

Psychology Short Course 089 - Secrets

Secrets: A Summary of those things taught to Ruling Class children, early in life

If you were born into a Ruling Class family, you already know all of this, and if your parents are Professionals (in the Controlling Class), you know some of this, depending upon their Social Rank. All others, who are not Ruling Class nor Controlling Class Professionals are in the Slave Class, so this will be new to you. In the February 1 edition, I went into some of these secrets in my article called "Cops Fabricate Evidence", and I repeat that here, but also go into many other secrets of Social Class, the News Media, Society, Elections, and the Educational System. The secrets above all this are called "Government Secrets" and "Top Secret" and "Cosmos", none of which can be revealed without going to prison, so I cannot cover all sorts of secrets, only those that I can legally write about.

Society has a lot of secrets. The term "**Religious Secrets**" refers to controlling people via placing DNA (usually blood or semen) into everybody's food. This enables a type of hypnosis called Gnosis. It is also a religious secret that ministers do not believe in God, heaven, hell, Satan, or a Life Hereafter. They know better. Those things are for you sheep to believe. Also part of the Religious Secrets is that there are secret underground conspiracy groups, called Cabals, millions of them, and they run all hospitals, governments, courts, churches, corporations, etc. The Cabals are the Conspiracy Groups that collect blood and semen from their members, and take it to the food manufacturing businesses that they own. Often these Conspiracy Groups kill police who get in the way, and even District Attorneys. This is nothing new, and has been this way for thousands of years. Religious Beliefs are caused by eating the food that has been inseminated, allowing the religious leaders hypnotic control over those who eat it. Other drugs are also used in all food sold, such as Rohypnol and flouride. • The term "**Military Secrets**" refers to the fact that there are many other planets with intelligent life, and none of

those beings considers a human intelligent, just another animal. Also in the Military Secrets is the fact that there are dozens of control drugs, the names of which are Top Secret, added to all food to make people work hard, shut up, and obey. The military adds a lot of drugs to its chow for soldiers, too, because they handle weapons and so need to be thoroughly brainwashed and obedient. Unfortunately, the Military adds so much control-dope to the military chow that soldiers often commit suicide as a result. • The term "**Bar Secrets**" refers to the ONE political party, a secret organization, that controls all of the other political parties in English-speaking countries plus Mexico, and the news media. It is called The Bar of London, and it licenses attorneys and operates our "Justice" System. Justice is a word meaning that the wealthy have their way, and for everybody else, too bad. It is derived from the phrase "Just This", indicating presentation of only those facts which support the Bar objectives, and the suppression of the truth and all other evidence. A very small percentage of people understand how the system really works.

Bar Secrets: To know the bigger Secrets of The Bar, you must either be a judge, top experienced criminal lawyer, or have been victimized yourself. When a judge's son rapes and kills a little girl, someone else is proven guilty. That is how our system works, or fails to work. Detectives, expert witnesses, evidence processors, the police, prosecutors, and other folks plus lots of money go up against some poor accused person, who has no expert witnesses, no private investigator, and a lawyer with no experience. That's fair, right? To make matters worse, evidence is intentionally tampered with to get a conviction. I was a Police Detective for 8 years, and so I know. Welcome to Reality. There are a small number of persons, maybe 5%, who were innocent yet convicted because of flaws within the system. Most get convicted because of intentional misconduct within the system. I now continue with other Secrets, that are not a part of this previous article:

Social Class Secrets: There are 3 social classes, often called the Upper, Middle, and Lower Classes, but they are really the **Ruling**

Class (billionaires), **Controlling Class** (Professionals) and the **Slave Class** (everyone else). All class rank is inherited, not earned, and class changes are rare. The Ruling Class gives good jobs with high wages to the Professional or Controlling Class, plus Spirituality privileges (their blood and semen in everyone's food) in return for their keeping the Slave Class under control, dominated, kept busy, and working hard to make more money for the Ruling Class. Been this way for thousands of years.

News Media Secrets: One form of control exercised by the Controlling Class is the News Media, consisting of television news, newspapers, radio, movies, and now even things like Facebook. These media are used to keep people busy, wandering around wasting time, amused, minding their own business, and out of touch with reality. Each major city has a meeting about 1 PM every day of all the news media, usually at one of its television stations, where the group decides which 95% of the news will be kept secret, and which 5% will be broadcast and written about. I have been at many such a meeting. We will tell you about Beyonce's new dress, and the Royal Family's pet frog, but not about scandals, corruption, and political secrets. To know what is really going on, you need to be in on this meeting, or know someone who is.

Societal Secrets: Basic control over society is accomplished by two things, **housing** and **employment**. These are the things that allowed racism to flourish for centuries prior to the 1960's. Even today, people are never told that when they fill out an employment, loan, or housing application, it will be compared against all of the other forms they ever filled out in their lifetime, even the confidential government ones, and that this information will be shared with anyone who is on the "inside" of the Cabal and Bar-Mafia system. The persons who will be deciding who gets the job, loan, or housing, work for the Godfather, who runs the Secret Police of the Cabals. This is nothing new. There are also two lists, maintained by the Freemasons ever since the pyramids were being built in Egypt, called the **DNE List** and the **DNH List**. The initials stand for "**Do Not Employ**" and for "**Do Not House**". Much of

our present homeless can trace their homelessness to being on either one of these lists. The lists are used to blackball anyone who dares speak up about the wealthy mistreating everyone else, and in some case anyone even knowing about any of this. Intelligent and/or well-educated homeless need to stay well-hidden and extremely secret or we get put onto one or both of these lists, because we are not "supposed" to exist. Of the 30 to 50 persons who contribute to the [San Diego Homeless News](#), I am the only one who can be identified without being black-balled for life.

Electoral Secrets: The Ancient Greeks invented Democracy, where everyone got a vote and was told that their participation in government decisions was through their elected representatives. The elected officials were then used as Public Relations persons for the government, helping to explain why taxes will be higher and wages lower. Elections usually involved a tyrant that the wealthy liked, running against a populist, likeable liberal. Most everyone voted for the liberal, but the government counted the votes, saying their tyrant won. People were supposed to think "Maybe my fellow voters see something that I don't." The Commoners never knew that the elections were rigged, and so they obeyed the person that "they" elected. These processes continue today, where our news media are essential at making up all sorts of nonsense about elections.

Educational Secrets: Most things worth knowing cannot be proven. When you go to college, you learn that what you learned in high school was all wrong. Then, you go to Graduate School and learn that what you learned in college was all wrong, too. Finally, you get a Ph.D., and society gives you two choices: You can do government studies that "prove" whatever the government wants to be believed is true, or you can wash dishes and park cars the rest of your life. When governments and corporations pay millions of dollars to universities to prove things true or false, they had better get their money's worth. Professors are paid to create "studies" to "prove" things, that look good, and convince

not only the public, but also college students. A huge amount is not true at all, just bought and paid for. Global Warming is a good example, where the universities shout that we are all gonna die, so fork over a few million dollars for this essential research. Anyone who cannot be fired, demoted, or have their pension siezed can tell you why. John Coleman, who founded The Weather Channel, will tell you that our climate is just going back to normal, the way it has always been, save for the past few thousand years. We human apes are curious, and want proof that our beliefs are reasonable. In the end, we welcome having our heads filled with bullshit. The more of a lie that something is, the more "proof" is required to sell it as true. Most things that are true cannot be proven, or no one wants, nor will accept, any proof. Children cause divorces. Marriage itself causes divorces. Suicide is usually a good thing for the person doing it. We don't want to know any of these things. **Only the Ph.D. folks know some of this stuff for sure, and our paradigm for dealing with the real truth is at www.NZ9F.com/intelligence.**

Other Secrets: There are many more, such as government secrets, Top Secrets, and even above that such as things classified Cosmos, the inter-planetary secrets, but you go to prison for writing about these things.

Part 2 - Things taught to young Ruling Class kids

Advanced Bar Secrets: Whatever you tell your lawyer, even secretly, **MUST** be shared with the judge and all other lawyers in the case. You knew that, right? • Also, most jails and prisons are **at least** 80% innocent people. Many of them are nasty scoundrels, however. It is just the crime they were convicted of that they did not commit. They may have committed many other crimes that could not be proven. Or, not. All 80%+ are scapegoats for wealthy persons or corporations that committed crimes and needed that covered

up. Often these are property crimes. I was a scapegoat for the Heating and Air Conditioning Industry, which in the early 1980's was pressing elderly people to get a new furnace and central air, lending them the money to do that, and then foreclosing on their homes when they couldn't pay. I was convicted of that, too. Did I ever do that? I was one of the FEW who did NOT. I was the media distraction, somebody to blame. The biggest perpetrator of this form of Elderly Abuse was **NBC-RCA-Trane (Chevron-General Electric)**, which I did work for as a salesman (employee) in **San Diego** in the late 1970's. They wanted me to sell systems and "write paper" financing them. I quit as unethical. At my own heating and air conditioning company in Milwaukee, Wisconsin, 3 years later, **they used their NBC News to make it look like I was doing their scam, which I was not.** That is how jails and prisons get filled with innocent guys like myself. Small world. A subsidiary of the major news media commits a crime, and covers it up by convicting an innocent small businessman.

Part 3: College course on things taught young Ruling Class children:

The Medical Secrets

1.) Medical schools do not admit students on a basis of ability, but rather Social Rank. Certain college students in pre-med classes have the test answers in advance, for example. To get into a medical school, petition the Godfather who controls them and make a deal. If somebody is in the hospital and the Godfather wants them "whacked", you use your skills as a doctor to do that, and make sure nobody knows it was murder. This means that the Mafia does not need street hit-men with guns, as that is rather messy. They can just wait until somebody enters a hospital. Over 90% of all hospital deaths are intentional. You knew that, right?

Doctors rank very high in the Bar, as Knights, and get personal use of cocaine and unlimited

Spirituality privileges. They give a blood sample every day that is taken to the hospital kitchen. Been that way ever since the first hospital.

Nowadays, medical school students will admit that the Mafia runs the medical schools. You are safest with a physician trained outside the U.S. When business is slow, hospitals cause patients to develop diseases and complications, to stay busy, treating the problems they created. Profits first, patients second.

2.) Everyone in society eventually becomes mentally ill from all the human blood and semen added to all foods that you can buy in a supermarket, and even more blood and semen added by restaurants. To counter this, you either need to work with food yourself, and insert your DNA into the food eaten by many people (such as working as a cook or bartender) or you need to make friends with someone who handles food. You can also pay money to a Cabal to do this for you.

Eating too much DNA first makes you tend towards alcoholism, drug abuse, and difficulty concentrating (ADD, Attention Deficit Disorder), with additional problems with sleep, memory, and organizational skills. Eventually you become "All Spermed-Out", and then even "Spaced Out", finally becoming Bipolar, and if not treated, Schizophrenic.

3.) Another medical secret is that antibiotics are used by the wealthy and families of doctors a lot, but prescribed only sparingly for poor and ordinary people. There are millions of harmful bacteria not even discovered yet. They may cause MS (Multiple Sclerosis) and even Leukemia.

4.) All viruses were created in war laboratories, originally, millions or even billions of years ago, as weapons of war. The societies that created them, going back trillions of years in our 350 billion universes are usually no longer alive. Viruses mutate to other disease forms and species, and ALL Intelligent Life Forms have developed complete immunity to all viruses. Viruses only plague mere

animals, not intelligent life, and so are not considered a major threat. They are how non-intelligent societies like humans wipe out civilizations they are at war with, including being at war with their own people.

5.) Most other nations allow people from all Social Classes to become Physicians, and the governments pay for medical school. In the U.S., it is assumed that having poor folks know too much is bad for Mafia control. Any doctor ranks high enough to cause intentional deaths without prosecution. Physicians are Knights of the Bar, and hold the same rank as Judges, Bishops, Mayors, and Godfathers. All of these can kill without being prosecuted.

Part 4: College course on things taught young Ruling Class children: Medical Secrets, Continued. Circumcision, Abortion, Military Drugs.

One of the absolute worst medical procedures fraudulently stated to have benefit is the circumcision of males. A staple of Judaism for centuries, the cutting off of the tip of the male penis eliminates the primary nerve endings used in sex. The semi-castrated male can then never achieve complete sexual satisfaction, only orgasm, due to the nerves to accomplish further satisfaction having been cut off. It is not analogous to the removal of the female clitoris, done (in history) by many Native American tribes to baby girls, but is akin to the removal of the female g-spot. All partial castrations, be they Jewish or Native American, go back to trying to interest citizens in hard work instead of sex. Often the altered citizens find drugs, alcohol, overeating, or even murder, instead of finding hard work, as a substitute for the complete sexual satisfaction they will never get. Men who are circumcised usually also develop Erectile Dysfunction later in life, often not treatable with ED drugs, which breaks up families and relationships. Circumcision is thought to play a role in 20% of all male suicides, and it does permit both anal sex and rape, which may otherwise be too painful, as the foreskin is very sensitive.

Abortion: Herbs to cause a woman to get un-pregnant easily have been around for thousands of years and kept secret. This topic is covered in the May 1 Edition of the San Diego Homeless News, under “News Media News”. The news media have helped keep this a secret.

Military Control Drugs exist, used in a lot of food, especially that given to the military as chow. Agencies that feed the poor often have deals with the military to give “Spirituality” privileges to officers (meaning their blood and semen in the food given to the poor) in return for being supplied RH-7 and M-48J, substances used by the military to force conformity of beliefs, obedience, similar. The actual names of these drugs have been changed, to avoid violation of OSA, the Official Secrets Act. They were developed in Israel in the 1960’s, and joined the insecticide Fluoride, also in use at that time.
