Published by San Diego County's 10% (310,000) Homeless, 15,000 to 40,000 (on any given day) Unhoused, and 2 Million+ Nearly-Homeless\* \*(Official HUD Statistic for what THEY call San Diego's "Cost Burdened". The State of California calls them "Financially Stressed.")

No one WANTS to be homeless, and no one CHOOSES to be homeless. It happens when everything you do to prevent it fails to work. Making anything illegal that cannot be prevented makes no sense. Instead, make it illegal for circumstances to force people to become homeless against their will. Once homeless, people will need to use booze or dope, just to stay sane, and many lose that fight, too, becoming mentally ill and often killing themselves. This ends the problems that society forced upon them. SelfServatives (Conservatives) cause funerals, but they don't mind, because they don't believe in God.

The homeless are retired doctors and lawyers who invested in Enron and Bernie Madoff, and now live on the sidewalk. It is our own fault that we believed in government securities regulation. We refuse to become minimum-wage greeters at Wal-Mart as the job is too mindless. We are in many think-tanks, but they pay nothing. Society does not pay for ideas, so those with good ones eventually starve or commit suicide. This has allowed society to slowly crawl backwards for thousands of years. The use of nuclear weapons to destroy what is left of this putrid and wretched mess is probably in order. We have the ability to correct the harm that humans caused. Do the right thing. Launch the nukes.

(5.) Law Clinic Warning**

• **Recertification Warning:** Many disabled persons have been **committing suicide** because of being intimidated by **Recertification Letters** the past ten years. The letter says that they need to be re-certified and bring in various documents and forms to an appointment at a Social Security Office. The problem is that the appointment to be kept is in the past, the letter not being sent until after the "appointment" has already been missed. Also, **the "documents" that must be submitted are ones that do not exist.** The wording is harsh, intimidating, and many lose hope and blow their brains out. One of my good friends, Cliff Grossmann, is a victim of this, a retired professional bowler who killed himself because he could not comply, so he thought. I did not fall for it, but had already been removed from pay when the letter was sent (everyone is) until being reinstated by going in personally. I looked at the postmark on the letter, and saw that it was not mailed until the day after my scheduled appointment. I also did not try to look around for the requested documents, which included my "Railroad Retirement Pension Forms" and my "Self Employment Expense Records", two of more than a dozen documents they wanted that do not exist. **Get the word out that letters like this, although official, are misleading and merely require an in-person trip, using your crutches, cane, wheelchair, or walker, to a Social Security Office,** which is conveniently located where you cannot get to it easily. Also, the documents they ask for do not exist, so just tell them that.

• **Bus Passes:** For Disabled persons, a bus pass is only \$18 a month, and they can get one using Social Security, SSI, or SSDI money. For those who are NOT disabled, but poor enough to qualify for Food Stamps, EBT, SNAP, or CalFresh, which are all the same thing, tell your County HHS Food Stamp Worker that you need a bus **PAGE TWO** pass

to look for work. The pass you get is the \$72 full fare adult pass, eventually, after first giving you day passes. Note that this is a County service, and can only be had from County Food Stamp workers, NOT Federal workers.

• **Gangster - Mafia "Clean and Safe" to be on the ballot.** The Downtown Partnership, operated by the Genovese Crime Syndicate (Clean and Safe) will be on the ballot, so be sure to **register to vote! You do not need a street address, just a place that you can receive mail.** Many of us homeless are experts on exactly HOW a registration form for a homeless person needs to be properly filled out, and we will help you. Ask Jim Lovell, First Lutheran Church, 3rd and Ash, for help if needed. You can also e-mail me, John Kitchin, [nz9f@hotmail.com](mailto:nz9f@hotmail.com). **No one should have to be harassed, beaten up, intimidated, and threatened by "The Boys" of the Godfather, twenty times a day, not even society's weakest and poorest.** When the Mafia "Boys" strong-arm the homeless, forcing them into eventual suicide, it reduces the number of homeless in San Diego. Then, homeless get to live in San Diego's ONLY "Affordable Housing", the cemetery. **Vote to end the program which tortures the homeless until they commit suicide.**

• **\$100 a week for your blood plasma.** Scantibodies in El Cajon is in desperate need of plasma donors and pays \$100 a week. Takes about 2 hours, located in City of El Cajon. [www.DonatePlasmaNow.com](http://www.DonatePlasmaNow.com).

• **Law Clinic Warning:** Many of the lawyers in San Diego will mislead you when helping you, because they are part of the City Cabal, a Secret Conspiracy Group, and one of millions and millions of such groups that control society. Do not automatically believe lawyers, many of whom will try to get you to pay them money out of your disability check, or plead guilty to laws that are not valid to begin with, or use the Homeless Court. **The ONLY lawyers that we approve for Homeless Law are the Cory Briggs Law Firm, <http://www.briggslawcorp.com/default.aspx>, the Robert Scott Dreher Law Firm, <http://members.calbar.ca.gov/fal/Member>**

[/Detail/120527](#), the **Cohelan, Khoury, and Singer Law Group**, <http://cksllaw.com/>, and the **Michael Aguirre and Severson Law Firm**, <http://www.amslawyers.com/Attorneys/Michael-J-Aguirre.shtml> Anything that is a ticket, citation, or other violation or concern as a **HOMELESS** issue must **ONLY** go to these attorneys! **DO NOT BE A SUCKER!**

## **Nazi Zionists Continue 卐 Holocaust in Gaza**

Article censored out, but Nazi Genocide continues as **Zionist Terrorists** continue the **Palestinian Holocaust**. Australia considers labeling Israel a Terrorist State. Many Jewish groups have objected to this terrorism by Zionists, **who do NOT represent most Jews**. Due to Excessive Homeless Numbers,  
Federal Courts Rule Sleeping in Cars,  
RVs, Campers on CA Public Streets be  
Permitted - Including Parking Overnight  
- San Diego Not Yet Compliant

The Federal Courts have ruled that California homeless have the right to park their cars, **PAGE THREE** trucks, motor homes, campers,

and RVs overnight, because there are so many homeless here. And, we have a right to sleep in our vehicles, 24 hours. This may ease the homeless problem some, but so far San Diego is not compliant. The court ruling overturns two local ordinances, one on overnight parking and the other on sleeping in vehicles. **The Godfather ordered San Diego news media not to mention any of this, same as not mentioning anything about the overturning of the Illegal Lodging, Must Move, and Cannot Return Within 48 Hours rulings**, also ignored in the San Diego news media by order of the Mafia. <http://rt.com/usa/167188-la-homeless-cars-appeals-ruling/>

## **Improving The Economy: High Taxes on Wealthy Works!**

The 1950s and 1960s saw a robust US economy, due to extremely high taxes on the wealthy. They either had to lose a certain share of their wealth to taxes, or had to start new companies, expand present companies, and hire lots of people. When taxes are low on the wealthy, such as today, they just pocket the money, not even spending it, and our economy goes nowhere but down. Propaganda in the news media tries to make folks believe the exact opposite. Our low taxes on the rich results in our current bad economy, few jobs, fewer companies, and always getting worse. **Continuing this puts the United States out of business**. Same breakup scenario as the Soviet Union, without most of the nuclear weapons being sold to all the terrorist groups in the world.

## **Beach "Bums"? Are the Ocean Beach Homeless Different?**

Does Ocean Beach have a different sort of homeless, ones who are intentionally that way? In the 1950's with the beatniks and the 1960's with the hippies there were a lot of young folks looking for answers. One way was to become a "Beach Bum" or "Surf Bum" and spend a summer, usually between high school and college, or between college and getting a job, just hanging out, having fun, resting,

relaxing, and thinking. It became a Rite of Passage between childhood and adulthood for several generations. Some of the old beach movies (even the Gidget series) are actually about this sort of thing. I did my apprenticeship at County Line Beach, just west of Malibu, after college in 1979. I sold firewood and beer to tourists and locals, and never considered myself homeless. I was on vacation for the summer. I never considered this to be a viable permanent lifestyle, but with an awful economy and fewer opportunities than ever before, this may be the lifestyle forced upon many. **How come we still do not have a third rubber shelter tent, in OB?** Shame on you, San Diego! Probably Papa Gambino, who rules San Diego, does not approve. Here in the Gangster Capital of the World, you gotta follow his orders, or you sleep with the fishes.

As for the use of the word "bum", the terms hobo and vagabond were generally used affectionately, while the word bum was derogatory, although not the terms "beach bum" nor "surf bum". Homeless is a much more recent term, and describes a whole class of people, not just those on the sidewalk at any given instant. Of San Diego's 300,000 homeless, only 15,000 to 40,000 are unhoused (on the sidewalk) at any given instant. What is even more incredible is that the population of sidewalk homeless changes over a thousand times a day by huge numbers. It is a gigantic "rotation". Right now, there are, say, 15,000 on the sidewalk, but **in the past 48 hours there were 75,000 people who became part of that 15,000 and are not there now.** The persons who are unhoused changes by the thousands of persons per hour. Homeless is a rotation like "musical chairs" where when the music stops, you may or may not get a chair (house). And, just because you have one now, that does not mean you will later today or tomorrow.

How do you count that? On one day there were 100,000 unhoused, but only 15,000 at any one time during that day. Add up the moments over time, and the numbers are astounding. I give the proper psychological procedures for conducting a valid count elsewhere, and this is a **psychological count**,

because we are counting people who are trying to hide from us. The format is accurate and was developed in the early 1960's. I will try to reference my earlier work, rather than repeating it here. It is in Homeless 100, my basic college course for college freshmen (Survey of Homelessness) for those who will NOT be going on to deal with homeless as a professional. ## Tijuana Rescue Mission Still Operating

**Founded Years Ago, Somebody Asked Why  
I Never Do a Story About Me**

**Here I am, hanging out with cute  
topless babes:**

**PAGE FOUR** The "Twin Cherubs" (above) like to

give hugs and play with the other children. Their mommy is hot, too, and trying to get food and a place to stay for them. The boy is Luis, the "Littlest Hobo" of the homeless children I help. I receive no money from any government, nor donors, but do get food donations regularly. Accepting cash donations costs me more money than the money donated, so do not even try. I must refuse the money. The laws regarding donations are idiotic, but they are enforced, so I must obey them. • Most help I give is via e-mail at [nz9f@hotmail.com](mailto:nz9f@hotmail.com), provided you are reasonably intelligent. I get a lot of extreme nut-cases asking for help, too, and I cannot do that. They need to see a Social Worker, or a Psychiatrist, who **gets paid money** to help persons who have no idea which end is up. Sad, but not my fault, and a waste of time for everyone. Intelligent people welcome, however. I am currently running 300 supporters for each one person who does not like my views. I call that a success.

# Meetings

## The Girls Think Tank of the

**Coalition For Basic Dignity met Thursday, August 7, with 11 present**, not a very good turnout, but the meeting was the same date and time as an important San Diego Chargers NFL Preseason Game. 2 Directors were present, 3 Intelligent Homeless, and some community leaders, including one from County Government and one from the Religious Community. • **The Homeless Possessions Storage Program, which was recently doubled in volume from its past program is again out of bins, causing overflow of thousands of possessions on the sidewalks.** This is NOT due to the closing of the shelters, but due to huge new influxes of homeless, and they are from San Diego, not elsewhere. Expansion needed. • Fundraiser Aug. 13, not in time to effect this edition. • Free MTS Bus Passes for anyone who gets Food Stamps, also known as EBT, SNAP, and CalFresh (same thing). Contact your Food Stamp Worker and say that you want to look for jobs, and need a Work Assignment Bus Pass. • Featured Guest, the San Diego Rescue Mission. They now have a pre-school license, so they can teach and care for children while their parents go look for work in the daytime. They provide transitional housing for: Single Women, Single Men, Women with Children. **No Couples, No Men With Children.** Intake is Mondays at 11 AM, and you can also show up at 5:30 PM nightly, for a 7 PM meal and showers. Location is at First and Elm, between First and Front St., and between Elm and Fir St., the old hospital. **This is a Faith-Based-Ministry, and receives not one cent of taxpayer money.** • Toilets were also discussed, and I brought up the fact that the City has been telling lies for 5 years, and

Above, rat-killing working cats are bred for use in rodent abatement. **PAGE FIVE**

this thing is still going around in circles. **Papa Gambino don't want no toilets downtown. Capiche?** Meetings regarding toilets are a waste of time if the persons you are negotiating with have absolutely no credibility. •

## **◆◆◆ The San Diego Homeless Board**

**met at a secret place and time, to decide what questions needed to be resolved.** There are currently a number of problems, not just homeless storage overloads, but disability recertifications and the City ignoring court rulings. • Regarding **lawsuits against the City**, we need to establish whether one, several, or many different suits would be better. We also need to allow the Cory Briggs lawsuit against "**Organized Crime running San Diego**" to proceed, and point to more criminal evidence. • We also need to see if the voters approve **an end to Clean and Safe and the Downtown Partnership**, which is the City's primary contribution to Organized Crime. Clean and Safe uses strong-arm MOB tactics to harass and intimidate the poor in the downtown area. They are run by the Genovese Crime Syndicate in a number of US cities. ••• **Regarding the primary homeless needs ("demands", the "Ten Commandments")**, if we eliminate all of them that are "negotiable", that leaves us with 5 or 6 pressing needs. Those related to **Homeless Rights**, such as not being forced to change neighborhoods and a fair definition of "Affordable" Housing, are first in priority but not in time of action. Here, we must sue for rights, such as our rights to 10% ownership and use of the buildings developed with redevelopment money. From there, we have the needs of more **toilets**, and expanded **storage** facilities for possessions. And, of course more rubber **shelters**, each operated all year. It would make a lot of sense to combine storage and shelters, too, as more cost-effective. **Toilets have met with the City NOT negotiating in Good Faith the past 5 years.** Nonetheless, any meeting to reconcile our differences that does not produce a delay in getting our needs is welcomed.
