No one WANTS to be homeless, and no one CHOOSES to be homeless. It happens when everything you do to prevent it fails to work. Making anything illegal that cannot be prevented makes no sense. Instead, make it illegal for circumstances to force people to become homeless against their will. Once homeless, people will need to use booze or dope, just to stay sane, and many lose that fight, too, becoming mentally ill and often killing themselves. This ends the problems that society forced upon them. Self-Servatives (ConServatives, Con Artists that Serve themselves) cause funerals, but they don't mind, because they don't believe in God. **PAGE ONE**

Published by San Diego County's 10% (310,000) Homeless, 15,000 to 40,000 (on any given day) Un-housed, and 2 Million+ Nearly-Homeless* *(Official HUD Statistic for what THEY call San Diego's "Cost Burdened". The State of California calls them "Financially Stressed.")

We go out to 179,000 in the first ten days of every month, more often when necessary, plus 500 of the 2-page paper street edition, "Homeless City News", often printed on only one side to be recycled as scrap paper before again being recycled as used paper. **The Theme of this Edition is
Nazi Oppression and
Terrorism, Especially Police
Terrorism** Definition of Terrorism:

Terrorism is the involvement of Civilians, including any non-violent protesters, in military-type actions. Bombing a military base is war, not terrorism, unless you target its grade school (children are not a military threat, nor are they soldiers). **Killing soldiers is war, killing civilians is terrorism.** Simple enough? So, Israel killing 72 Palestinians who were unarmed civilians is terrorism, and their response of killing one Israeli soldier is war,

and not terrorism. Police brutality against unarmed civilians is Terrorism, and so is SWAT and the use of military weapons and tactics (such as the LRAD acoustic hearing-damage weapon now used by police) that belong on battlefields, not in our cities. Hitler's Death Camps were Terrorism, and so was the atomic attack on the City of Hiroshima. So is Police Brutality.

Homeless in France are now forced to wear yellow triangles, much like the Jews were once marked by Hitler!

(*German Nazi photo, left, courtesy of Google Images. French Nazi photo, right, courtesy of YourNewsWire.Com.*) Editor's Note: These images are very real, and not a hoax. The French Nazis, unlike the U.S. Jewish Nazis, are anti-Jew. <http://m.thelocal.fr/20141204/french-city-issues-yellow-triangles-to-identify-homeless>

North Carolina Homeless Hauled Off to Hitler-Camps, Forced to Get Micro-Chips Surgically Installed!

by Royce Cristyn, Editor, YourNewsWire.com.

(Editor's Note: This is exactly the same thing that Hitler did, early-on, except that he used tattoos, because RF ID chips had not yet been invented. The first Nazi Concentration Camp was called "The Berlin Homeless Shelter". This is why the San Diego homeless shelters are named "New Auschwitz" and "New Birkenau".) San Diego homeless are also being shoved into a

ghetto, **The Bottoms Ghetto**, just like Hitler did to the Jews.

Snide Comments: An *entrepmanure* sells bullshit to rich people. • Most San Diegans have a lot of Mental Constipation. That's when their head gets completely full of shit, and they just can't seem to squeeze it all out. • I only take women to bed, so I must be a Male Lesbian. • Play your video games, watch TV and movies, and enjoy sports; I'll volunteer for Public Service work, and we shall see who is happier and more useful. --John Kitchin, NZ9F. • Take our Masters Degree course in digging ditches, and someday you could work for Ditch Network. • We no longer call it Slavery, we call it Wal-Mart. • Divorce is the penalty you pay for getting married, even if you are not stupid enough to have children. Marriage causes Divorce, and children help with that process. --John Kitchin, NZ9F. • Religion isn't Rocket Science. Rocket Science is for intelligent people and Religion is for stupid people. • Beer News: Beer enhances brain development, age 7 to 16, which is why school kids get beer in Japan, and Germany has a Drinking Age of 14. Fake studies in the US were used, contradicting this truth, to persuade lawmakers to raise the Drinking Age here from 18 to 21. Nowadays, kids use crack cocaine because they are too young to buy beer. Dope sales makes money for both branches of our American political party, the Democrats and Republicans. • Intelligent Cultures have no poverty. Stupid cultures make money on it. • Jehovah's Witnesses: Stupid people being made even more stupid •

Occupy, Similar Organizations, Protest Police Brutality: Balboa Park

204 persons, actual count from photos taken, showed up at 11 AM, Sat. Dec. 13, to protest Police Brutality. Lots of emphasis on police murders of Blacks, even some cited as homicides, with no punishment of the officers involved. Xavier McGregor, principal speaker, said, "This system makes the statement that they are never going to give us justice." Black youth are being tracked and trapped, media are portraying the police as heroes and the Black youth as criminals, and politicians want more police, not economic growth. One sign said "Stop Brutality. Repeal Immunity." Police snipers were on many overhead towers, waiting for orders to open fire and kill everyone in the group, "if necessary", per usual. I worked 8 years as a police detective, and this is the way it works, of course. For a photo of this sort of thing, see <http://scgnews.com/ferguson-riots-and-bundy-ranch-showdown-signs-of-an-approaching-breaking-point> I also marched with Martin Luther King, Jr. The group's website is www.UHURUnews.com. The crowd grew to 292 by 11:20 AM. Other speakers said "Stop being enablers of the Police State, and start being Freedom Fighters." There were certain religious undertones, particularly among the Blacks present, so they obviously did not understand that God, Jesus, bible, and all that are evil tools of the Police State.

I am Pro-Occupy, so I said nothing about the childish and lunatic "Die-In" which followed, alienating the Public from Occupy's ideals and message. The police loved it, especially the Secret Police undercover who sponsored it, thru organizations they control, such as ASD. Which one of you guys is Adolph Hitler, Jr.? Why are you guys pro-Jew this time around?

Occupy San Diego has called for the Recall, Resignation, or Election Defeat of **Lori Zapf**, San Diego City Council Member, and **Shirley Owens** of her staff, for **taking the position that Police Terrorism is okay**. The exact words used by Owens, who represents Zapf, were "Fucking Idiots! I wanted to shoot them!" A second protest was arranged, to complain about mistreatment of citizens by Lori Zapf and her staff. (Link probably deleted by the Facebook Police.) **PAGE THREE**

Police Wage Nazi War Against Homeless in San Jose

Silicon Valley's homeless camp, "The Jungle" is comparable in many ways to the San Francisco "Tenderloin", Los Angeles "Skid Row" and San Diego's "The Bottoms Ghetto".

Controlling Renegade Police

Controls on Police are these: Within the Department, Chain-of-Command disciplines, plus Internal Affairs. Outside the Department, the Citizen Review Board and the News Media. Society is sufficiently corrupt to have negated all of these checks-and-balances, however. We need a Citizen Review Board that has its own investigators and prosecutors that are independent from all other government. We may actually need special courts and even prisons to deal with police offenses. When Bob Filner, a Jew, became Mayor, I vetted whether or not he belonged to any terrorist organizations, such as Israeli Nazi Zion, and he did not. I would have looked just as carefully at any Palestinian or Iranian. Our police chief, Shelley Zimmerman, does appear to be a member or supporter of **Nazi Zion**, however, and they are absolutely as terrorist as the PLO or Hamas, maybe more so. So, how do we stop her City Cabal and Police Force from **Nazi police terrorist military tactics** against un-armed civilians?

Homeless Perspectives and Solutions: Those that cause a problem sent to fix it

Society's biggest problem, and homelessness is just an adjunct to all this, is that the people who create a problem are tasked with solving it, even though they don't want to, don't want to even admit that a problem exists, don't want to admit that it is their fault, and make lots of money on that problem getting worse. The Jesuit Mafia (La Cosa Nostra of the Catholic and Mormon churches) fixes housing prices so that their buddies in banking and real estate get wealthy, but also causes homelessness because many cannot afford such high rent prices that result. So, this same group owns Father Joe's, to deal with that problem. (See "Mafia News", last page.) Suckers actually donate money to the Mafia "help" groups (the nonprofits) that make the problem worse, thinking that their donations do some good, which they do not. Giving free money to the MOB does not fix anything.

Toilets works the same way. The Downtown Partnership (and/or its previous incarnations) is the Genovese Organized Crime Family, which tore down hotels, causing folks to have to hit the sidewalk. This made lots of money for gangsters in housing and real estate. Then, they made a deal to construct "Affordable Housing" that nobody can afford, to "solve" this problem. The unaffordable "Affordable Housing" made even more money for gangster bankers and gangster real estate developers, wondering why our sidewalks are still full of homeless. So, the Genovese Crime Family started "Clean and Safe" to harass the homeless, arresting them for taking a piss, while making sure there are no places to legally do that. **PAGE FOUR**

Then, the City assigned the same Downtown Partnership that got rid of all the toilets to be in charge of getting new toilets installed. In 4 years, they succeeded at **removing 9** toilets and **installing 0** (zero) new ones. Yes, zero. That is because the new Portland Loo duplicates existing toilets nearby in the stolen and smuggled cigarettes area, **Machine Gun Alley**. This is a group of 15 toilets all in the same area, where drugs and stolen items are sold. The Portland Loos count as Media Hype, but a "new" toilet has to be 3 blocks away from an existing toilet to be considered "new", or it is just more toilets in the same place. Big deal.

The Downtown Partnership succeeded at failing, which is what it tried to do, while also touting fake successes in our thoroughly-corrupt news media. Well done, dick-heads. Since the entire homeless problem was proven in Federal Court in a three-year trial to be ENTIRELY the fault of the City, should this problem be tasked to the City to solve? That would be utterly useless. I propose that the State of California fix the San Diego homeless problem, and that the San Diego legislators not get a vote on that issue, as "Recused" (personally involved). Then the State can send a bill to the City.

A better solution, of course, is to demand our **20% occupancy** of the buildings built with HUD or Redevelopment money, as required by law, requiring building management PROVE that there are 20% of us living there, and these are real people, and really live there every day, and they qualify. Just following the existing laws on this solves our homeless problem! How about a \$2,000 a day penalty for non-compliance, which goes to \$10,000 a day after 30 days?

We are homeless because the City of San Diego has unlawfully deprived us of our 20% Occupancy of the ACTUAL buildings which were built with HUD or Redevelopment money, in violation of the law. Somebody KICK the City's ASS. Thank you.

Any donations should go directly to the homeless and NOT to a "charity", because that is a waste of money. The only nonprofit that

has the ability to help us is the ACLU, the American Civil Liberties Union.

Thanks to Downtown News:

A rare article gives the truth about the San Diego homeless, interviews John Kitchin, our Publisher

Will Bowen, reporter with the Downtown News, has a Ph.D., so he was a good fit for the 3-hour interview in Old Town State Park. I educated him some on the reality of the homeless situation, and he turned in a fine article. This may be the rare occasion where the press does not insist that the homeless are lazy, crazy, or substance abusers. He was afraid that the paper would not publish the article. They did insert a disclaimer, that it is not the opinion of the newspaper. To read the article, or even make comments on it, the link is: <http://sandiegodowntownnews.com/homeless-for-the-holidays/> • So far, a Producer at KPBS has contacted Kitchin about an interview, which would be good, especially since KPBS has been a big source of misinformation about the San Diego homeless in the past.

Many Links Tampered, Not Working; News websites shut down for being alternative, telling the truth!

A lot of the links posted in articles have been SHUT DOWN by our Fascist government, to keep people from reading the original articles or accessing the official websites that things came from. Not our fault. In addition to censoring out the Red Slider, Facebook also censored out Revolution News, and doing so is definitely both Fascist and NAZI to do. The Sacramento Z was censored out by both Facebook and Google, and the Google Chrome browser refuses to take people to Popular Resistance dot Org. **None of these are all that radical or revolutionary, just glimpses of the truth!** **PAGE FIVE**

A call to action: I call for all alternative media to give links to those of us being censored out, in every issue and on-line article. **Help fight Nazi Fascism and Zionist Terrorism.** The ones having the most censorship trouble are:

Hints & Kinks: Medical Care in Mexico

You can see a doctor, without any appointment, 24 hours, for about \$3 US, for a diagnosis or prescription. In Mexico, Minimum Wage is 50 cents US per hour, Prevailing Wage is \$1 an hour, Maximum Wage is \$1.50 per hour, and Professional Wage is \$3 an hour. In border towns, much more, dealing with Americans who don't know that. Surgery and dentistry should be avoided, as autoclaves are not generally used for the sterilization of instruments, so it is easy to get HIV or even gangrene. Also, when the doctor or dentist makes a mistake, it is unlikely that you will be compensated. Much safer in the USA. With ObamaCare, you do not need Mexican medical care, except for plastic surgery, abortion, sterilization, or plastic artificial teeth installed with a socket wrench ("oral spark plugs"). Since healthcare professionals may get as little as 3 weeks training in high school, be careful. Many are very good, but that is not necessarily so. If you seek healthcare in Mexico because you need Spanish, consider the Tijuana suburb of Chula Vista, on the US side of the border. **Update on Bodily Parasites:** HCB (hexa-

chloro-benzene) can be had for just under \$2, enough to treat 6 to 8 people, at Farmacias Similares in Tijuana, just one block south of the Downtown Arch, 24/7. Cures all forms of bodily parasites in ten minutes, stopping all itching.

Meetings:

The **Girls Think Tank (GTT)** met **Thursday, Dec. 4**, with 20 present, a very good showing. They spoke about the Portland Loos event held a day earlier, which we have already described as a complete failure over 4 years of trying. The new toilet duplicates existing toilets a block away, is located in **The Bottoms Ghetto**, is only one toilet and not a Men's and Women's, etc. I cover the toilets situation in previous editions (May 21, 2014, at www.NZ9F.com/SDHNarchives2014/May) in an article entitled "Redevelopment, Toilets, Cabals, and Homeless Storage". It gives the history of the toilets problem. • On Thanksgiving, GTT distributed commodities to about 300 people, and had a lot to give away. • There is still a snag in the Portland Loo to be installed at Park and Market, which WOULD count as a new toilet. • Since the first Thursday in January is New Year's Day, the next meeting will be held Jan. 8. • More presence of religious zealots, and even a mention of Jesus and all that, in violation of previous policy where members would not tolerate people stupid enough to believe in God. • They dropped the fake "Pizza Delivery Driver" stuff, which is a plus, however. They in the past wanted to make sure we all saw the pizzas "delivered", to prove to us that no control-dope had been added to same. • Melanie Stuart commented the day after their Thanksgiving event that GTT had become largely useless, and I agreed, adding that no other nonprofit is doing anything useful, either, however, so how can we blame them for being normal? ♦♦♦♦ **The MAPSS, Metropolitan Area Providers of Social Services** does not usually meet in December, including this year.

General News:

Typically **4 Mafia Thugs** gang up on one homeless person in Downtown San Diego, to strong-arm them into being intimidated, the City's preferred method of harassment. I want a City Ordinance prohibiting these "Safety Ambassador" violent henchmen from being within a city block of each other.

The **San Ysidro Library** has a storage area used for the possessions of the homeless when they are using the facility. They are located on E. San Ysidro Blvd. at Park St., which is on the 907 bus from the Border, or a few blocks south of the Beyer Blvd. trolley stop. It opens at 9:30 AM on Fridays and Saturdays, days when the Central Downtown Library doesn't open till noon.

Madison, Wisconsin now has a homeless village constructed by **Occupy Madison**, which built tiny homes for the homeless. (www.NZ9F.com Home Page) photo. <http://sandiegofreepress.org/2014/11/tiny-home-village-for-homeless-opens-in-wisconsin/>

Homeless 807 Course, only for those with a Doctorate Degree, continued: Section A, Basics-3: Spirituality, Gnosis, Hypnosis

◆◆◆◆ **Warning:** You are too STUPID to read this if: 1.) You have "Beliefs", such as God, heaven, hell, religion, Satan, Life Hereafter, and/or similar. 2.) You do not understand the Religious Secrets, such as controlling the public by feeding them the blood and semen of the Ruling Class and the Controlling Class (Professionals), (Gnosis and Hypnosis). 3.) You do not understand that there are millions of

intelligent life forms on billions of other planets (in other universes) and none of them consider any human in history to have been intelligent. 4.) You do not know that a huge percentage of "The Truth" that we use to "prove" things in society is actually a group of lies, and universities are used to come up with more "proof" that these lies are "The Truth". **All Ph.D.s know all of this, because it is our job to prove all these lies.**

If you find these things offensive or not believable, then the ministers and teachers have done their job in keeping you stupid so that you can be forced to work hard, exploited, controlled, used, enslaved, and made a profit off of, to serve the Ruling Class and to a lesser extent the Controlling Class (Professionals). This is NOT your fault, unless you refuse to learn, and continue to be stupid, as we were all born stupid. We are the only species of many millions that is stupid enough to believe in things like God, a Life Hereafter, and many other nonsense things like humans being intelligent life. We were genetically designed to be slaves, hypnotized into the belief that we are free, intelligent, important, happy, etc. Stupid people often get angry reading true things like this, and refuse to "Believe" any of it. **Learn or be stupid. END OF WARNING.**

Section A-3 here is by far the most important of the whole course. Called "Spirituality", Gnosis and Hypnosis are used in the other two procedures already covered, in order to establish "Beliefs" and "Conformity". The exact methods by which all this works are well-known and Top Secret. The Eastern Religions call these things "Tantra" or "Tantrism", but all that is the same thing. Spirituality is the most widespread use of control today, and it involves hypnotizing people by putting your blood or semen (DNA) into their food. This also gives you their love, biologically, that you can give out to them or others as a reward for doing what you want done. Proper use involves using exactly the correct amount of DNA, plus using the power of suggestion, and also giving out love as a reward for compliance with behavior. It is all **PAGE SEVEN** very complex, and the use of

human semen to control others is called "Seminary". Make sure that your Cabal (the group that collects your blood and semen) gives you sufficient "Professional Privileges" that you have spare love to give out. Try to inseminate all of those you will be supervising or helping, for a better charismatic (hypnotic) connection. Here, snacks and beverages given both to clients and volunteers can make all the difference. **Important: Using too much DNA in food greatly damages people! See Chart, below.**

The DNA is referred to as the "Holy" or the "Secret Substance" (in Eastern religions such as Buddhism), and food that has been treated is called Holy, or Kosher, or Halal. All are exactly the same thing, and each religion and group makes up ridiculous lies that they try to get their folks to believe about that. The whole process must be taken very seriously, to avoid causing serious illness (usually mental) to those who consume the food. Consumption of just a few ounces of the blood of another person causes the need for the person poisoned to be treated in a mental hospital, for example. Whenever possible, a very REAL Rabbi, Ayatollah, Priest, or Emir should be used to make the food Holy or Kosher. Proper use of Spirituality, Gnosis, Love, and Hypnosis to control others is a science and art requiring many years of training. I only skim the surface here. For more on all this, see www.NZ9F.com/Gnosis, or the complete story in Package A at www.NZ9F.com/PDF. Package A is a university course.

There are eleven levels of what happens when the DNA of one person is consumed by another.

Chart on the drug DNA and how much damage is caused in what dose level: This is various levels of damage, from LEAST damage to MOST damage, varying in the amount of DNA (human blood or semen) that is added to the food:

1.) Genetic Memory (Talent or Instinct): A tiny amount of DNA used causes the transfer of Genetic Memory Knowledge (Talent and Instinct) from the DNA donor to the grandchildren, 2 generations down from the person ingesting it. This is very complex and

most of this, while well-understood is a Government Top Secret. I can tell you that 98% of your DNA is "Non-Coding" DNA which codes for Talent or Instinct, and the other 2% codes for manufacturing proteins and body parts. Non-Coding DNA (the 98%) is memory, knowledge, and abilities, present at birth in your brain's memory units. What DNA your grandparents swallowed in their food is knowledge present in your brain. This is how humans acquire personality traits and learning abilities. The exact process is extremely well-known and Top Secret. Mammals are multi-generational in learning processes, because they live such a short time, and in nature, these knowledge-transfer processes between generations work automatically: When a baby drinks its mother's milk, when a husband's semen enters his wife's vagina or mouth, and when a wife puts her menstrual blood into her husband's food. All natural processes, and **no damage is done unless too much DNA is used.** At increased levels, there is damage, so read on:

2.) Love (Spirituality): The second wave of what happens when DNA gets swallowed is that the Medical term "Spirituality" is set up. Forget about religion and their use of the word, this is a Medical word only, here. Its specific meaning is the establishment of a link for the transmission of a specific type of radio wave, unique to mammals, called "Love". Love is the transmission of a radio wave on the DNA frequency of another person. It is person-specific, but has overlap to other people, because we all have similar DNA. Receiving this love makes someone feel good, increases self-esteem, and the love received can be given off to others, making the DNA donor very popular. When your DNA is swallowed by others, their love flows to you and accumulates. Love is a Direct Current pulsating DC radio-frequency magnetic wave that is Resonant to the DNA consumed and stored in the Basal Ganglia of the one swallowing the DNA. It is very low in radio frequency, about 8 hertz in females and 30 hertz in males. It is enormously complex, bearing sidebands and modulation that span the gamut of human DNA. As a radio engineer **PAGE EIGHT** (NZ9F) I understand love all the

way to its essence. In common speak, consuming the DNA of somebody sets the transmitter frequency in your brain to put out love thru the antenna in your chest on the frequency of that specific person. **Once again, no damage is done unless too much DNA is used.**

3.) Classified. Much information regarding how people are controlled is officially Classified as a Government Secret, and I am being advised by CIA-USN as to what I cannot write about. Sorry.

4.) Control: At this level, some control of the person is afforded charismatically, via hypnosis, gnosis, suggestion, placebo, love, and related. This is the level that religious ministers study in Seminary. **This level does cause damage, but not permanent, and the more intelligent the person is, the more damage caused.** Can be reversed with 3 months of not having any more food with blood or semen in it. I call this stage "**Hypnosis**".

5.) Memory and Concentration: At this level the person has trouble with memory, concentration, mood, falling asleep, waking up, focusing. In my older work, I called this being "**Spermed Out**".

6.) Spacial relationships (places) and memory dysfunction: At this point there may be problems with recognizing places, faces, and at worst, the person may be wandering around. This disorganization almost always causes automobile accidents. Much loss of motor skills at the higher levels. I call this stage "**Spaced Out**".

7.) Interpersonal Relationships: Causes problems with spouses, family, relationships, friends, teachers, parents, children, employers, employees. This can be serious and cause loss of job, housing, college education, way worse. I call this stage "**Assholism**".

8.) Classified.

9.) Depression: This is anger, directed internally at one's self, instead of externally, at others as in #7. This anger is due to frustration. Nothing is working out, nothing is making sense, everything is a blur. I call this stage "**Gnosis Depression**". It has the same

symptoms as Clinical Depression, although it has an entirely different cause. Attempts to treat Gnosis Depression using the methods for other Depression will always fail.

10.) Attention Deficit Disorder (ADD): In addition, the grandchildren of this person will probably suffer from ADD, ADHD, Bipolar Disease, or Autism.

11.) Bipolar Disease (BPD), also called Manicdepression: Major mental illness at this level of DNA added to food, considerable mental and genetic damage, damage to Genetic Memory, grandchildren usually born autistic, or at least with ADD or BPD, which is multi-generational, caused by eating DNA. This comes in Type One, which is for life and cannot be cured, but can be treated, or Type Two, which is merely too much DNA in the food and can be cured with Strattera (maximum dose), and a lot of Spirituality (the patient's blood and/or semen in a lot of people.)

12.) Schizophrenia: This has absolutely no cure, nor treatment, even though there are FAKE studies that lots of folks make money on to lie and say otherwise. No drug works, except to make these people less of a problem for Society. They themselves do not benefit from any drug used. They are just sedated, so they no longer scream out and disturb others. This is permanent, cannot be made even 1% better with any known means, and is horrifically painful for those who are Schizophrenic. Only death brings relief.

13.) Despair and Death: At this point, death is welcomed as a relief, and is usually a direct or indirect suicide. Indirect suicides include accidents (such as pedestrian and motor vehicle) where the person becoming injured and dying just does not care. A very large number of accidents involve the cooperation of the person who does not want to continue to live. I call these people "**Deceased**", which is where all homelessness, and all life, always ends. In the case of homelessness and the disadvantaged, it just ends a lot earlier.

END OF THE PROBLEMS WITH DNA IN FOOD. End of Section A, Basics of Control PAGE NINE (Beliefs, Peer Pressure,

Gnosis). Coming up next, #4, Tiny Rewards. Tiny rewards are the most effective way to change behavior, without causing damage to the person being controlled. Next issue.

Mafia News:

Unlawful “Affordable Housing” Slush Fund:

This is supposedly currently being used by **Father Joe’s** and real estate developers to help push poor folks into **The Bottoms Ghetto**, the area near **Machine Gun Alley**, where the stolen cigarettes are sold. Some poor truck driver got shot in the head so that you can buy your stolen cigarettes. This same fund has other uses:

Papa Gambino is getting a million dollars from this fund for poverty housing to develop a new **Pizza Mall in Little Italy at 1703 India St.** Pizza Famiglia will be a project of Fenton Properties (Michael Neal) and the Little Italy Association. This money, of course, was set aside for “Affordable Housing”, not pizza malls. It was **unlawfully** raised from developers in lieu of allowing us our **20% Occupancy** of buildings developed with HUD or Redevelopment money. **On this Civil Rights issue (“Separate But Equal”, Jim Crow) no amount of cash can be considered enough.** City Council Chairman Todd Gloria, a Democrat, and Mayor Kevin Faulconer, a Republican, both posed for photos of the groundbreaking of this Gangster Event. **A NEW LOW FOR AMERICA’S MOST CORRUPT CITY.** I want to suggest that this instead become the new Homeless Center.

Father Joe’s is currently being sued for its ties to Organized Crime, control by “Big Jimmy the Snake”, the Godfather of Plumbing, spreading toxic mold via its showers, connections to Satanic and Pedophilic organizations, and, of course, Joe’s is operated by the Jesuits of the Catholic Church, who are Godfathers of the Bar (Mafia). at www.NZ9F.com/PDF, a university course. If you can prove that Joe’s is the MOB, usually you get to sleep with the fishes. Getting our 20% Occupancy of the buildings constructed with HUD or Redevelopment money would largely end the homeless problem in San Diego. And, as I have said, NO amount of cash money would be acceptable instead on this Civil Rights Issue.

Publication Schedule:

We aim for 6 pages, every 30 days. When it runs over, we either go to 7 or 8 pages, or publish every 20 days. On the 30-day sked, our paper comes out around the first of every month. On the 20-day, it comes out on the first, then the twentieth, then the tenth day of the next month. We cannot come out more often than every 20 days, so if it still does not all fit, sometimes the edition runs ten pages, like today. Next issue Jan. 10 (or 20).

PAGE TEN, END.
