, the Mafia (Bilderberg Group) and its Bar Association, and their interests and secrets. So, do not accept any "public defender" or "counsel", as no true lawyer exists in their "Bar Association", as they have been prohibited from exercising law and are only enforcing policies (legal interpretations) instead. **Honest lawyers lose their Bar Licenses almost immediately.** The "Legal" system of the United States was established by the "Crown Temple" of the Mafia, the Nazis, at the world banking temple of the Pharaohs, in London, the Knights Templar Temple, also known as the Crown Temple or Crown Templar, and is located between Fleet Street and Victoria Embankment. Descended from the Pharaohs of Ancient Egypt, the Temple of Money eventually descended to the Emperors of the Roman Empire, and in the Year 0 C.E. was transferred to London because of the Roman Army being defeated by the British Pagan Queen at London Bridge, Londinium. The Crown Temple controls the Global "Legal" system and its banks, including those in the United States and Canada, because all Bar Associations are originally franchises of the International Bar Association at the Inns of Court at Crown Temple based at Chancery Lane in London. All Bar Attorneys throughout the world pledge a solemn oath to the Temple, even though some may not be aware that this is what they are doing, because they are only given an inferior understanding of Law, enough to keep them brainwashed into the Temple's agenda. The Bar is not a Constitutional establishment, but rather a British (and formerly Egyptian, Greek, Roman, etc.) secret society, under the Knights Templar, who today are controlled by the Rothschild and Rockefeller banking families. (See illustration, end of sheets.) In approximately 1943, as a result of World War Two looming, the duties of the Temple were transferred to Geneva, Switzerland, with the instructions that the Swiss must stay out of the war. After World War Two, circa 1945, the duties of the Temple were transferred to New York City and the Rockefeller Banking Family, until about 1974. When the US lost the Vietnam War to China, via its North Vietnam satellite, a new Epoch began, the Epoch of China, EC. We are in the Year 40 EC at this time.

An attorney is not a Knight (Godfather) but a Soldier or Squire (Esquire) of the Knights. All attorneys work for the Knights, the Mafia. All have sworn an oath to them, and not to you. This is why all lawyers have a Conflict of Interests in representing you. Whatever you say in the utmost secrecy to your lawyer **MUST** be secretly told to the judge, who will tell the bailiff, who will tell the jury and the press. Often a lawyer will lie about what you have said, but they can be disbarred for their failure to give the truth to the Secret Organization. Lawyers give blood samples that are added to the food of the jury, to help hypnotize them into believing whatever bullshit is being presented in court. Bar Association "licensed" Attorneys must keep to their oath, pledge and terms of allegiance, to the Crown Temple. Kings or Queens are also subordinate to the Crown Temple, and have been since King John in the 13th century, when royal sovereignty was transferred to the Crown Temple, and through that was transferred to the Roman Catholic Church (Jesuit Nazi Division, the group known as the **ILuminati**, which owns all the Catholic law schools and medical schools). The government of the United States is not "for the people, by the people", merely a subsidiary of the Crown Temple (World Bank, Swiss Nazi Knights Templar, IMF, Bilderberg group, International Monetary Fund) along with the U.S. Central bank known as the Federal Reserve, because the "Global Banking System" is controlled by the Crown Temple IMF (nowadays located in New York City) as well as the "Legal" System. Bar Associations were once awarded their franchises by the four Inns of Court at Temple Bar, in which are the Inner Temple, Middle Temple, Lincoln's Inn and Gray's Inn and they are nothing less than **exclusive secret societies without charters or statutes, thus making them a Law unto themselves.**

The Middle Temple was originally the one that controls the "Legal System" for the United States, as where the Crown Temple owned America through the deception of those who have sworn their allegiance by oath to the Middle Templar Bar. Your name on a land title indicates that you have "borrowed" that land from them, temporarily, under British Law. British Common Law is still the law governing many things in the

United States because back in 1776 there was no time to pass thousands upon thousands of laws for this new nation. When the United British Colonies of America became the United States, they accepted all British laws except those changed by the Constitution. If you are looking for the laws controlling how much blood and semen goes into food, that is in the Law of Commons of Great Britain. It is law to this day in the US.

Seven *Middle Inn Templar's* who had pledged an oath of allegiance to the Nazi Crown Temple (including Alexander Hamilton) were among the members of the Constitutional Convention who signed the Constitution, to which you were never told that copies of the American Constitution and the Declaration of Independence hang on the wall of the library of the Middle Temple in London because they were the force behind both of them. They love in American schools to throw 1776 up as its Independence Day, while knowing it is the year that the Crown Colonies became legal Crown States, because the Declaration of Independence was a legal, not lawful, document. They never tell you that it was signed on both sides by representatives of the Crown Temple, and that legally it announced the status quo of the Crown Colonies to that of the new legal name called "States", as direct possessive estates of the Crown. This was true until World War Two, when Britain needed help or it would have been defeated by the German Nazis. (World War Two was fought between the German Nazis and the Jewish Nazis.) The US demanded an end to British colonization of Pacific Islands, the return of many of same to their original peoples, and the complete and real independence of the United States as a sovereign nation. Granted by Britain, as else is to have everyone speaking German today.

So now you know the United States is controlled by the Knights Templar "Crown", who are controlled by the Roman Pope, who himself is controlled by the Nazi Jesuit Illuminati (who own all of the Catholic law schools and medical schools) better known as the Banking Families of the Bilderberg Group. If you really wanted to get technical with it, you would discover that the Crown which was passed from the Monarch to the Knights

Templar, who govern Britain on behalf of the Roman Catholic Church, the Knights Templar's who control the United States, and that would be the Mother Whore known as the Roman Catholic Church. She is the Mother of All Harlots, and the harlots would be all religions upon the face of the earth, they all are authorized to exist by her, because they come from her. (Editor's Note: I left all the biblical insanity-language in, because it was so flowery, but only lunatics believe in God, heaven, hell, Satan, or the bible. You know that, because you are intelligent enough to have found articles like this.)

So now you know why lawyers are so crooked, and the legal system is so corrupt, because its not Just Us that is established, but rather Just This (Justice). The American Bar Association was officially founded by the Rothschild (Rockefeller) banking family in 1879, in Indiana. **Lawyers have a stake in writing bad laws, because good laws don't make them much money, and because good laws tend to be obeyed, whereas bad laws are not.** Did you know that the very first law passed by the Indiana legislature, after its takeover by the Bar Association, was to prohibit private citizens (laymen) from practicing law? This was an unconstitutional ruling designed to create a monopoly over the interpretation of law and the manner of its practice. This continues in many states to this day. In California, for example, you must be a Bar Association Mafia Gangster to file a summons or initiate a lawsuit, no matter how well you know the law.

These lawyers under the Bar Association whether they know it or not, are in the business of taking away Constitutional Rights from sovereign citizens and giving their power to a banking family. The Bar Association is also charged with generating laws and codes which serve Rothschild and Rockefeller interests, which include a number of large corporations and whole industries, in which the Rothschilds and their associate bankers have invested, in which these include drug companies, oil companies, insurance companies, educational institutions, religion, medical industry, auto and munitions manufacturers, **Page A-19** real estate, housing, and the mass media. The

Mafia makes most of its money on **Real Estate**, especially housing and loans, plus **energy** and **food** production. All of these boom when there is more and more population, which is why they hate suicide, abortion, murder, and even homosexual couples (gays do not biologically produce children.) Less profitable, but important to keeping everyone controlled, is the **Entertainment and News industry**. The Criminal Justice System is used to convict those who oppose the Mafia of crimes they did not commit, and broadcasting companies lie to make those people look guilty. Over 80% of everyone in US jails and prisons never committed any crime.

The Bar Association Lawyers have taken every measure to obfuscate the law, by creating a whole new language, which although it sounds like English, the definitions of words may differ tremendously. They have created non-laws outside the scope of the Constitution, and often enforced with more vigor and stiffer penalties than legitimate law. They have even conspired to change laws by changing existing legal definitions, without legislation. For this reason, old editions of Black's Law Dictionary from prior to 1930, have become extremely valuable, and because the Bar Association has established a total monopoly over the interpretation and manner of practice of law, they can, as an organization, commit any crimes, perpetuate any scams, upon the American public with total impunity.

So understand that when a court "forces" a "lawyer" (or Public Defender) upon you, as your counsel of "choice", against your will, you must object, because failure to "Object", waives your Objection. So you must "Protest", because failure to protest waives your Protest. You must make an inquiry of the potential "Lawyer", "ask him if he or she is aware that for every Law or Code Title and section number, there must be a "Remedy" provided by the Legislature? If he says "No", disqualify him as "unqualified and incompetent" because he does not know the Law or Code "Remedies", by his own admission. If he says "Yes", ask him "Will you tell me what the "Remedy" is, so that I will not be found "Guilty" of this charge? Please know that he will not definitely say "Yes", because he would be "Disbarred" if

he did. But give him about 60 seconds to bumble about, and then say to the Court, "This man is clearly unqualified to represent me Your Honor, I reject him as incompetent, ineffective, and insufficient Counsel". After they have gone through a few "Lawyers" this way, the judge will usually become frustrated, because he realized they can NOT find a "Lawyer" that will be "effective Counsel", and that you will not be tricked into "acceptance" of any "Court Appointed" Officer, due to "ineffective assistance of Counsel", and they usually drop the charges. (What they really do is just send you to prison, claiming you molested children, or some other false charge. Hollywood actors are used to do this, much like the women hired to say that San Diego Mayor Bob Filner "molested" them. Very common.)

They may "give" you time to find an attorney, to which you return and say: I have tried and tried, yet every attorney I have spoken to has a "Conflict of Interest" because he has sworn an "Oath" to support my (Bar Association Interest) 'Adversary', furthermore I was unable to find one who was not an "Esquire" and apparently the attorneys I attempted to interview are unregistered foreign agents wherefore, I fear for the danger of being charged criminally for acting in collusion with unregistered foreign agents since there is no way to know how many laws they might break.

You might be wondering what is this "Esquire", well understand that even before the founding of the American Bar Association, lawyers were granted a title of nobility, which was called "Esquire", by the Rothschild family. This was so scandalous in the early 1800's, that an amendment was ratified to make it a felony for anyone in government to hold a title of nobility. So efforts were immediately made, to bury the new amendment and destroy all traces and records of it from the law books and history books. Since evidence has now reached the surface in this to this amendment, lawyers all over continue to deny its existence, for the sole reason that it threatens to expose every single lawyer in the United States, as a traitor to the United **Page A-20** States. As you have seen so far in this lesson, every

lawyer bears a title of nobility, and they are a party to imposing foreign jurisdiction in almost every courtroom in the country, making the United States Constitution unavailable, and the people's Constitutional Rights inaccessible to them as Americans, which this is treason against the people and Constitution of the United States.

As was said earlier, the judge will "give" you time to find an attorney, so in your "search" for an attorney, be sure to ask him or her the following questions below to help you determine their incompetency. If you take these questions and write them up in a word file on your computer and print them off and have them fill them out, then you have a paper trail to utilize if they don't, you have a refusal to do so, and that is still a documented course of events that you can utilize as proof of your position that can be necessary to the courts to prove further the attorney's incompetence. **Administer this in writing and keep copies for the Court!**

**Questions:** 1. Do you carry malpractice insurance? If so, may I have a copy of your policy or the name of the carriers and the policy number?

2. How much experience have you had defending a case involving (this subject matter) and how many such cases have you won? References: names & phone #s. (Most lawyers will say this is privileged information, but it is not, and is a matter of Public Record.)

3. For "appointed counsel", Exactly what are your fiduciary duties to me as a third party recipient of your services? Do you actually have a Vested Interest in losing my case, or in having the results of the court trial go the way that the Mafia and their Bar Association want?

4. Is it true that lawyers, judges, and other members of the Bar influence both the General Public and the Jury by placing their blood and/or semen into the public food supply? Is it not true

that this helps influence them that the proceedings are legitimate, and not just a big pack of lies? (If truthfully answered Yes and Yes, your lawyer can be Disbarred for revealing secrets.)

5. Please answer in writing over your signature the following questions:

a. What is your legal theory of defense? b. Where is the court of original jurisdiction located? c. Who or what is the principal party in interest? d. What is the body of law from which the rule of law is to be drawn? Please include all Titles of the United States Codes relative to or ancillary to the charges.

6. Do you or any member of your trade association have a financial interest of any kind whatsoever in the proceedings before the court? Please explain any potential conflict of interest in writing over your signature?

7. Will you agree to represent me, and my best interests, in opposition to the Bar and its interests, in violation of your Oath to the Bar? Are you aware that the Bar, and its Knights Templar of the ILuminati are considered a Secret Terrorist Organization in many countries, including Mexico?

8. Are you aware that defense counsel appointed in a federal criminal proceeding pursuant to federal statute cannot claim any "official" immunity under federal law in a malpractice action growing out of it?

**Always ask these questions which will prove they are incompetent, and always deny their appointed legal counsel as aforementioned. Remember you have the right to your own counsel, as noted in the Constitution of the United States. Good luck finding one that is not secretly in league with the MOB.**

(This is what happens when you make progress against the terrorists who run our government.)

## How To Run a Protest Group:

Presented by Milwaukee Free University, and the notorious Prof. John Schlitz Kitchin. Okay, infamous? See also [NZ9F.com/Corruption](http://NZ9F.com/Corruption), in Package B.

**Introduction:** These are the absolute essentials for running any dissident group (the police already know this):

1. You must understand how government works, in reality, and not the Wikipedia version. [NZ9F.com/Gnosis](http://NZ9F.com/Gnosis). (previous section) and [NZ9F.com/Me](http://NZ9F.com/Me). (In Package B.)
2. You must understand how hypnosis, socialization, religion, brainwashing, social media, television and radio, other media, sports, the secret organizations, and even food are used to control people. Anyone using the words

"Conspiracy Theory" is either stupid or a cop, undercover.

3. You must understand, be familiar with, and have a working relationship with the police and their secret organizations that control all of society.
4. You need a working familiarity with the Mental Health System, how it is used to suppress dissent, and how it is used to conceal the truth about the other planets and alien species. Anyone who says that all this is crazy talk, is either stupid or a cop. You must also know exactly WHY all this is done this way.
5. See [NZ9F.com/Corruption](http://NZ9F.com/Corruption), [NZ9F.com/MH](http://NZ9F.com/MH), [NZ9F.com/Angels](http://NZ9F.com/Angels), [NZ9F.com/Moroni](http://NZ9F.com/Moroni), [NZ9F.com/Masons](http://NZ9F.com/Masons), [NZ9F.com/Gesu](http://NZ9F.com/Gesu), [NZ9F.com/Drugs](http://NZ9F.com/Drugs), and [NZ9F.com/Suicide](http://NZ9F.com/Suicide). (Packages A and B.)

Shown is the god Osiris, the Coptic (Coeptis) Horned Viper, the "god" of the phrase "In god we trust." Its venom contains a drug later isolated and currently sold as Rohypnal, a hypnotic. This snake helped the Ancient Egyptians build their pyramids, by keeping both slaves and workers hypnotized. Annuit Coeptis Novus Ordus Secolorum, on the dollar bill, means "Our Coeptis (Coptic in English) god-snake approves of our New World Order (secret society)."

**John Kitchin, Professor of Applied Psychology, Milwaukee Free University [www.NZ9F.com/MFU](http://www.NZ9F.com/MFU)** (Facebook John Kitchin 1, anyone may post whether friends or not, and all automatically friended.) **Page A-22**

The above articles are a good introduction to the field of Applied Psychology, which is neither Clinical (Mental Health) nor Experimental Psychology. Applied Psychology helps your sports team win, helps your political candidate win, helps your cause get good press, helps your organization get government funding, helps the general public learn the truth, changes the opinions of society, and similar issues. It can also be used to change behaviors regarding racism, sexism, smoking, drug abuse, and even nudity. It uses what is already known about psychology and psychiatry to make a difference in the real world. Obviously, this is at the heart of any social change.

## Methods of Social Control

While eucharistics and hypnosis (as well as broadcasting) are the most common methods of Social Control, Facebook is a new electronic method. By what you Like and the Comments you make, the Rulers decide whether you get the job, or any job at all, or can become licensed as a professional. Ditto for apartment rental and home loan applications. There are computer screening programs that rate your "complacency" or willingness to put up with a lot of shit.

Scoring can be done by computer, so when the Mormon Godfather gets your housing or job application, you may get preference or veto. Facebook also influences by which comments get published and shown versus which ones go into the "View All 49 Comments". The Facebook administrators have programs that help "channel" people into certain sorts of thinking, leading to complacency, home ownership, escape via entertainment, families, traditional marriage, lots of children, believing the media, hard work for very little money, shutting up, failure to think, and even un-welcoming protests. Very efficient.

Society's rulers make trillions of dollars on this process, mostly in the form of outrageous rent prices and food prices. Add transportation, medical care, and much more for the total picture, not to mention Hollywood. A fair price for rent is the \$65

a month that many pay for their apartments in Tijuana. A doctor in Cuba gets \$2 an hour. An ex-girlfriend of mine, a doctor in Tijuana, got paid \$3.50 per hour. Welcome to reality, without the Mafia controlling prices, the way real estate mobsters do in the United States.

Facebook uses skills (confederates) like Las Vegas does, to tout slick super-conservative bullshit such as this nation being broke, and lots of buzz-phrases. Al Gore was a "waffler", said one man. I asked if that meant he was a chef that cooks breakfast. He did not know what the word meant, but it was a bad thing, whatever that is. Cannot vote for any wafflers out there. The skills try go get you involved in silly on-line games, Hollywood, television, anything that escapes reality and helps to bury your head in the sand. Stop thinking, dammit! That is complacency, and we all need to escape at times, but it's like a drug, and addictive. Facebook will have you addicted, and living in its nether-world of Friending, Liking, and did you catch the latest on TV? When is your birthday? We want to send you free movies as a present to brainwash the shit out of you, and help addict you to Hollywood crap.

Facebook also censors comments it does not like, and shows different screens to different people who are on the same page. If I make the comment that "Television is for idiots", it will not appear on anyone else's log-on to a particular page, only mine. So, if I go to that page, I see my comment there. But if you go there, it is not there. Individualized censorship, to avoid detection. Each person gets a unique mix of shit, tailored to what stage of the Social Control process they are currently at!

So, to properly use Facebook, you need to "be" 8 or 10 different individuals, plus never use the same computer for your different identities. You can then use your "other people" to check out your comments and censorship. You can even Like things that you have written, using other identities to do so, and this is extremely common. The whole "Like" thing is a scam, and each of my Facebook identities gets a different number of Likes for **Page A-23** threads, on each page. So, if I am John Kitchin,

your comment got 42 Likes, but if I am William McGregor, it got 1887 Likes. This form of Social Control is called "Me Too" and it is the way elections work, when somebody gets 3% of the vote, yet the news media says they got 94%. Everybody wants to be somewhat normal or average, plus, well, if billions and billions of people feel that way, then maybe they know something that I don't. This has been used for thousands of years.

**About one-third of what I write on Facebook is censored off, so I have my own blog at [www.NZ9F.com/Home/Blog](http://www.NZ9F.com/Home/Blog).**

## **Big Brother and the Cell Phone Police**

Cell phones are used to locate people, and keep track of them. Every word and message sent is permanently stored, to be used if and when an investigation may be warranted. Your location is transmitted, and goes into a police data-base. I once hid in the mountains of East County due to being homeless, and often police would arrive, and stand in the exact remote location where I placed a cellular call, using scanning equipment. I was watching from another nearby mountain. The same has happened in rural Mexico. Your cell phone when turned off still transmits your location every 15 seconds, and if you take out the battery, it still records exactly when and where you were, transmitting that information once you make your next call!

So, if a crime was committed at 2 AM on 15th and Maple, what cell phones were there? Where are those people right now? Aerial photos are also taken of the entire planet every five seconds, and can be used to see who was where and when. In clear weather (no clouds) the space imager can read a license plate. Look up the information in the CIA data base.

**Currently being actively hacked, in real-time.**

Cameras also photograph license plates on all highways and connecting roads, to pinpoint perpetrators of crimes when nobody has a cell phone. That, and the space imaging, is a big

part of police work. George Orwell (the book "1984") would be proud.

## **Acceptable Forms of Protest:**

Trying to avoid negative attention and thereby the hatred of the public involves not pissing them off. Otherwise you harm your group and its message, which is just what the police want. They also want confusion, and will use the news media to lie about you.

Overpasses of the freeway are okay, but neither distract drivers causing a crash, nor send any complex message. A 3-word (maximum) banner on the freeway fence, obscuring the view of any protesters, is acceptable. Make sure all humans are hidden! Visible protesters will distract drivers, which will piss off a lot of people, sort of like encouraging folks to text while driving. Sign spinners are illegal in El Cajon because of the car crashes they cause.

Consider a deck of playing cards with the corporate perpetrators and their crimes on them, just like our military uses to publicize offenders. Make a nice profit on the cards for expenses.

Picketing works good, and is an accepted form of protest. People who must use a business feel bad about crossing a picket line. To be effective it must be continued for months, however. Flyers and leaflets work, if you hang out a long time in one place to distribute them, like Jehovah's Witnesses Real Estate Company.

Facebook works a little bit, but gives the cops a list of sympathizers to target for loss of housing and employment. Often the medical profession is used to target those who enter hospitals, since the medical schools are run by the Mafia, and you need to make a deal to get into one. Risky. Facebook **Page A-24** requires receivers of your messages to be identified.

Websites can be used to send your message (the WWW kind, not Facebook) but data is collected by the Military Police, similar to FB data collection, unless a Phishing Filter is used. Log on using Microsoft Internet Explorer, and activate the Phishing Filter to conceal your identity. Police can still identify you, but it theoretically takes a court order. Police never obey the laws, however.

The use of internet cafes in Tijuana allows you to use a different computer every hour at 80 cents per hour. You can form a new email box each day, for use that day only. This ties the cops in knots. They have to trace from the receiving end, so get a bunch of new email boxes for those you will be sending to. Keep your message vague, using "our favorite beach" instead of its name, for example. Since individual computers identify themselves, they need to use a City (not County) library computer. County computers identify via library card number.

Sending your social change message from a church pulpit is effective at changing the behavior of females. So is the "Oprah Winfrey" talk show format, used a lot on TV. Neither of these works to change the behavior nor opinion of males, however. At least some of your change messages will be agreed with by clergy and churches. Ecology? World Hunger? Poverty? These are acceptable messages that most churches will allow a sermon on. Good way to change women.

Changing male behavior usually involves peer pressure. Not the same as female peer pressure where one woman says "Babies!" and the next one says "Euuuh! Poopy diapers!", a reference to preventing overpopulation. In a male, this would go more like, "Babies!" the next person saying, "Ugh! Diapers smell like rat shit!". Also an anti-overpopulation message. **Excess population causes ALL problems in society. See Abortion Page, [www.NZ9F.com/Abortion](http://www.NZ9F.com/Abortion) for how. Only the luckiest children get to become an abortion!**

Have your group brainstorm as to protest ideas, then get rid of the ones that the police inserted to throw you off-course. The

way this is done is to list all ideas in a public meeting, and then dismiss the meeting without further discussion. Use the web to come to conclusions, via email (NOT ON FB!). The antagonistic suggestions get tossed before a new meeting is called.

Anyone who wants or suggests a vote is probably a police operative. Encourage them to start their own group. They will then try to divide your group over an issue. If all this happens via internet, this does not happen. Likely, the cops will get very angry that you identified and threw out their bad ideas. Usually cops volunteer for the Internet Administrator positions, and also keep trying to get their friend cops into such positions, by always saying, "Joe needs more help....Let us add more new blood...", etc. **Do not accept new help at these key positions AT ALL. Gnostic groups have a strict rule that you must be in the group for twelve years before being in a key position such as having the password to email.**

Instead, what you do is to ask individual people to do things. Never ask the whole group what should be done. Delegate, give orders, do not accept tasks that are volunteered. **Those eager to volunteer may be a Trojan Horse.**

## More About Cops

Many operatives are Masons, Eagles, or even Kiwanis, although these police organizations are undercover and secret. We would technically call them "informants" as opposed to "cops", the "redacted groups" in the secret alphabet soup of the undercover Gnostic Groups that control all behavior in society. They have been around about ten thousand years. Most are not paid in cash, but in Spiritual Privileges, the privilege of having their blood and/or semen in the public food supply. Some get money, too. These are the very people who will become alarmed and yell "Bullshit!" the moment anyone talks about Spirituality, because it is the function of their group to keep all **Page A-25** that secret. They will insist that anyone who

discusses it is mentally ill, which they know is not true. They stand out, however.

What I do is to begin each meeting with a discussion on Spirituality and how much blood and semen is in all the food. Whoever causes trouble with that is asked to leave. Secret groups go one step further, by obtaining a blood or semen sample at the beginning of the meeting, and giving it to whoever works in the food processing business. **If you do not know about Gnosis, go start your own (unsuccessful) group! Intelligent people, yes. Apes, no. To join the group you must pass a test on Gnosis.**

## Quiz:

- 1.) The "redacted" or "MAFIA" groups are mostly: A.) Run by religions. B.) Run by the press. C.) Run by the police. D.) They do not exist. E.) Conspiracy Theory talk.
- 2.) What causes most mental illness and drug abuse? A.) Inbreeding. B.) Genetic mutations. C.) Human blood and semen secretly added to food. D.) Lifestyles and behavior. E.) Environmental circumstances.
- 3.) Who runs the medical schools? A.) The Catholic M.A.F.I.A. B.) The Jews. C.) The Knights of Columbus. D.) The government. E.) A and C.
- 4.) People who belong to the (or a) MAFIA are called: A.) Mafiosos. B.) Gangsters. C.) The Boys. D.) Businessmen. E.) Professionals.
- 5.) The easiest way to join the MAFIA is to: A.) Become a dope dealer. B.) Become a gun dealer. C.) Go to prison. D.) Join a church. E.) Become a cop.

The answers will eventually be posted. For further information on all this, **you DID read Gnosis Page, right? It is at [www.NZ9F.com/Gnosis](http://www.NZ9F.com/Gnosis).**

**BONUS QUESTION (essay):** What 4 intentional errors are on Gnosis Page, linked in the previous paragraph? These are there on-purpose to see who is paying attention. What are the errors?

Prof. John Kitchin, NZ9F, Milwaukee Free University

## The Problems with "Truth"

All apes have "beliefs", which are hypnotic suggestions similar to dreams as to what is accepted as reality. Humans being mere apes, and not intelligent life, causes beliefs to be the most common method of societal control. Hypnosis, that is, feeding your blood and semen to others in their food in order to control them, is widely used for this, and has been around at least 10 thousand years.

The ET guys say that if you have any "beliefs" AT ALL, then you are a Lower Life Form, LLF, like a dog, a frog, or an ape. Over 2 thousand planets have us LLF apes, including Earth, without any intelligent life. Many have technology, but technology does not count. Only 149 planets have Intelligent Life Forms, ILFs, and on these planets, there is no poverty, no police, no jails, no armies, no court systems, no theft, no crime, no lies, nor any other ape-institutions. Nor are any needed. The ET guys help get the ape societies like ours organized to someday become Intelligent Life. They say that Earth has about a million years to go. They realize that all civilizations, including their own, have been thru this stage. Even nuclear war will not end civilization on this planet, for if all humans were wiped out, more would be brought in from other breeding colonies. Yes, Earth is a breeding colony of humans. The ET guys are the "Eye in the Sky" atop the pyramid that is on the reverse side of the Dollar Bill. **Page A-26**

The Founding Fathers believed in the Pagan gods, one of which is Osiris, the two-horned snake god, pictured on top of Page A-22. They knew the truth. The US is descended from Rome, via England. Rome still controls its government, press, and organizations thru the Roman Mafia, just like thousands of years ago. Some in your group will dispute this, maybe even vehemently so, but that indicates either that they are undercover operatives who are intelligent, or they are very stupid and hypnotized. Do not go hard on them for not understanding the basics. They were hypnotized, as you were at one time, too. The truth will shock you way more than this little glimpse.

## Real Truths:

**1.) Life is a curse, not a blessing!** The rich are luckier than the poor, but those never born at all (such as abortions) are luckier still. Hence, to have human slaves on other planets (and here) there need to be breeding colonies which are hypnotized to procreate. The most common human slave is a soldier, requiring a huge amount of human blood and semen fed in their chow. The military cooks usually do not even know that the foods they are using to prepare meals contain these things. The officers donate the DNA. The fewer gnostics, the easier control becomes. Some societies, notably the Buddhists and Hindus, do not keep any of this a secret. Talk to them about how hypnosis is done, and the societal classes.

**2.) Children are the most likely cause of a marriage falling apart.** Adding a baby guarantees trouble. Children require love, understanding, time, patience, money, and much more. Do not have them unless you can give each one ten million dollars at birth. Otherwise you are part of the problem, and have doomed another individual, your child, into hell here on Earth. Society's ONLY problem is babies and too many of them.

**3.) Too many people, overpopulation, causes ALL problems.** Not enough jobs? No, too many people for the

number of good jobs that can be reasonably be created. Not enough food? No, too many people for the amount of food that can be reasonably and inexpensively grown. Not enough housing? No, too many people for the amount of housing we have and can reasonably build. Too much pollution? Yes, too many people for the amount of shit and piss that the world can erase easily by itself. Each person pollutes at least a little. The Earth can process by itself about a millionth of what is forced upon it nowadays, so we need one one-millionth our current population to be sustainable. The UFO guys warned President John F. Kennedy back in 1962 that our planet, at that time, was too populated. They gave us the birth control pill, and space and silicon technology.

**4.) No one in the Mafia, which controls all of society, believes in God or any life hereafter, especially ministers.** All professionals are in it, too, even bartenders. Positions are assigned based upon family, social class, and willingness to serve, and RESULT in your education and employment. Welcome to reality! Never get any education without a job offer first that is contingent upon that education! Talk to the Godfather, or see one of his Guidance Counselors for "connections". All professionals can connect you to the Mason and Italian Mafia, or the Mormon MOB, which is similar.

**5.) 90% of all hospital deaths are intentional murders.** Want to go to medical school? You will "whack" whomever we want silenced, using your skill as a doctor to avoid detection and prosecution. Okay, punk? Avoids having to send the "redacted" henchmen into the streets with guns. Messy. Most of them use long-range rifles with silencers, anyway, and they only get used if immediate results are necessary.

So, do you encourage your children to get involved politically and get "whacked", or do you tell them that "all those pinko-type communist protesters molest babies and need to get nuked!" You know that social change is necessary and right, but do you **sacrifice them?** Will you tell them the truth, that they will be **Page A-27** denied jobs and housing, and "put to sleep" in a

hospital if they advocate social change? Tough challenge, and parents vary. Stupid people wanted to carry on society, because wise people never have children.

**6.) Universities use government money to further the official lies upon which our society is based.** This is one of the precepts that Milwaukee Free University was founded upon in 1969, a protest by college professors in other universities being forced to teach bullshit. It has been said that a B.S. degree tells the truth about what it is, and a Ph.D. is just Piled higher and Deeper. Much truth to that, in that universities subject someone to the "official lies" and the accepted ways of helping to "prove" them. The Scientific Method is flawed as we use it today, because it does not account for the corruption rampant in the university grant system. Want to prove this lie? Here's a million-dollar grant. Similarly, those who prove what is really true, but does not go along with the "official fake knowledge" lose their jobs as professors, and lose their university grant money. So, **always look at funding sources before you believe what somebody purports to be the truth. Who benefits by this thing being believed as true?**

You must also look at those things which were withheld from the studies intentionally. The Dairy Society found that milk is the most nutritious food. They also found it to be a mucogen and carcinogenic. That last part got taken out of the study results. Unless you have the inside information, all knowledge is useless. So, talk to the dissidents. Anybody get fired recently for disagreement? Any other studies that disagree? What do they say? Who funded them? Talking to members of scientists in a study who disagree with the rest is a good way of getting access to the secret information withheld. The professors who disagree with their peers can point out why, and that is "gold" (gold is worthless, but we use the word to mean "valuable") because it points out what the study funders do not want you to know. Unfortunately, professors get fired for disagreeing, and severely punished for sharing these secrets, so this sort of thing needs to be hush-hush. **Page A-28**

Studies not dealing with humans are not so much of a problem. How do you make a better lawn fertilizer? Okay, but let us introduce the human element. Does the new lawn fertilizer cause cancer? When you add the human element, we start to distort information officially. Do cell phones cause cancer? Of course they do, and we knew that many years ago and have kept that a secret ever since. Your study shows the opposite? Okay, here's five million dollars, and thank you for proving a lie. Many things take years for the truth to come out. In the 1950s, cigarettes were touted in television commercials for their health benefits. "I'm George Goebel, and my lungs are so healthy because I smoke 17 packs a day of Chesterfield Kings, the cigarette for real men." George died of lung cancer. So did Arthur Godfrey, the Kool cigarettes spokesperson, advocating 22 packs a day of "Kool refreshment!" Cell phones cause cancer, developmental problems, and alteration of brainwave patterns. If you have proof of that you will be found dead in the river, probably a robbery victim. Everybody understand how this works? You want proof? Well, I am not willing to die, okay? **Knowing what you are not supposed to know is the basis of all truth.**

When the government inspector arrives at the casino roulette wheel and instructs a test-spin, stopping the ball on the number 8, the magnets had better work, or the casino pays a huge fine! Are you getting more intelligent? If not, be an ape and grunt for me a few times. They now call it gaming instead of gambling, because it is rigged. **If there is any of this you do not believe, it is because you were hypnotized to believe something else. As a result, most people wouldn't know the truth if it bit them in the ass, which is what this article does. Don't believe me? Practice grunting, ape.**

**7.) Humans were transported to Earth in order to colonize it, and to be later harvested as slaves.** Mormon and Jewish secret scriptures say this, as do Catholic Church Roman catacombs archives, which also contain extraterrestrial weapons and communications devices. There are also paintings of "angels" (see [www.NZ9F.com/Angels](http://www.NZ9F.com/Angels).) We are a genetic mix

created in laboratory, part ape, part ILF (Intelligent Life Form). This is why we lost most of our ape hair. ILFs do not have any hair. We are a blend to serve on non-intelligent planets, usually militarily, to help socialize them. 95% ape (58% Bonobo, 37% Chimpanzee) we also contain 5% Atlantean Blue (military call them "grays".) Since the ILFs have no military, no police, no violence, no poverty, and no war, we fill in the gap as intelligent enough to plot war, but not really intelligent. We serve only on the 2,000 or so ape-like planets like ours, and are not welcome on any of the 149 planets with Intelligent Life.

We were initially to become "Raptured" (electronically hypnotized and rounded up) to become enslaved, but developed nuclear weapons and can now bomb our own planet if that were to happen. I wish to thank Yahweh Gabriel Moroni for this plan to eliminate the permanent enslavement of all humans.

Okay, grunting session is over. What are YOU doing to oppose the Mafia? They are what holds the inability to change society in place.

**8.) All intelligent people know all of the above and shut up about it.** Me? No, and for a reason why, see [www.NZ9F.com/Me](http://www.NZ9F.com/Me), which provides an excellent explanation. If people are treated sufficiently horrifically, as I have been, some of us talk. Bad for Society, but good for those who learn. **Learn, or resume grunting.** You, too, can become Intelligent Life. So, am I? Not yet, but getting there. So are you, because you are reading this.

### **May 6, 2013 - Update: Police Mode on E-mail**

All emails are public. This is because email service providers must have a "Police Mode", which allows access by the police to everything about any specific mailbox. Where it says "Enter a Passcode", the police just need to enter the police bypass code, which will work for all email boxes. When they are done reading

and copying, the mailbox will reset as if they had never been there.

Unfortunately, the police passcode for any given email system leaks out, and many accounts get compromised. Certain police leaked the passcode of G-mail, for example, to the M.A.F.I.A., the M.O.B., and dozens of underground secret organizations. For awhile, anything said privately on G-mail became public almost instantly. So, it is not just the police who do this. Remember that whatever you say in an email is automatically public.

People Rise Up Radio presents some information for activists on how to spot infiltrators and keep yourself safe.

## **How To Spot a Spy –**

One way to neutralize potential activists is to get them into a group that does all the wrong things. Why? 1) So the message doesn't get out 2) Time is wasted 3) To frustrate and discourage activists 4) Simply nothing good or effective is accomplished (spinning and spinning around, going nowhere). FBI and Police Informers and Infiltrators will infest any group, but they have also been known to establish phony activist organizations themselves. **Their primary purpose is to prevent an effective movement for social, environmental or economic justice from developing.** Agents come in small, medium or large and be of any ethnic background. They can be male or female. The actual size of the group or movement being infiltrated is irrelevant. It's the idea behind a movement and its potential for increasing in size and impact which attracts spies and saboteurs. These are some tactics agents use to slow things down, foul things up, destroy a movement and keep tabs on activists. (Virus was inserted here by idiots on the web.)

One tactic is to destroy a group outright. This is usually done by either encouraging the group to commit a crime, or to claim that the group has committed a crime, and then convict members, **Page A-29** sending them to prison, even though they are all

innocent. Another tactic is to manipulate from within. For example, an agent may tell an activist, "You're dividing the movement." Because, this invites guilty feelings. Guilt is an especially potent control mechanism when relations have been established through dedication to a cause. When an agent criticizes an activist in such a manner, they are not only questioning their dedication to the cause, but making the activist feel responsible for any issues that threaten the cause.

An agent might tell an activist: "You're a leader!" This is designed to enhance the activist's self-esteem and creates a sense of shared perspective. Agents often benefit from empowering any feelings of righteousness an activist may develop from making altruistic contributions. "Malignant pseudo-identification" is the process where an agent consciously imitates certain behaviors or mannerisms to nurture the activist's identification with the agent, thus increasing the activist's vulnerability to exploitation. **If an agent successfully creates this sense of kinship with an activist, the activist may be more likely to commit an illegal act in service to their new found "friend"**. Agents may also employ tearfulness, sadness, longing, fear, remorse, and guilt, to induce empathy, with the aim of manipulating the good-natured activist. It may be difficult to differentiate such constructed dramas from the real thing; however, **it's possible for activists to identify a fraud by employing two simple tactics.**

**First, remain cool and detached. Second observe.** In the face of such a cool response, an agent will often quickly readjust. This will appear to be an abrupt about-face in context to the emotional drama the agent had just played out. Knowing the activist cannot be "emotionally hooked", the agent will usually move on to other activists in short order.

"Follow the leader" is another tactic an agent may employ. A good agent will want to meet as often as possible. He or she will talk a lot and say little. One can expect an onslaught of long, unresolved discussions. **Some agents take on a pushy, arrogant, or defensive manner in discussions, both online**

**and in person.** An agent employs these techniques in order to disrupt the agenda, or side-track the discussion. An agent will often interrupt a discussion repeatedly or feign ignorance - causing others to constantly repeat themselves or waste time explaining a very simple point others quickly understand. An agent may also make an unfounded accusation against a person. Calling someone a racist, for example. This tactic is used to discredit a person in the eyes of other group members and in turn, derails the discussion, while invalidating whatever point was being made. (Same idiots, same virus, did nothing.)

**Saboteurs** - Some saboteurs pretend to be activists. She or he will:

1. Make the issue too complex and boring to ignite taking action.
2. Suggest demonstrations be held, which turns most people off as to a cause, or that they be held in places where people are against the issue, or no one cares about the issue, or where it will not be seen by many people.
3. Confuse issues. Blurring the lines between issues and broadening the scope beyond reason. In the case of Occupy America, police agents are trying to change its nature from opposition to the Ruling Class (1%) and its unfairness to instead being about anything else: Environment, food, health, banking, etc.
4. Make the wrong demands, demands that are unrelated or far reaching, unprincipled according to group, demands ineffectual or serving no strategic purpose, making too many demands in order to obscure the focus on the issue and suggesting impossible or improbable demands which may make the effort appear unreasonable.
5. Compromise the goal. Derail a vital tactic, discredit movement, marginalize a goal by asserting it is hypocritical within context of the group's broader efforts, break with the movement's stated principles, or broker a **Page A-30** compromise on behalf of the movement which

falls well short of the groups stated goal and may limit the group's ability to take further action.

6. Have endless discussions that waste everyone's time, by turning the topic at hand into philosophical diatribes or adding lengthy personal stories. The agent may engage in endless discussions and accompany them with drinking, pot smoking or make amusement to slow down the group's work. Complaints of needing social time together and taking things too seriously, while complex issues or plans are being discussed.

**Provocateurs** - 1) Try to establish "leaders" to set them up for a fall in order to stop the movement. **2) Suggest doing foolish, illegal things that will get the activists in trouble and make the movement look bad in the eyes of the public.** 3) Will taunt the authorities above and beyond the context of the scene on the ground and encouraging others to follow suit. 4) Attempt to make the activists compromise their values, which they may use against an activist at a later date, to discredit or invalidate anything of value they contribute. 5) Instigate violence. Provocateurs will attempt to escalate a situation by agitating to the point of physical confrontation with other activists or bystanders. **Some will stage an act of vandalism from within a crowd as a means to trigger violent responses from others or the police,** which is particularly effective when among people who are ill-prepared to deal with such violence. Causing violence to occur not only serves to smear the movement in the press, but can also deter future participation by current members and the public at large. Causing this type of chaos, fear and confusion can also aid agents in concealing their identity when fleeing the scene after their goal is accomplished.

**Informants** - 1) Want everyone to sign up, sign in and sign everything. - record keeping, evidence and contact info for tracing/tracking? Facebook, for example, where all your followers must be identified just to log in. 2) Ask a lot of questions for data gathering on individuals. Police compile this information and keep it on hand at protests to identify activists

and make targeted arrests. 3) Want to know which events activists are planning to attend, to further the shared perspective facade, continue surveillance efforts and expand databases. 4) Attempt to make the activist defensive in order to identify beliefs, goals and level of commitment. Playing the "contrarian" or questioning as if they don't understand or playing stupid, but arguing nonetheless.

**Recruiting** - Legitimate activists do not subject people to hours of persuasive dialog. Their actions, beliefs and goals speak for themselves. Groups that DO recruit are missionaries, military, and fake groups set up by agents. (Virus again, inserted here.)

**Surveillance** - ALWAYS assume that you are under surveillance (on the ground and online) -and that there are infiltrators/agents amongst/within your group. At this point, if you are NOT under surveillance and being infiltrated, then agents are not doing their job and you are not a very effective activist or group!

**Scare Tactics - They use them.** Such tactics include slander, defamation, threats, getting close to disaffected or minimally committed fellow activists to persuade them to turn against the movement and give false testimony against their former comrades. They will plant illegal substances on the activist and set up an arrest; they will plant false information and set up (hacked out), they will send incriminating communications in the name of an activist; and more; they will do whatever society will allow. - And NOT allow! **Putting activists in a sticky legal situation, can lead to cooperation with the police state and this tactic is especially effective when an activists has developed a sense of disconnection, typically heightened by a bond with an agent.** If an agent is compromised or discovered (hacked out) he or she will be transferred or replaced. Communications between trusted activist groups across the country can be very useful for this reason. **\*COINTELPRO, the Counter-Intelligence Program is still in operation today under a different code name; although, it Page A-31 is no longer placed on paper where it can be**

**discovered through the freedom of information act.** The FBI counterintelligence program's stated purpose is to expose, disrupt, misdirect, discredit, and otherwise neutralize individuals who the FBI categorizes as being opposed to "National Interests". As Noam Chomsky has correctly pointed out, **"A slight breach in orthodoxy is sufficient to terrify authoritarian ideologues, who see in it the collapse of the system of thought control, that has been so effective in depoliticizing American Society."** This in no way covers all the means agents use to sabotage the lives of sincere and dedicated activists or movements. Many of these activities may appear innocuous enough and that is true, as networking is a vital part of activism. This isn't a blueprint for paranoia, but rather tools vigilance.

Train your brain, create a habit, make mental notes, remain vigilant, **small incidents may add up to patterns of behavior over time.** Speak with trusted comrades to see if they have also noticed these types of behaviors. Trust your gut, never do anything you're not completely comfortable with. The best way to create security is to build community!

**Blocked Access:** Whenever a website or Facebook site displays Occupy Wall St. having successes, such as successfully suing police for damages, that is blocked on Facebook as "Abusive" and "Inappropriate". The same thing happens when police abuses and misconduct are posted. Entire websites are often shut down in the United States, with a copy-cat fake website in their place, too. So PoliceTerrorism.Org may be shut down, and you are referred to Facebook.com/PoliceTerrorism, which gives you Hollywood info and sports scores. You may not even know that you have been had! Often other countries still have these sites working, so you need to leave the US or get updated by somebody in another nation as to what is on a blocked site. This is what is happening when you click on one of my links and it does not go through. Got any friends in another nation? I usually ride the bus or trolley to the south side of San Diego, which is in Mexico

(Tijuana). All this is part of Social Thought Control, limiting your access to only what the government wants you to know.

**Destruct Cookies:** Every photo, web link, and video on the web now has embedded in it a Destruct Cookie, which is a part of the composition of it and not part of the programming, and so cannot be detected nor deleted as a virus, even though it technically is. This required updates of browsers and new Chrome, SilverLight, and other technology. If "secret" information, such as a video of police raping and murdering a bunch of children were to be spread via the internet, the Destruct Cookie can be activated, and will destroy all copies of it, worldwide, no matter where they are, including on a thumb-drive, PDF, or Word document. In the case of stored documents, once the Destruct Command is given by the Internet Police, any document called for disappears the moment it is copied, accessed, browsed, transferred, or named. Once you plug in your thumb-drive, it is immediately gone forever. This is also true of all locations and persons that you have sent it to. This prevents information from being spread, and even if it is, can un-spread it. Only paper copies that have already been printed are immune, and you can change the Destruct Cookie to a different one if you print something out, and then run it thru a scanner to obtain a new photo or document. The new one you created can also be deleted the same way, but it is a different delete command as a different document. All part of the new wave of Police Terrorism.

**The Sky-Eye:** Depicted on the reverse side of the dollar bill, at the top of the pyramid on the Great Seal of the United States, the Eye in the Sky originally referred to the help of alien species in being able to get the view from space of a battle situation, a tremendous advantage. It still refers to "Magic", which is what extraterrestrial technology has traditionally been called. You could, for example, turn water into wine if you had pre-sweetened Kool-Aid with alcohol powder, 2 thousand years ago. **Page A-32**

Today there is a system of cameras on spy satellites that photographs every square millimeter of the planet in both visible and night-vision every 5 seconds, from 8 different camera angles. The camera resolution is something like 10 to the 8-trillion power pixels, which is a thousand billion zeros. It can read the fine print on a newspaper from space, and is not human technology. If you torch your neighbor's house, you will be seen in the videos, along with your gas can, face, and vehicle license plates. And, wherever you escaped to and/or came from will also be shown. You can be followed, worldwide, forever, so how do you hide? Since all of this is permanently recorded, it is the archaeology of the future.

The Sky Eye of the Illuminati, as seen on the back of the dollar bill, refers to being able to get an aerial view, from the UFO spaceships, of things like battles. This was a great advantage, and so was their tech. Nowadays, the Ronald Reagan Star Wars tech, which is completely alien, qualifies. Our machinery can also move objects from space, so we can push the "Launch" button on a Soviet nuclear weapon, or push the "stop" or "overload" button on a foreign nuclear reactor, or whatever.
