YOUR RIGHTS:

OVERNIGHT LAW: You have a **RIGHT** to sleep **undisturbed** overnight (9 PM to 6 AM) on **City** Property, because the homeless problem **was proven in court to be the fault of the City entirely**. Make sure you are on **City**, and not **County, State, or Private** property. Sidewalks near County buildings such as the jail and courthouse are County, and you go to jail. **DAYTIME LAWS:** The Daytime "Illegal Lodging", "Must Leave", "Cannot Return", etc. Ordinances are also not valid, so get a ticket and then contact one of our Approved law firms to get it taken care of.

WARNING: DO NOT TAKE THESE TO A LAW CLINIC! Do not try to handle this yourself or at a law clinic, as you may be lied to and could be sent to Homeless Court. Many of the local lawyers are secretly agents of the City, and will not allow you to get any rights.

YOUR RIGHT TO PARK AN AUTO, BUS, TRUCK, CAMPER OR RV OVERNIGHT & SLEEP IN IT:

The Federal Courts have ruled you have a right to sleep in your vehicle, 24 hours, overturning a San Diego law against that, and you have a right to park overnight, also overturning a different San Diego law. So far, San Diego has NOT been compliant with these Federal Court Orders. The Godfather ordered the San Diego News Media not to say anything about any of this.

PLASMA DONORS: \$100 a week for two hours time, www.DonatePlasmaNow.com.

FREE BUS PASSES and \$200 a month EBT: For those who are NOT disabled, but qualify for Food Stamps, also known as CalFresh, SNAP, and EBT. See your County Health and Human Services worker, and say you need a bus pass to look for a job. You must FIND a job, or work 6 hours a week to pay for your \$200 EBT, which you will also get.

NEW STORAGE FACILITY: Girls Think Tank Storage Facility at 252 16th St. is now full. We are in the process of trying to fix that problem. See www.GirlsThinkTank.Org.

LAW CLINIC WARNING: Many of the lawyers in San Diego will mislead you when helping you, because they are part of the City Cabal, a Secret Conspiracy Group, and one of millions of such groups that control society. Do not automatically believe lawyers, many of whom will try to get you to pay them money out of your disability check, or plead guilty to laws that are not valid to begin with, or use the Homeless Court.

The **ONLY** lawyers that we approve for **Homeless Law** are the **Cory Briggs Law Firm**, <http://www.briggslawcorp.com/default.aspx>, **The Robert Scott Dreher Law Firm**, <http://members.calbar.ca.gov/fal/Member/Detail/120527>, **The Cohelan, Khoury, and Singer Law Group**, <http://ckslaw.com/>, and

The Michael Aguirre and Severson Law Firm, <http://www.amslawyers.com/Attorneys/Michael-J-Aguirre.shtml> **Anything that is a ticket, citation, or other violation or concern as a HOMELESS issue must ONLY go to these experts!**

DO NOT BE A SUCKER!

WHY SO MANY HOMELESS? The Mafia runs Real Estate in San Diego, much like it runs the Drug Cartels in Mexico. Owners of apartment buildings are FORCED to charge super-high rent prices or get their legs broken. Sorry, but this is not an exaggeration. **Gangsters in the Real Estate MOB** are why you cannot earn enough money to have housing. That is why you are homeless. The news media are owned by the same gangsters, who fill peoples' heads with all that "Homeless are Lazy or Crazy" bullshit that we hear all the time. The **Genovese Organized Crime Syndicate** controls all real estate rental and sales here, and their **Downtown Partnership (Clean & Safe)**. Contact our above lawyers if you have been harassed, forced to move, beaten up, or intimidated by these gangster thugs called "Safety Ambassadors" downtown.

ELECTIONS FRAUD: The San Diego County Registrar of Voters, Michael Vu, was involved in Electoral Fraud in Cuyahoga County, Ohio. Ray Lutz, on Facebook, is trying to establish a citizen committee that monitors elections for fairness.

CABALS: Since poor people are never told what a Cabal is, I need to cover this so that they can understand: Politics in San Diego is primarily committed by the Cabals. These are **secret conspiracy groups** that run everything: Banks, Universities, Corporations, Schools, Governments, Nonprofits, Churches, Hospitals, Courts, Police, and even more. The primary conspiracy that Cabals engage in is to add their blood and semen to the food that is eaten by everyone, in order to control them. They run the News Media, too, which is another method of control that is used. It has been this way for thousands of years, so this is nothing new, and poor people know nothing about it. The collection of Cabals, loyal to the **Bar Association** and its **Nazi Knights Templar of the Freemasons** (the Pharistocracy) is sometimes referred to as the Mafia, or the MOB. There are divisions of this same group that fix elections, rig juries, sell dope, kill by contract, price-fix real estate, and run TV stations. Welcome to reality. The Cabals addict members to "love" or "Spirituality", to make them obey.

SPIRITUALITY: Spirituality is a medical term, not a religious one, and refers to control or hypnosis via secretly feeding your blood or semen to someone. It can be used to break the thought train of a person, make it impossible for them to concentrate, even make them look mentally ill or judgmentally compromised. It is often used in courtrooms to interfere with a Defendant getting a fair trial, or to make a witness who is telling the truth appear to be a liar.

MENTAL HEALTH ABUSES: Often the poor and homeless are given drugs to make them mentally ill, and then "treated" to make them shut up, veg out, and become a big blob of nothing. This is

mind-control.

POISONED FOOD WARNING • AND • MIND

CONTROL WARNING: All the free food contains mountains of **control-dope** to hypnotize you and make you shut up, stop complaining, obey, mind your own business, and believe whatever bullshit the government says on TV and in person. The military uses so much of this stuff that they have soldiers committing suicide, one of the problems with using too much blood, semen, Rohypnal, and fluoride. They need to make sure that soldiers follow orders. It takes 3 months to get it out of your body, and causes hundreds of different problems. See NZ9F.com/Gnosis, or the complete story in Package A, a university course at www.NZ9F.com/PDF.

CIA AND FACEBOOK: Social Networking sites are controlled by military software, and Navy CIA is currently over a million fake “people” on Facebook.

FINDING RESOURCES: Our homeless-owned website at www.NZ9F.com has icons that you can click on for food pantries, meals, shelters, meetings, news, and even college courses in homelessness. Nowadays, you use a computer to find these, and libraries will teach you. Applying for jobs is done by computer too. Computers let you watch TV, read your e-mail and play movies, which the library has, free. Libraries have toilets and water, and the Downtown Library is on the northeast corner of the Petco Park complex. If our website at www.NZ9F.com is blocked as “Adult”, have the librarian unblock it. There is no porn, just adult discussions of topics.

SSI BENEFITS: Everyone qualifies, unless you get Unemployment, have a good-paying job, or have over \$2,000 in the bank. \$960 a month, which includes your \$200 EBT-SNAP money, and they want some story about alcohol, drugs, or mental illness, to avoid admitting that Economic Repression is the cause.

BANKS, SERVICE CHARGES: Never pay a fee for a debit card, bank account, or ATM charges. See any Credit Union for free services.

www.NZ9F.com/D/CU.

OFFENDERS: Ask your Parole Agent about going back to prison, so you then have a bed, blanket, shower, toilet, food, clothing, laundry services, and much more. In the meantime, a list of ALL the big companies that hire those with a criminal record appears at www.NZ9F.com/E, bottom of the page. Small businesses also hire offenders (not listed).

SEX HOUSING: Many women (about 22,000 in San Diego) trade sex for a place to live, usually in the Beaches and La Jolla, where one wealthy man has as many as 35 women living with him. If you are interested, see the taverns of Pacific Beach, weekend evenings, and ask around.

EMERGENCY HOUSING: Tijuana has apartments as low as \$2 a night, and hotels as low as \$6 per night, and you no longer need a passport to cross the border or get back. Have some form of picture ID issued by a unit of government. Free San Diego County Homeless ID cards at Neil Good, 299 17th St.

SEX: Never commit suicide just because you do not get any sex. Prostitution is legal in Tijuana, and you can get one hour of sex with a beautiful 20-year-old for as low as \$8, plus \$4 and up for the hotel room. Zona Norte, the Red Light District, is one block north and one block west of the downtown Arch. Union Prostitutes are far more expensive, \$40 for a half-hour, but are top shelf, and many are fashion models. Try Adelita’s Bar or the Hong Kong Club, on Coahuila St. (Street number zero.) Legal prostitutes are inspected for disease, licensed, and many accept credit cards.

DRUGS: Tijuana has all drugs legal, if the amount you possess is too small to indicate that you might be selling dope. Be extremely careful not to sell, import, export, or give away any dope. Even handing someone a joynit who turns out to be an undercover cop can get you 15 years in a Mexican prison, with no lawyer nor trial.

CELL PHONES: California Lifeline has free cell phones, PO Box 8417, Westminster, CA 92684, NO telephone access, cpuc.ca.gov/PUC/Telco/Public+Programs/ulths.htm US government also has free cell phones cpuc.ca.gov/PUC/Telco/Public+Programs/fedlifeline_wireless.htm You can call to sign up: Cricket, 1-800-975-3708 • Nexus - ReachOut, 1-877-777-1914 • Virgin Mobile - Assurance, 1-888-898-4888, will NOT allow PO Boxes • Telscape, 1-800-835-7227.
