No one WANTS to be homeless, and no one
CHOOSES to be homeless. It happens when
everything you do to prevent it fails to work. Making
anything illegal that cannot be prevented makes no
sense. Instead, make it illegal for circumstances to
force people to become homeless against their will.
Once homeless, people will need to use booze
or dope, just to stay sane, and many lose that fight,
too, becoming mentally ill and often killing
themselves. This ends the problems that **PAGE ONE**

society forced upon them. Self-Servatives
(ConServatives, Con Artists that Serve themselves)
cause funerals, but they don't mind, because they
don't believe in God.

Portland Loos Toilets Update:

Far from a huge accomplishment, the one-half toilet unit we are getting, in **The Bottoms Ghetto**, an area we are trying to avoid being **shoved into forcibly**, does not count as any sort of accomplishment at all. Huge work, 4 years of time, lots of effort, and so far a complete defeat. The other toilet planned for Park (12th) and Market would count, but has been blocked by the Genovese Organized Crime Family of La Cosa Nostra, the Italian Mafia, for the 47th time. We absolutely need to sue the City for toilets, and accept no Out-of-Court Settlement. The rubber tent shelters took 3 years of litigation in San Francisco, to cope with the many MOB death threats on the lives of San Diego judges. Only a Permanent Court Order would be worthy. **PAGE TWO**

The Downtown Conspiracy Cabal, which has so far eliminated 9 of our former 11 toilets in the Toilet Target Area (the Trolley Loop downtown, plus 5 blocks north) has changed its leadership, but not its gangster Mafia tactics, nor its strong-armed robbery of the homeless, taking away their temporary homes on the sidewalk. We need to dissolve the Downtown Partnership entirely, without replacing it with another Organized Crime group. I call for the City to outlaw PBID taxes. Any of you lower-taxes folks want to support this? Gee, how come the "Taxes Are Bad" Conservatives all suddenly shut up? Could it be because of the secret deals between the Republicans, the Mafia, and the Major Corporations?

Announcements:

We ask that you DO NOT help the poor and homeless over the Thanksgiving and Christmas holidays unless you also help the rest of the year. Otherwise, all you are doing is selfishly satisfying your guilty conscience. Please come back in January. Thanks.

Finding the Winter Shelter: Camp New Birkenau, the disease-spreading tent used to shelter the San Diego homeless, is located next door to the Deadly Toxic Hazmat Cleanup Site at 16th and National, and be careful not to breathe the air in this vicinity. This is the southwest corner of The Bottoms Ghetto, 2 blocks southwest of Father Joe's (Prison) Village For the Poor. From the 12th and Imperial Transit Center (see bus and trolley maps) follow the Orange Line tracks south one block to National Avenue, and turn right. If you peek over the fences on your right, you can see the exterminator tent. Continue around the block. Sign up at Neil Good Center, 17th and K, which is 299 Seventeenth Street. Their information is at www.NZ9F.com/NeilGood. (One word.) They are located in the east-

central portion of The Bottoms Ghetto, 5 blocks east of the new library. For other shelters see www.NZ9F.com/Shelter_Index, and be sure to click on the 3-page PDF of the latest info.

The Tijuana Housing Mission has housing at Avenida 5 de Mayo #526, enter at Coahuila. (011-52) (664) 304-6670, 1-10 PM. Little or no charge for rent. This is one block north and five blocks west of the Downtown Arch, which itself is seven blocks west of the San Ysidro Border Crossing. 13 blocks from the Border Crossing, total.

• The **Food Pantries** have been **running out of food** mid-month, with the Salvation Army downtown pantry running out Sept. 25 and the Crisis House East County Community Services pantry running out Oct. 23. The retired and disabled get their money early in the month, leading to shortages late in the month, and the last week or two is now "Starvation Week". The Soviet Union went down exactly the same way.

El Piri Pharmacy, near the First St. Walkway (Articulo 123) and Madero (this is a block east of the Downtown Tijuana Arch) has **Viagra, generic, 4 tablets for \$3**, which is 75 cents each. No prescription needed. 10 AM to 6:30 PM.

Thomas Jefferson School of Law in San Diego, insolvent and in Receivership, has only 1 of 5 of its graduates able to pass the Bar Exam. Just what the world needs, more incompetent lawyers.

The Catholic Church just bought the license for **San Diego AM Radio 1000**, KCEO, and will be operating it as part of a 40-station propaganda network. They also bought a Los Angeles station. It is considered a Religious Secret that the business affairs of the Catholic Church have been administered by LDS (Latter Day Saints, the Mormons) since about the year 1950. The network broadcasts to the less-intelligent in society, encouraging them to work hard, conform, buy real estate, have lots of children, accept low wages, and not complain, in order to make huge profits for the Catholic and Mormon Ruling Class. Both make most of their money on overpopulation, thru real estate and food sales, and are **PAGE THREE**

therefore against any reduction in people, via birth control, abortion, suicide, or homosexuality.

I want to thank the **San Diego Reader** for publishing my comments on **toilets** and the needs of the homeless in its Oct. 23 issue, Page 36, "Head Count". I also want to thank City Beat for its publication of my comments on Nov. 5th.

Meetings:

The MAPSS (Metropolitan Association of Providers of Social Services) meeting this month was not held, and instead they presented an in-service seminar on all the housing shelter options for clients. This is major research and it is here: SHELTER OPTIONS: www.NZ9F.com/Shelter_Index. Be sure to click on the PDF for the latest options. Also call 211. ♦♦♦♦ The GTT (Girls Think Tank) met Thursday, Nov. 6, with 13 present, which is average. • David Ross, the Water Man, is back from Detroit, and still gives out bottles of water. • A Project Connect will be held in the South Bay on Nov. 20th. • We have critical shortages of showers, toilets, and drinking water. • The backpack stuff distribution will be held Thanksgiving Day, 9-10 AM, at 16th and Island, and only donated items plus rain ponchos will be given out. • The new Portland Loos will open at 14th and L, noon Wed. Dec. 3. Since it is outside of the Trolley Loop, and only one rundle, not a Men's and a Women's, it counts as zero new toilets. The other new toilet, slated for Park (12th) and Market has been temporarily cancelled because Clean and Safe, the Downtown Partnership, decided that it needed the sewer line reserved for that toilet for another purpose. We waited 4 years for that sewer line, too. Information provided by a member of the Mayor's Committee on Toilets. • Summary: We had 11 toilets, were promised 8 more, instead lost 9 toilets, giving us two. Now we add zero in the toilet-count area. Progress? •

News Censored Out

The FAA No Fly Zone over Ferguson was to keep the news media from witnessing and

recording police brutality, and FAA finally admits it here: <http://countercurrentnews.com/2014/11/feds-finally-admit-ferguson-no-fly-zone-was-to-keep-media-from-recording-police-brutality/>

I chuckled about the Congressional Race between **Mayoral Loser Carl DeMaio and Infamous Congressman Scott Peters**. A lot of attack ads accusing each other of major corruption, being an awful choice, criticisms for what they are, what they stand for, and what they are doing and have done. All of it was substantially true, so we need to Recall whoever wins. Public Masturbation versus Blatant Conflicts of Interest? Tea Party versus Good Old Boys? Get outa my way, I think I'm gonna heave. This stuff belongs in Mad Magazine, not on Fox News, although there are similarities between the two. Both are fiction, for example.

Outreach and Reverse Outreach

Hundreds of organizations have "Outreach" programs to try to touch the homeless. Good idea, and the Homeless Board of San Diego also has an Outreach program, or perhaps Reverse Outreach, where we try to bring the truth about homelessness to the news media, police, and government. I **PAGE FOUR**

promise to continue to try, despite lots of denial, repression, lies, and a whole lot of whining. Propaganda is useful in controlling the uneducated masses, but those of us who are in the Controlling Class (Professionals) must also know the real truth, if we are ever going to deal with realities, as opposed to the "Official B.S."

Compassion be damned. You personally had a hand in making us become homeless and stay homeless by not refusing to tolerate it. We know that. We accept your "Compassion" as an apology, but when will you change? Forget about compassion, pity, and all that nonsense and deal with your guilt instead. You had a part in making us homeless. Admit it.

A local newspaper editor that I had been trying to Outreach, sending a copy of my San Diego Homeless News, returned a message about Outreaching me, and possibly an article about my work and mission. Didn't go well initially, but it caused me to ask the obvious question, "If I were writing an article about me and the Homeless Agenda, what would it say?" I am not one of the Nonprofits, so I do not need to court the news media to solicit more donors and all that. Here is my article on me:

"John Kitchin, the man who publishes the San Diego Homeless News and its companion paper street edition called Homeless City News is a bit of a person that is not supposed to exist. Well-educated, articulate, super-intelligent, and a leader, he is also homeless, unemployable, politically untenable, and often unkempt. He has been very wealthy. Interesting combination! Kitchin has a Ph.D. in Psychology, and has done engineering in two fields, broadcasting and heating and air conditioning.

More infamous than famous, John Kitchin runs a food pantry in Tijuana, as well as a soup kitchen (he says his middle name is "soup", John Soup Kitchin) and he represents the homeless of the US, publishes his 2 newspapers, does psychological counseling, and maintains a search-engine website for the needs of the San Diego poor. He is a Bishop of Ancient Paganism, which is NOT Wicca. He says, "Once you become homeless, all that

you are and have accomplished gets ignored." Kitchin has a psychological theory which relates ADD, Bipolar Disease, and Autism.

His search-engine website at NZ9F.com helps the poor in San Diego find needed resources that are often intentionally hidden by 211 in order to save taxpayer money. "San Diego is one of the worst places to try to find resources needed to survive", he says. He goes on, "Once homeless, people need to use dope or booze just to stay sane, and may lose that battle, becoming mentally ill and often committing suicide. I reasoned that I could tolerate 5 years of being homeless before same killed me, but it has now been 7. I periodically review whether or not I would be better off dead, and it is usually pretty close."

Being very blunt and matter-of-fact, Kitchin considers television and video games to be useless escapes, and thinks that accomplishing something in society is much better to do with your time. "You can have the benefitting of others be your recreation," he says. Kitchin has a lot of humor on the web at www.NZ9F.com/Humor, enough to keep you laughing for days. He says he wrote it to prevent suicides because "you can't kill yourself when laughing your ass off."

His San Diego Homeless News is not so much for the homeless to read, but rather for those who deal or come in contact with the homeless. It features the meetings of nonprofits and other organizations, and chronicles what is being done. It also provides editorial comment. "I originally tried not to be the voice of the homeless, but that position found me anyway," he says. The paper contains no advertising except free Public Service ads, and goes out by e-mail to about 150,000 subscribers every 20-30 days."

A.) BASICS

Section One: Propaganda and Beliefs, Part 2

What will technology look like in a billion years? Well Intelligent Life has no death (except due to accidents), no beliefs, no aging, no disease, and no poverty. All that leaves out us humans, obviously, for the foreseeable future. But you already know that we are not an intelligent life form, just an animal. You have the privilege of being able (maybe) to access the intelligent life forms around us, because you have a Doctorate degree, although you also know that the ETs claim that even we are super-stupid. We are just the most intelligent of the human species, which is notoriously stupid. Many believe, for example, that there were once reptile-beings who conquered Earth, nonsense put there to confuse. The Boogie Man wants to give you monster nightmares. There is the claim that you need at least ten million years of college to be considered intelligent, and that, too, leaves out us humans, as we have not managed to conquer disease and aging, and so cannot live long enough to do that.

Getting back to beliefs, which are part of the basic programming of all mammals, our beliefs come from hypnosis, the media, schools, parents and family, peers, religion, social networking, dating, and life experiences. Humans do have imprinting periods where certain values take hold permanently and once set are very difficult or impossible to change. So, children are taught about God, religion, morality, similar, at a very young age, and care is taken that they not be taught about sex. Imprinting for musical taste occurs about the same time as that for sexual preference, about age 10 or 12, for example. Once set, it is permanent.

Hypnosis can assist the process of forming beliefs, as the teachers and ministers have their DNA routinely swallowed by the children they are teaching, same being added to their food. Been this way since the Ancient Egyptians and even before (See Section 3 of this course, or www.NZ9F.com/Gnosis.) Beliefs are the key to establishing control of a person effectively and inexpensively, a great shortcut that works automatically for life. A bee, for example, is pre-programmed at birth. A huge amount of time and money is saved by pre-programming people via belief systems. A lot of our beliefs come from propaganda we hear in the news media, from the pulpit, or from the members of the Cabals, all groups of the Controlling Class of Society (Professionals). Beliefs are built-in, repeatedly strengthened by repeating them again and again, set into place by hypnosis (see Section 3, upcoming). Many studies have been done on beliefs, because it is the most effective way to control large numbers of people. All of the good studies done are Classified, including my Doctoral Thesis. [Coming up next: Peer Pressure, Me-Tooism and the Bandwagon Effect.]

Show Your Homeless Pride! Pep Talk; Morale

Every characteristic you have is either something you intentionally did, or something given to you whether you like it or not. Be proud of your accomplishments, but also be proud of whatever you are. If you are Black, be proud of that. Gay, ditto. Blue eyes, sure. Most of these things you cannot change, and you must always be proud of what you are. Homeless? Well, did you have a choice? What about "Axe Murderer"? If it was really Self-Defense, but the Court didn't buy that, and you had no other choice except to die, Proud Axe Murderer. Wear it as a badge that our legal system is full of shit. The tough ones are things like alcoholism, drug abuse, and mental illness. Yet, if you had no choice in the matter, be proud of what you are! Society says these things are a matter of choice, and your behavior. I don't need to tell you how fucked-up in the head society is, however. It is true that some of these things involve some choice on your part. Just like you can decide to change your hair color, you can decide to use less drugs or alcohol. Can you choose to be less mentally ill? You can cooperate with treatment, IF any is offered, and hopefully it is treatment in your best interests, as opposed to only being in the interests of the wealthy folks doing the controlling.

Mental illness is a tough one, because most of the help is not that at all, just control and force to conform. All else would be "too expensive" and require techniques such as psychotherapy, reserved only for the wealthy, because society cares more about the work it can get out of you than it cares about you. But wait! Society cannot tell you what to believe, nor what to like or not like! You can choose to like inexpensive things and hate expensive ones. You can prefer a weekend in a tent in a forest alongside a creek over a weekend at a fine hotel. You can like vegetables and grains instead of steak and lobster. Society brainwashes you with advertising to get you to buy whatever the rich guys are trying to sell. Get rid of your TV, radio, daily newspaper, and all other advertising. And, of course, be PROUD to be one of the nation's millions and millions of homeless, the fastest-growing ethnic group in the country.

Ebola: Designer Virus? Holocaust?

Many believe that AIDS was created by evil scientists who manipulated a well-known ape virus to spread to the infection of humans. Kills off a lot of Blacks in Africa, followed by it being spread to gays and drug users. A virus causing monogamy! I do not find any evidence for intentional creation of the virus, but it was definitely used to kill off as many gays and drug abusers as possible, intentionally. I saw that done firsthand, by the Cabals of the Religious Right, years ago.

So, will Ebola be used the same way, to kill off poor and homeless people? Was Ebola a designed military war agent, being tested on Blacks in Africa? It sounds pessimistic, but the track record of we ape-humans has us using nuclear tech for destroying Hiroshima and Nagasaki before ever using it to make electricity. That was a worse crime than anything Hitler did. The Nazi Jews of today (those who are) use the hospital system to commit holocaust, although they have also bombed innocent women and children in Gaza who never asked to be Palestinian, and who hate the P.L.O. "You are sentenced to death for living near our enemies, and being of an inferior culture."

Hitler gave a trial to each and every person he executed, in absentia, to protect the identities of his secret police. Nazi court records recorded the reason for execution of each person. They kept extremely extensive records on everything, even what was served for lunch. Our present system of **PAGE SIX** killing people in hospitals keeps no

such records as to why, nor does anyone get a trial for treason beforehand. So, was there a Nazi Holocaust? Depends upon how you define that word. Once Germany surrendered, all those in work camps, prison, internment camps, and POW camps were slaughtered, and we have video of that today. [Source: *Non-corrupted paper-and-ink copies of Time Magazine, all library copies of which have been corrupted, and the internet even more so.*] Ebola shows potential for holocaust.

Merry Christmas!

Christmas, by that name, has been around for 40 thousand years, and is our oldest holiday, also called Pagan Yule or the Winter Solstice. 2 thousand years ago, the Christians decided to name their Messiah "Christ", after the Pagan Holiday of Christmas, and changed his birthday from March 21 to December 25th. One thousand years ago, a Roman Catholic Bishop, Saint Nicholas (pronounced "Santa Claus" in Spanish or Latin) suggested giving presents to needy children on Christmas. A hundred years ago poet Robert Frost invented the sleigh, reindeer, and North Pole settings. 60 years ago, Macy's Department Store in New York made it a shopping holiday, with presents for everyone, not just needy children. The newest change, 8 years ago, the George W. Bush Second Great Depression cancelled Christmas for most.
