We represent the world's fastest-growing
ethnic group, the homeless, the **only** group
that gets **NO** protection from discrimination
in employment, housing, education, or
hate-crimes. We are those who suffer
because the wealthy own everything.

Published by San Diego
County's 11% (330,000) Homeless Rotation, 15,000
to 40,000 (on any given day) Un-housed, and 2
Million+ Nearly-Homeless* *(Official HUD Statistic for
what **THEY** call San Diego's "Cost Burdened". The State
of California calls them "Financially Stressed.")

We go out to 180,000, usually in the first ten days of
every month, more often when necessary, plus 300 of
the 2-page paper street edition, "Homeless City News".

No one WANTS to be homeless nor CHOOSES to be homeless. It happens when everything you do to prevent it fails to work. Making anything illegal that cannot be prevented makes no sense. Instead, make it illegal for circumstances to force people to become homeless against their will. Once homeless, people will need to use booze or dope, just to stay sane, and many lose that fight, too, becoming mentally ill and often killing themselves. This ends the problems that society forced upon them. Self-Servatives (ConServatives, Con Artists that Serve themselves) cause funerals, but they don't mind, because they don't believe in God.

Clean and Safe Now Harassing Non- Homeless Elderly

On Thursday, March 26, at Sixth and Broadway, Downtown San Diego, 3 Clean and Safe "Ambassador" thugs harassed an elderly man with a walker. He is NOT one of the homeless, just very old and having trouble getting around. He stopped to sit down on the sidewalk to rest. They told him to get up, and he said he couldn't. He finally left, but was very angry. If these guys are Ambassadors, we need to break off Diplomatic Relations, and start Economic Sanctions. Shall we permanently overrun the Gentrified Area, being clearly visible? We can do that without breaking any law.

MTS Harassing Non- Homeless Poor, Handicapped, Elderly

An MTS Sting on April 1 had a new twist to it: First, peoples' Compass Cards (transit passes) were shut down, and then they were sent into an agency sting requiring them to prove that they had paid, which they had but could not prove it. In my case, there was obvious racial profiling (White) and obvious racial discrimination, according to witnesses, and in my case they kept both my Compass Card and my personal identification, which I claim is robbery since they gave me no receipt. I have asked for both an FBI investigation and the help of Investigative Journalists.

City Adds Official Propaganda Rhetoric to its Jim Crow Entrance

Unaffordable hotels, useless information, warnings about 3-hour possessions confiscation, emergency shelter info, the "Civic San Diego" downtown services directory, and lots of useless spin like volunteer info. Not as Nazi Gestapo as the official police website, but

all of it info that goes against reality, posted at the third street toilets entrance to City Hall. I have complained for many years about the insanity of the police web page on homelessness, and have my say at www.NZ9F.com/Police. Whenever I post a link to the police website, the police change where this information is located, so my links never work. The San Diego Homeless News was once posted at the Jim Crow (Homeless and Undesirables Only) entrance, but Todd Gloria forbid it, leading to our Homeless City News, our paper edition to help new homeless acclimate to America's Homeless City.

Brainstorming

Take cover, because ideas often reign really hard, and you don't want to be all wet

The Catholic-Mormon-Baptist-Italian Mafia, Father Joe's: Was requested to add less secret military control drugs to its food. Agreed to form a new 350-bed shelter, supposedly to replace the Barrio Logan downtown tent shelter. Wants to take over the operations of Neil Good Homeless Center. **The short answers:** 1.) There is still too much control-dope in the food, causing suicides. This also causes mental illness, alcoholism, and drug abuse. Father Joe's makes money on all of those things? Yes. 2.) If 350 beds are vacated for a new shelter, what happens to those who used to live there? What we then need is a new tent shelter for the 350 who came out of Father Joe's. **All beds are full all year, and we need 2 more tents, not one fewer.** 3.) Father Joe's took over Neil Good a few years back and was so bad at running it that they were fired. After 50 years, **San Diego always repeats its failures**, again and again and again.

Answers, Suggestions: Neil Good could be run as a teaching lab for Social Sciences students (Social Welfare, Sociology, Psychology, Criminal Justice) at UCSD. Maybe even SDSU. GTT (Girls Think Tank) would also be a good group to run Neil Good, **PAGE TWO** as they are lawyers and can

speak the jibberish of CitySpeak and understand contractual obligations.

Meetings:

The **San Diego City Council met Tuesday, March 17**, and I waited in line 6 hours and 25 minutes to deliver a 45-second speech. • I reminded the City that it still needs more **toilets Downtown**. • I stated that the homeless and poor use the free plastic bags given away to wrap groceries in supermarkets, and that a **bag ban** would deprive us of the ability to store food, wrap poop for disposal, make a rain hat, and even weave the bags into rope, all current uses. • I thanked the City for its support, now in the ninth year of the **2006 George W. Bush Second Great Depression**, and reminded them the **economy continues to get worse**. • **Marti Emerald** was asked to run for Mayor, and Tony Young is not interested in the job. I once had a long interview with Young about corruption, back when he was City Council Chairman. He quit politics 3 weeks later. I had a similar conversation with Assistant Police Chief Boyd Long, who also quit. Being my contact in government is probably not good for your job longevity. • Scott Sherman of the City Council had a comment on a Flat Rate Tax, which would mean that taxes on the poor would be the same as taxes on the wealthy. I commented that instead of an Income Tax we need a Net Worth Tax, and should even base our utility rates on a person's Net Worth.

The **Committee on Public Safety and Live-able Neighborhoods** met Wed. March 18, with a big overflow of the committee room.

PAGE THREE Huge amounts of lies,

deceptions, similar by a large number of pretenders. • I told the Police Chief that we need to stop hiring former military to serve as police, because military are trained to kill people and we want the police to arrest, not kill. We should hire police with any 4-year college degree in anything, but a preference in Social Sciences. I said that the body cameras are a good idea, to both protect the City against frivolous lawsuits, plus to protect the citizens from brutal and renegade police, but they need to be kept running at all times. The Chief said San Diego is having trouble recruiting and retaining police, and I did NOT say it is because of the reputation of the Department, but that is the reason. San Diego gave the police a big pay raise, but they are still leaving, including going to less-well-paid cities, escaping our corruption. In Wisconsin, as in most states but not California, we had a State Police Dept., which investigated crimes committed by government officials, as well as those committed upon government officials. Our police department has become very expensive for the City, and is understaffed by 200 at this time. Having been a police Detective 8 years (Captain), I can tell you that good cops do NOT want to be associated with bad cops. • On to the Main Event: **Civic San Diego (Downtown Partnership - Clean and Safe) and Mafia Control of City Government**. The Organized Crime Rule had its roots in CCDC, the Centre City Development Corp., with San Diego the ONLY city to put all of its zoning, development, planning, condemnation, and Eminent Domain powers into a single entity that had no public oversight, no government oversight, no government regulation, no accountability for taxpayer money spent, and no analysis of its accomplishments or benefits, if any. It is hard to live in a city where the Godfather gets most of your rent money, as that makes housing too expensive, resulting in a lot of homeless. San Diego has four times the homeless of ANY other city in the world, per capita. Tell Papa Gambino to take his thugs from the Genovese Organized Crime Syndicate and get out of San Diego. **Let's stop being America's Homeless City and America's Most Corrupt City.** ◆◆◆◆◆ Some additional meetings info is at: [nz9f.com/yahoo site admin/assets/docs/Fi](http://nz9f.com/yahoo_site_admin/assets/docs/Fi)

◆◆◆◆◆ **MAPSS, The Metropolitan Area Providers of Social Services**, met Wednesday, March 25 with 26 present (1 homeless), all professionals at social services (housing, employment, mental health, law, medicine, etc.) • Second Chance will be having a **Job Faire** at the Jacobs Center, 404 Euclid Ave. (Euclid Ave. Trolley Stop) 10 AM April 14. Last year there were 850 who attended, and 35 employers. 619-839-0932. • There has been a big breakdown in family housing, and family resources are needed. Many entire families hitting the street. • **Winter shelters will be closing forever**, which is probably not legal because no new beds were added to the process that removed 350 rubber tent shelter beds. Our lawyers have been notified. • The presentation was on the Legal Aid SSI Program of County Legal Aid Services. This program takes those on GR (General Relief) and gets them SSI (Federal Supplemental Security Income). They also do Mental Health advocacy. GR is about \$300 a month, while SSI is about \$900. In some cases they sue the Federal Government for additional money, and win. They have 15 staff handling 900 cases. In 3 years, they helped a thousand get on SSI. Homeless get expedited hearings. No charge and no fees. A lot of the so-called "free" help services are NOT actually free, but this one is. • Affordable Housing requires that your income be at least 3.5 times your rent, and there is a 5 year wait. • The June meeting will be replaced by a StreetLinks episode, in-service training, 9-12. ◆◆◆◆◆

Pressing the Press: No Wrinkles

Ron Donahoe of San Diego Magazine has taken over as Editor of CityBeat. Even though SD Mag is a sort of "Garden Club" newspaper, Donahoe is probably up to the task. I was worried that CityBeat would become another San Diego Catholic Reader. At this paper, Publisher Kitchin is recovering from Viral Pneumonia. Most of his work is being done by our Editor, Anonymous. Kitchin says "Homeless news is soup to nuts, and the soup kitchen soup will make you nuts."

Secrets 089 Continued

Things taught to young Ruling Class kids

Advanced Bar Secrets: Whatever you tell your lawyer, even secretly, **MUST** be shared with the judge and all other lawyers in the case. You knew that, right? • Also, most jails and prisons are **at least** 80% innocent people. Many of them are nasty scoundrels, however. It is just the crime they were convicted of that they did not commit. They may have committed many other crimes that could not be proven. Or, not. All 80%+ are scapegoats for wealthy persons or corporations that committed crimes and needed that covered up. Often these are property crimes. I was a scapegoat for the Heating and Air Conditioning Industry, which in the early 1980's was pressing elderly people to get a new furnace and central air, lending them the money to do that, and then foreclosing on their homes when they couldn't pay. I was convicted of that, too.

Did I ever do that? I was one of the FEW who did NOT. I was the media distraction, somebody to blame. The biggest perpetrator of this form of Elderly Abuse was **NBC-RCA-Trane (Chevron-General Electric)**, which I did work for as a salesman (employee) in **San Diego** in the late 1970's. They wanted me to sell systems and "write paper" financing them. I quit as unethical. At my own heating and air conditioning company in Milwaukee, Wisconsin, 3 years later, **they used their NBC News to make it look like I was doing their scam, which I was not.** That is how jails and prisons get filled with innocent guys like myself. Small world. A subsidiary of the major news media commits a crime, and covers it up by convicting an innocent small businessman.

Hints and Kinks:

The Hotel Paloma, 200 feet west of the Downtown Tijuana Arch, has accommodations for those recently displaced (temporarily homeless) and has most of the features of a Motel 6. 100 pesos weeknights, 120 weekends, which is \$7 to \$10, depending upon the Currency Exchange Rate. And, you have to pay in pesos, not dollars, which are

easy to buy at the border. Paloma has a garden, balconies, terraces, a roof with a view, hot showers, many toilets, telephone services, washers and dryers, hotplates for cooking permitted, and there is a 7-Eleven and also a 24-hour grocery chain store across the street, with a butcher shop and a huge selection of fresh fruits and vegetables. 1.5 blocks south is the huge Soriana Groceries (24/7), and also the WorldNet Internet Cafe (24/7). Seven blocks from the border and the Blue Line Trolley, with service from 5 AM to Midnight, 7 days a week. Television not provided, but you

can buy one from \$5 at the weekend flea market, one block northwest. If Paloma is full, two doors west is the Don Amado rooms, less money and less services.

Government Corruption:

Bananas Republicans is a new column that will feature corrupt politicians and the crimes that they blessed us with. And, of course, not all of them are Republican. These are the LUNATICS running our government...into the ground. Less money for help programs instead of new job creation? We currently get only 50% of the SSI or SSDI or Social Security money that we did seven years ago, due to inflation, according to the Poor Man's Market Basket. We need to DOUBLE Social Security, SSI, and SSDI disability payments. All else has the People at war with the Government. Civil war is not avoidable.

Snide Comments:

BEER NEWS: Quitting beer now avoids it causing High Blood Pressure, Diabetes, Prostate Enlargement, Stomach and Liver Disease, Heart Disease, auto accidents, DUI arrests, unwanted pregnancies, and public stupidity at parties. Heavy beer dopers should **PAGE FIVE** see a shrink right away. Booze,

including beer, is society's second-favorite dope, behind coffee.

Dear Hippo: Did you get that huge and fat from Wing Week and Burger Week and Beer Week and Pizza Week? Did anyone ever tell you about dieting? I have often enjoyed a late night jack, so is that a new sandwich? • Somebody asked me if I watch TV. I told them that television is for people who believe in Jesus, you know, nut-cases. TV keeps them hypnotized. • A man waving a sign that said "Jesus is the Way" told me to find Jesus. I said, "Why, is he lost again?" I said that "Jesus is the way to a mental hospital!" He laughed, and I told him that ministers secretly do not believe. He said he knows that, but they pay him \$12 an hour to wave a stupid sign. He said, "We gotta keep the faithful suckers hypnotized." • Seen in a library: "The purchase of this automated book check-out machine allowed this library to save
