## San Diego Homeless News

April 10th, 2014

REGULAR EDITON - STREET EDITION IS NOW CALLED "HOMELESS CITY NEWS"

### OUR FIFTH YEAR:

**2010 - 2011 - 2012 - 2013 – 2014** SEE OUR WEBSITE FOR ARCHIVES OF ALL EDITIONS, [WWW.NZ9F.COM](http://WWW.NZ9F.COM).

**No one WANTS to be homeless, and no one CHOOSES to be homeless. It happens when everything you do to prevent it fails to work. Making anything illegal that cannot be prevented makes no sense. Instead, make it illegal for circumstances to force people to become homeless against their will.**

Once homeless, people will need to use booze or dope, just to stay sane, and many lose that fight, too, becoming mentally ill and often killing themselves. This ends the problems that society forced upon them. SelfServatives (Conservatives) cause funerals, but they don't mind, because they don't believe in God.

**Propaganda is NOT "Progress"**

**Read it FREE on-line at [www.NZ9F.com/SDHN](http://www.NZ9F.com/SDHN) or subscribe by e-mail at [nz9f@hotmail.com](mailto:nz9f@hotmail.com)**

**Home Mortgages: Enslavement For Life**

**April 10, 2014 - Published** by San Diego's **310,000 Homeless, 17,000 Unhoused,** and **2 Million Nearly-Homeless\*** \*(Official HUD Statistic for what **THEY** call San Diego's "Cost Burdened". The State of California calls them "Financially Stressed.")

We go out to 177,500 in the first ten days of every month, more often when necessary, plus 1,000 of the paper street edition, printed on only one side to be recycled as scrap paper before again being recycled as used paper. Publication schedule is as follows, subject to revisions due to breaking news: Odd numbered months, First and Twentieth day of the month. Even numbered months, Tenth Day of the month. This is about every 20 days. Paid advertising not accepted, free ads sometimes provided. San Diego County  
Library Censors Us -  
We now go out on PDF  
via e-mail

We now go out in PDF via e-mail to anyone interested. Package A contains the web pages *Gnosis*, *ABA*, and *Organize*, the 3 web pages that you absolutely must know all about if you are to have any sort of a life at all. Essential knowledge.

When the City of San Diego no longer allowed the Homeless News to be posted at City Hall, it resulted in a special paper edition, now called Homeless City News, for the 5% of actively homeless people on the street at a given moment. Instead of 200 reading it off the window of the Jim Crowe Entrance ("Colored and Homeless Only"), on Third Street, we now have a thousand readers who get their own copy, with pass-on readership unknown. Now, SD County (not City) is censoring us off of Library computers. They claim Websense is just a generic "adult material" sensing program, which is nonsense, because they censor out things like "How To Use This Website" and "Contact Us" as well as "County-Sponsored Nonprofits". This is **definitely malicious**, although it leaves uncensored some of the most adult things I ever wrote, on Drugs, Abortion, and Suicide Pages.

Unfortunately, it leads to children too young to deal with these things getting that information on PDF. YOU did this, San Diego County, not me. None of this was done to expand our reach, just forced to avoid active censorship.

Free Press? Free for Whom? Billionaires? Adult? Maybe, but not in the use of the word to indicate sexuality. "Site Use" is "Adult"? "Contact Us" is "Adult"? **What the HELL are you guys at County smoking?** Our governments spend so much money on CRAP while pretending to be BROKE that it's obvious: **Our government is not BROKE, it is HIGH on CRACK.**

## America's Homeless City?

### San Diego, at 10% Homeless

One author suggests Los Angeles as the Homeless Capital, but although LA County has more homeless, as does New York, neither has a higher percentage of the population. San Diego has 300,000 homeless in a county with a population of about 3 million, or ten percent. Nowhere else even comes close to San Diego. Actual street-counts are entirely useless, as the number of homeless who are physically on the streets at any given moment varies as much as 600% from one day to the next. Homelessness is a rotation. About 1 in 20 homeless is physically on the street at any given moment of any given day, average.

This week, Jimmy can sleep in his uncle's garage, in an old car. Next week, he is looking into the possibility of living on a building rooftop that he heard about. Only when all else fails do you hit the sidewalk. So, is Jimmy, sleeping in a car in a garage, not homeless? When you consider **actual** homeless, including those who managed to find a nice spot in a drainage canal or on the roof of their grandma's apartment building, San Diego is king at 10% homeless.

This has to do with the Mafia running all real estate and mortgage lending, and price-fixing it. It also has to do with poor wages paid in San Diego, with the Military and Border contributing to the low-wage scenario. The **PAGE TWO** average American, per IRS

Statistics, pays taxes on an income of \$50 an hour, \$100,000 a year, median, so half make more and half make less. In San Diego, despite some of the highest rent prices in the nation, the average person makes only \$30 an hour, or \$60,000 a year. This is why San Diegans pay a higher percentage of their income in rent than anywhere else in the world (78% in some estimations), producing a large percentage of homeless. Those physically on the sidewalk varies from 1% of the homeless (3,000) to 20% (60,000) at any given time, with a daily fluctuation of up to 600% daily change. That's going from 3,000 to 18,000 on any given day, or vice versa. Dr. John Kitchin, Milwaukee Free University, San Diego

# Employment

### We will get back to Toilets Part Two on May 1

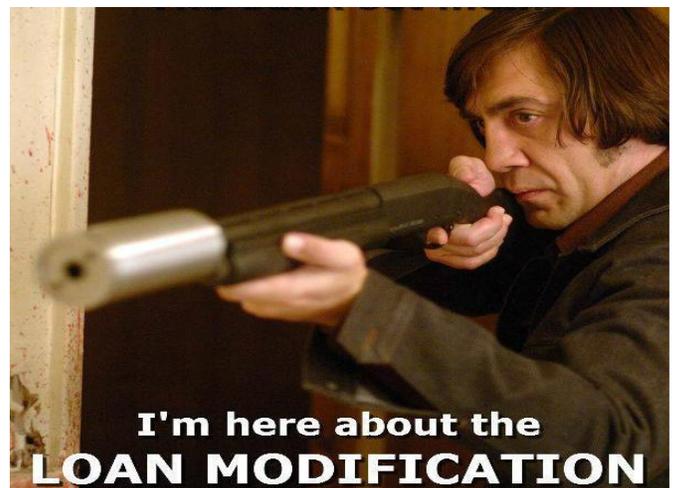

Note that there is a **Job Faire** at the Balboa Park Club, near the International Cottages of Balboa Park, on **Wed. April 16, from 10-2**. Hundreds of employers will be there. As for the right and wrong ways to look for work in San Diego, some of this information comes from Employment Page, [www.NZ9F.com/E](http://www.NZ9F.com/E). The main things to remember, which form the difference between getting hired versus not, are these: There is a **right way and a wrong way** to look for jobs in San Diego. Most who do not find one are doing what they learned, not what works. **The WRONG way to find a job is:** 1.) Go Online. 2.) Read the want ads in the newspapers. 3.) Visit possible employers. 4.) Fill out job applications. 5.) Go to job interviews. 6.) Move to Tijuana so you can afford to pay rent on your tiny salary expected. 7.) Cry. 8.) Become homeless. 9.) Commit suicide. **PAGE THREE**

**The RIGHT way to find a job in San Diego is:** 1.) Have a relative hire you. 2.) Have a friend hire you. 3.) Make a new friend and have them hire you. 4.) Know somebody, and have them hire you. 5.) Start your own business, if necessary borrowing cash from Mobsters who own banks. 6.) Talk to the Godfather.

To send a message to him, speak with anyone who is A.) In the profession you want to join; **and B.)** At the location you want to be at when you operate in that profession or job. (Must be both.) That is because there are Godfathers by location and job. And, of course, **if you did not know it works that way, well, I bet you don't have a job, or not a very good one.** **ALL jobs in San Diego are controlled by the gangsters who run this town.**

The average American makes \$50 an hour, \$100,000 a year, \$8,333 per month, \$2,000 a week. We know this because the average American pays IRS Income Taxes on that amount. Half make more, and half make less. We try to keep people stupid, using the News Media, to conceal this. Most people are too stupid to believe the truth, anyway. Are you too stupid to know that all this is VERY, VERY, TRUE? **See Job Faire notice, below the photos.**

**Some jobs in Banking and Real Estate pay extremely well, so consider them**

**I'm here about the  
LOAN MODIFICATION**

*FAR FROM A JOKE, SOME BANKS AND LOAN AGENCIES ARE NOW HIRING THUGS LIKE THIS ONE TO COLLECT OVERDUE LOANS*

Many good jobs are listed at [www.NZ9F.com/E](http://www.NZ9F.com/E).

## Work Faire Is Hiring

Second Chance Program is sponsoring a job faire on Wed., April 16, from 10 AM to 2 PM in Balboa Park at the Balboa Park Club in the International Cottages Area, 2150 Pan American Road West. Last year 700 attended and many were hired. Be ready to get interviewed by 30 companies on the same day, without having to run all over town to keep 30 different appointments.

[www.secondchanceprogram.org](http://www.secondchanceprogram.org)

## Minimum Wage

HUD says \$32 an hour to live in San Diego, or \$16 an hour each for a couple

Inflation makes this \$34 and \$17 right now

In Seattle, Washington, the Minimum Wage is \$15 an hour, and San Diego has 20% higher prices, so that would be \$15 plus \$3 or \$18 an hour, as a fair price by comparison. Currently San Diegans spend a higher percentage of their incomes on rent than anywhere else in the WORLD, not just the US. Many places have higher rent prices, but also pay workers a lot more than here. All this is skewed by the Border, the Military, and the rampant Mafia Corruption.

In 1970 I worked 20 hours a week at Minimum Wage, paid my tuition at the University of Wisconsin - Milwaukee, paid my rent, school books, food, and went out for entertainment once a week. I eventually bought an old car. My method of determining Real Inflation uses paper-and-ink copies of old newspapers, as the internet has been tampered with a lot, to determine how much jobs paid and how much things cost over history. To be paid the same today as the 1970 Minimum Wage, you need to make \$45 an hour, and this can be documented. I will eventually have a web page on it, and that will probably be censored out by San Diego County. **PAGE FOUR**

## Corruption

7.5% of California State Senate Facing Felony Charges - The Wild West is Still Alive

Long before there was a San Diego County, the San Diego Territory had Sheriff Wyatt Earp who either owned or extorted money from all businesses here. Apparently the Western Tradition continues. Since "Big Jimmy The Snake" controls all real estate prices, be careful if you deal with appraisals, lending, buying, or selling, so that you do not get both your legs broken. How many know that Campaign Contributions get to be KEPT by the candidates, if not spent, after the election, tax-free?

**Has sun shields made of one-way glass**

The coils at top right are cooling towers, to use water and its evaporation to cool the building. The can-shaped machines, bottom center, are air conditioning units, many tiny units that can be repaired by somebody with only high school training, no engineer required. The dome and the plank-coverings for the windows are one-way glass, not visible inside the building, that reflect the sun, reducing cooling costs in summer. ## **Please! No More Food! Three Hundred People Try to Feed Me Every Hour!**

### **Homeless have many unmet needs, but getting enough food is NOT one of them.**

Because of "Spirituality" (Medical term, not religious term), thousands of people each hour feed the homeless in order to get the love which results from tainting the food given with the donor's DNA. We get so much food that has been tainted by people that we develop mental illness as a direct result. Too many know how this process works, and want to have an excellent memory, lots of love, ease of concentration, feeling great, ability to block pain, and far more that the process offers them as donors. This has horrific consequences for the poor persons consuming the food, who face mental illness, memory problems, difficulty concentrating, stupidity, hypnosis, confusion, aches and pains, substance abuse, and, often, suicide. I write more about all this at [NZ9F.com/Gnosis](http://NZ9F.com/Gnosis), and you can also get it **by e-mail** by asking for **Package A**, [nz9f@hotmail.com](mailto:nz9f@hotmail.com). This is pure biology, not rocket science. The process has been used by religious people to force belief in God, heaven, hell, Jesus, devil, and all sorts of other ridiculous nonsense for years. It does not work well unless your blood or semen (DNA) goes into a large number of people. Human DNA goes into all packaged foods you can buy, making the food "kosher" (REAL meaning of the word), but the amount added is small.

Unfortunately, some of the "FREE" food we are given also contains other poisons, including mild doses of rat poison, insecticides, and way more, in too large a volume as to be accidental. This is NOT added by help groups such as Father Joe, but rather by a small handful of those who donate the food to them. Unfortunate, and very sad. In the Hoover (1930s) Depression, we had the same thing, where many were intentionally poisoned by going to the Soup Kitchens. Some localities now require licenses to feed the poor and homeless as a result.

Instead of food, consider giving us what we DO need: toilets, storage, sun/rain tarps, transportation (bus passes, tickets, taxi vouchers, rides), bottled water, canopeners, eating utensils, socks and underwear, flashlights and batteries, clothing, blankets, entertainment tickets, pens and paper, postage, telephone cards, gift cards (Starbucks, McDonald's, Subway, etc.), friendship, companionship, mentoring, love, sex, understanding, affection, acceptance, hugs, patience, non-religious counseling (all of us are religion victims), first-aid kits, insect repellent, sunscreen lotion, and basic medicines (aspirin, hemorrhoid paste, diarrhea medicine, etc.) **PAGE SIX - - END.**
