Asked why Australia has been so successful at avoiding the Economic Recession, one man said that it is because they refuse to listen to fat-ass Americans. (true story) Occupy Melbourne got laws past guaranteeing all a job at \$17 an hour, \$700 a week, and their prices are lower than here. No immigrants.

The Downtown Storage Area, operated by Girls Think Tank (GTT) must move by early in January. • All tent shelters, both the Barrio Logan general shelter and the Midway Area veterans shelter must close by March 31. • All shelters are accessed by calling "211" from any phone. • The Mayors Office Advisors assisting the homeless under Mayor Filner have been terminated by Interim Mayor Todd Gloria, leading to many homeless now lacking help from the City. • The Mayoral election is in February. • In the absence of Mayor Filner, police have again been out of control and so have Transit Security and Private Security. • The Point-In-Time Count is January 24 this coming year. Last year's count was over 50% off because of leaflets printed by the Lincoln Club and distributed by the College Republicans advising homeless to temporarily be somewhere else, well-hidden, to avoid police arrest on that day, the count day, to avoid a long prison term. • The toilets on 17th and Island are supposed to be moved to 14th and Imperial, although the Downtown Partnership (Clean and Safe) is objecting to all locations. **How about a Class Action Suit giving homeless the right to excrete wastes anywhere Downtown, in full view of the public, until the City puts in more toilets? •**

Our Biggest Problems

Storage, Transportation, Spirituality, Harassment

Efforts are ongoing to deal with these. The Downtown Partnership (Clean and Safe) is supposedly here to deal with the homeless. Let us get their help. Their meetings are, per their website, as follows: The Downtown Property Business Improvement District (PBID) Board meets on the second Tuesday of every month, except December and August, at 3:00pm at 401 B Street, Suite 100. There is an opportunity for public comment at the beginning of every meeting where members of the public are free to share your thoughts with the Board. See their latest scam, below:

Beware of Scams!

This fake parking meter has people believing that they can help the homeless by "donating" to it instead of to the homeless directly. Instead, the money goes to the Downtown Partnership, to help pay for their people who harass the homeless.

Mexico City Update: One week later, the riots continue, and still kept out of the news media. Many websites and Facebook sites were shut down, to avoid updates. The people are complaining that 70% voted for the Socialist Labor Party (PRZ), slogan "Death to American Imperialism!", 20% for the United States Democratic Party of Mexico (PAN), and only 10% for the United States Republican Party of Mexico (PRI), yet the PRI was declared the winner.
